

# Do you know where your recyclables go?

## Take a Materials Recovery Facility Tour!

EVERY WEEK YOUR RECYCLABLES GET PICKED UP WITH YOUR GARBAGE. But while garbage is taken to a landfill, recyclables have a very different destination: a Materials Recovery Facility.

Do you want to know how these recyclables are separated and converted into new products?

### Take a tour of a Materials Recovery Facility.

Watch and learn how paper, plastic, glass and other recyclables are sorted and processed before being used to make new products, including park benches, fleece clothing, toys, and much more.

Call one of the following haulers to schedule a tour or request a classroom presentation on recycling.

**California Waste Solutions**  
Phone: (408) 213-7800 x334  
Email: [tours@calwaste.com](mailto:tours@calwaste.com)  
[www.calwaste.com](http://www.calwaste.com)  
Tours available Mon-Fri  
by appointment only.

**GreenTeam San José**  
Phone: (408) 282-4400  
[www.greenteam.com](http://www.greenteam.com)
