SUBJECT: STREET RENAMING OF ATMEL WAY TO ORCHARD PLACE (FILE NO. ST14-004)

RECOMMENDATION:

Adopt a resolution to rename Atmel Way, a public street, to Orchard Place.

BASIS FOR RECOMMENDATION:

On October 9, 2014, Dean Rubinson, on behalf of Ellis Partners, LLC, submitted an application to rename the public street Atmel Way to Orchard Place. This public street was previously named after the prior property owner, Atmel Corporation, who no longer owns the property. Ellis Partners, LLC, the new property owner, together with the only adjacent owner, Legacy Partners Commercial, Inc., request the name change for easier communication and for facilitating future industrial development. The new street name would be more significant to the future tenants and would better correlate to the Orchard Parkway corridor that is gaining prominence in the Research and Development community. Orchard Place has been approved by Santa Clara County Communications, which includes City's emergency services, and the United States Post Office.

An on-site sign was posted notifying the public of the proposal and identifying how to obtain additional information or submit comments. No public comments in opposition were received. No community meeting was held, as deemed unnecessary by the Director of Planning, per City Council Policy 6-5: Street Naming and Renaming.

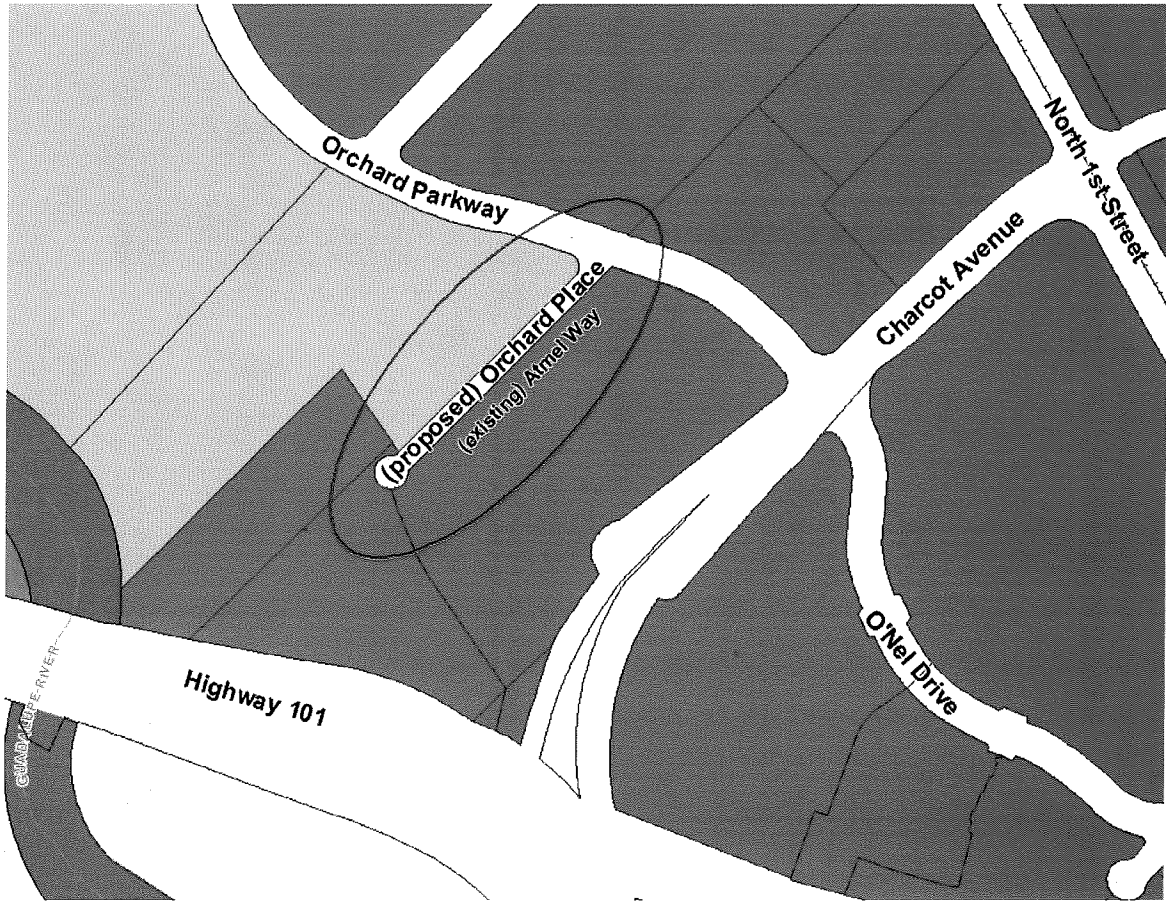

Outcome: Upon approval, Atmel Way will be renamed to Orchard Place.

COST AND FUNDING SOURCE:

There is no cost associated with this action.
