NOTICE TO THE PUBLIC

Good evening, my name is Clark Williams and I am the Chair of the Appeals Hearing Board. On behalf of the entire Board, I would like to welcome you to the Appeals Hearing Board meeting of April 9, 2009.

When addressing the Board, you will first need to identify yourself and state your address for our records. Then you will be sworn in.

The procedure for this hearing is as follows:

- The Board Secretary will take roll, after the Chair has read the opening remarks. The board will then conduct a vote on the approval of minutes from the meeting of March 26, 2009.
- City staff will present testimony on the City's case for each item.
- After City staff's testimony the property owner or his/her representative will give testimony. Then the Board will hear testimony from other interested parties. All items submitted to the Board will be retained as evidence. We urge witnesses to testify only on those issues raised by the administrative action.
- Board members frequently ask questions. Please try to answer the questions directly.
- After the testimony the public hearing will be closed and the Appeals Hearing Board will take action on the item.
- Copies of the agenda have been placed on the table near the door for your convenience. A complete packet of the documents pertaining to the items on tonight's agenda is available to review on the desk by the Commission Secretary.
- Please turn off cell phones and pagers.

Board Mission Statement: To have a fair and objective hearing to determine violations, encourage compliance, and to hear all appeals delegated by City Council for City Administrative Action by considering all evidence presented and making an appropriate ruling based on Code for the purpose of maintaining and improving the quality of life in San Jose.

To request an accommodation or alternative format for City-sponsored meetings, events or printed materials, please call (Sandy Bouja at 408-277-8428) or 408-294-9337 (TTY) as soon as possible, but at least three business days before the meeting/event.
