

PROJECT: SNI GE06: Gateway East Storm Drainage Improvement

General Description: There have been requests from Strong Neighborhoods Initiative representatives to address the lack of storm sewer improvements on Whitton Ave. between King Rd. and 33rd St. The Improvements will direct storm water runoff into drainage facilities and address the severe ponding issues in the area.

The scope of the project includes the Installation of 600 linear feet 18-inch main, 360 linear feet of 15-inch main, four storm manholes and six inlets and removal of a valley gutter.

Cost: \$350,000 Construction (estimate)

Schedule:	March 2011	Design Completion
	April 2011	Contract Award
	July 2011	Construction Start
	November 2011	Beneficial Use

Existing Conditions

Project Location: Whitton Ave. between King Rd. and 33rd St.
