

PROJECT: Paul Moore Park Youth & Tot Lot Renovation

General Description: Paul Moore Park is an 8-acre park with various recreational amenities which serve the neighborhood. Among these amenities are a youth lot and a tot lot which have old play equipment and are in need of updating. In addition, the City wishes to upgrade both play areas to be universally accessible thereby providing more play opportunities to meet all children's needs. The City is soliciting bids for the construction renovation of the play areas.

Total Project Cost: \$924,000

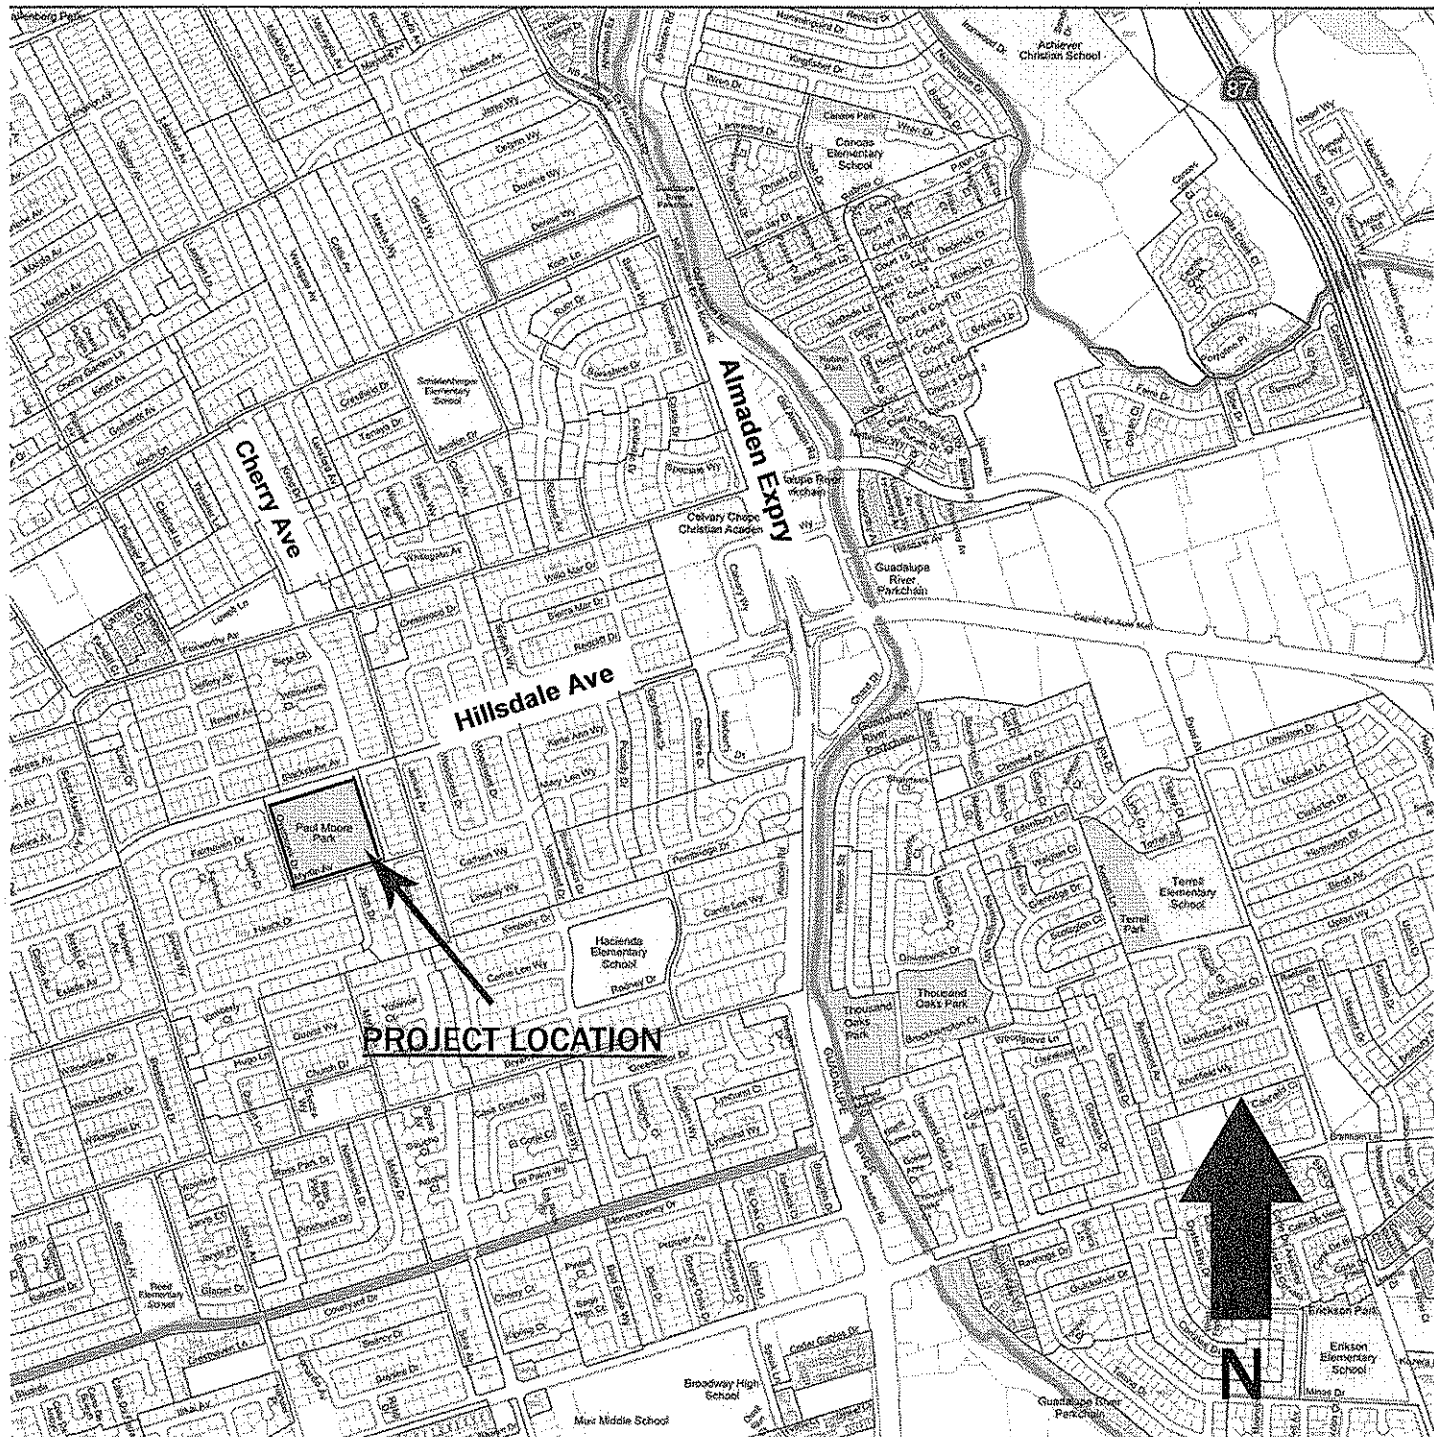

Schedule: The project is approaching design completion and is pending further study of the resilient rubber tiles proposed for the play area surfacing.
