SUBJECT: Annual Report Submittals
NPDES Permit No. CA0037842, Order Number R2 2003-0085

Dear Mr. Wolfe:

The Clean Bay Strategy is submitted in fulfillment of San Jose/Santa Clara Water Pollution Control Plant NPDES permit required annual reports regarding Plant flow monitoring and pollution prevention activities. This report includes the following:

- South Bay Action Plan. A summary of flow monitoring and required Plant annual update reports for 2008. The report fulfills annual reporting under NPDES permit provisions E.11, E.17, E.18, and E.19.
- The Annual Pollution Prevention Report. An annual update on efforts to minimize the Plant's discharge of priority pollutants, such as copper; nickel; mercury; cyanide; and fats, oils, and grease (FOG), as required by NPDES permit provision E.7.

If you desire more information on programs summarized in the Annual Pollution Prevention Report, please contact Sharon Newton at (408) 277-5695. For questions regarding the South Bay Action Plan, call David Tucker at (408) 945-5316.

Sincerely,

John Stufflebean
Director
