

Rebuttal to argument against Measure F

Measure F enables ***the San Jose Police Department to attract more officers to patrol our neighborhoods, investigate violent crimes, and respond to 911 calls.*** "Police staffing is at a crisis level. We need Measure F to replace the 500 officers San Jose has lost since 2008", says Police Chief Eddie Garcia.

Measure F safeguards disability protections for police officers and firefighters injured in the line of duty. It reflects a consensus agreement supported by a diverse coalition of community leaders and city employees focused on making ***San José safer and more financially sustainable.***

Now it is time to put politics aside and unite behind a fair resolution that saves taxpayer dollars while ensuring our city can attract and retain police officers and firefighters to make our neighborhoods safer.

Five past and current mayors, spanning from Norm Mineta to Chuck Reed to Sam Liccardo, have joined ***fire fighters and police officers*** in support of Measure F because it makes San Jose safer while protecting taxpayers.

The City's Budget Director and an outside actuary have concluded that Measure F and the related agreement with police officers, fire fighters and other city employees will secure \$40 million in taxpayer savings in its first year alone, with savings projected to grow each following year.

A remarkable coalition of fire fighters, police officers, local businesses and neighborhood leaders support Measure F because it will restore safety to San Jose.

Yes on F –for a Safer San Jose.
