United States  
**Census**  
2020

# Why is the 2020 Census important?

**We need to count everyone living in San José to receive federal money** for programs that support education, housing, transportation, emergency disaster relief and much more. For every person not counted, the City loses almost \$2,000 annually for the next 10 years.

**We could lose a seat in the U.S. Congress** if everyone is not counted.

## The count starts with you!

- Get a job with the Census Bureau or share job opportunities with others.
- Talk to your family and friends about the importance of the Census.
- On Census Day (April 1, 2020) – complete the census and encourage others to do the same.

*Remember, your information is confidential. By law, the U.S. Census Bureau **cannot share** your census responses with anyone, including the Federal Bureau of Investigation (FBI), Central Intelligence Agency (CIA), Department of Homeland Security (DHS), U.S. Immigration and Customs Enforcement (ICE), local authorities or any other government agency.*
