CITY OF SAN JOSE
CAPITAL OF SILICON VALLEY

Memorandum

TO: TRANSPORTATION & ENVIRONMENT COMMITTEE

FROM: Angel Rios, Jr.

SUBJECT: **TRAIL NETWORK DEVELOPMENT REPORT**

DATE: 03-19-15

Approved D. DSyL Date 3/25/15

RECOMMENDATION

Receive staff report on trail network development.

BACKGROUND

The City Council-approved Greenprint (2009 update) defines a 100-mile network as part of the City's 20-year strategic plan for parks, recreational facilities and programs. The City's General Plan (Envision San José General Plan) references the trail network as part of a balanced transportation system. The City's Green Vision seeks completion of the trail network by 2022 as part of a 15-year plan for economic growth, environmental sustainability, and an enhanced quality of life for its community. The City's Bike Plan 2020 defines a 500-mile plan for bicycling facilities that includes 100 miles of trails and 400 miles of on-street bikeways.

Trail Program staff will provide an update on development efforts:
- Major projects being designed, constructed or recently completed.
- Secured grant funding and pending grant applications.
- Recent awards and accomplishments.
- Trail Count 2014 findings.
- Trail Program Strategic Plan update.

Staff from the Department of Transportation will attend the meeting and present an annual progress report on the Bike Plan and be available for questions.
