

The following is the current inventory of community groups that we have engaged either by providing an informational e-mail detailing the various outlets available to provide input, attending previously scheduled meetings, or in some cases, providing a separate meeting. Stakeholder groups who would like to conduct their own meetings to provide the City with input on the questions the we are asking are welcomed to do so. This inventory list will be updated weekly. If you are interested in adding a group to this inventory list that has not been contacted, please contact Deanna Santana at 408-535-8280 or deanna.santana@sanjoseca.gov.
