This brochure describes the City’s required process for temporary trail closures required for construction or maintenance.

**Trail Network Overview**

The City of San Jose is actively developing a network of trails. As envisioned by the Greenprint (20-year strategic plan), the network will be over 100 miles and include over 30 systems along rivers, creeks and overland areas.

Nearly 40 miles of trails already exist and are used daily by residents and visitors. The City considers trails as important as roads and sidewalk because of commute and recreational uses.

The City requires that trail users be provided with advance notice, standardized closure signs, and reasonable detours in the event of a closure.

**Intended Audience**

This brochure provides guidance for two audiences:

- Contractors working in San Jose who have obtained all necessary permits for work within the City.
- Contractors working for other agencies on projects that may impact a City trail.

**Web Site Resources**

- Click on Contractor Resources at [www.sjparks.org/trails](http://www.sjparks.org/trails) for:
  - Maps of all existing trails
  - Current Trail Closures
  - Closure process in detail

Expectations

The trail network plays an important role in the lives of many area residents. The City expects adherence to the Closure Process by all contractors, agencies and other parties that may require a temporary closure.

We require:
1. Early coordination
2. Public Information
3. Posting Signs

TRAIL Closure Process

Required Steps

1. Indicate trail on projects plans, limits of closed, detour signs, and schedule. Short-term closures should avoid holidays, weekends and commute hours.

2. Submit plans per the “Routing Plans” table below.

3. Upon approval, contact the Trail Program Manager with closure information for posting. See “More Information”.

4. Install notice and detour signs at least two weeks before closure.

5. Notify Trail Program Manager of any closure and/or detour changes for Web Site posting.

Routing Plans

<table>
<thead>
<tr>
<th>Agency seeking to close trail</th>
<th>Reviewing City Department</th>
</tr>
</thead>
<tbody>
<tr>
<td>Caltrans, VTA or its contractor</td>
<td>Transportation</td>
</tr>
<tr>
<td>Local agency or its contract</td>
<td>Public Works, Utilities Group</td>
</tr>
<tr>
<td>Private Development</td>
<td>Public Works, Development Services Division</td>
</tr>
</tbody>
</table>

Recommended Steps

1. Submit closure information to the Trail Program Manager for informational purposes if closing a trail outside of the City but leading to the Trail Network.

2. Attend project-appropriate coordination meetings:
   - Utility Coordination Meeting
   - Downtown Construction Coordination Meeting (monthly)
   - See Web Site for schedules.

3. When submitting closure plan to City, include:
   - Detailed signage plan
   - Closure schedule
   - Contractor contact information
