

# They look to you for help.

**DID YOU KNOW** that many homeless animals arrive at the San Jose Animal Care Center in desperate need of medical treatment? Many have broken bones from being hit by cars or serious wounds from being attacked by other animals. Older animals often suffer from decaying and infected teeth, making eating painful. These animals would not have a chance at a new life if it weren't for "Guardian Angels" like you who donate funds and make medical treatment an option. Your generosity makes surgery, recovery and a new life for these former "throw-aways" possible. Thank you!

*Julie St. Gregory*
