## **Statement from Mayor Liccardo and Vice Mayor Carrasco re: City Audit of the San Jose Police Activities League**

*Mayor Liccardo and Vice Mayor Carrasco have released the following statement regarding a recent City Audit of the San Jose Police Athletics League, an independent 501c3 non-profit that helps administer the City's Police Athletics League stadium.*

“We appreciate the City Auditor’s thorough report, and in anticipation of some of the issues raised in the audit, the City has already begun to fix many of the problems that were discovered. We look forward to working with the Police Department and community partners to come up with a better model for administering PAL stadium and related programs, so that future generations of San Jose youth can continue to benefit from the wide array of impactful PAL activities offered in our community.”
