Hi John-

Please see attached. The City's vacancy rate as of June 30, 2023, was 12.3% with 798.28 vacant FTEs. Please note that this is the figure the City will be reporting when asked for its vacancy rate.

Thanks,  
Burke

**CAUTION: Email from external sender.**

Burke,

This response states that between April 1, 2023, and May 31, 2023 (a period of two months), the city has hired 239 benefited, budgeted positions and 369 not benefited and/or budgeted positions, a total of 608 hires. Please provide a list of each of these hires, including the following:

- Employee name
- Job title
- Department
- Bargaining unit
- FTE status
- Whether the position is temporary or limited duration
- Whether the position is a retiree rehire
- Date of hire

You also stated that a current vacancy list as of July 13, 2023, would not be available until August due to a lag in data collection. Please provide the most current data current available, which, given the month lag time, should be as of the end of June 2023.

Thank you,

---

**Subject:** RE: Union Information Request

Hi John-

1. **On May 29<sup>th</sup>, the unions were provided with a list of all vacant positions and their associated costs, which is attached. According to the correspondence we received from management at the time (also attached), this list was current as of April 18, 2023. That list contained 1,003 individual positions (not on an FTE basis). The list just provided to both Local 21 and MEF with 860.3 FTE vacant positions is reportedly from May 2023, just one month later. Please provide us with an explanation of the discrepancy between the two lists, including how many positions were deleted, frozen, or filled between April and May of 2023.**

Due to MEF and IFPTE's insistence on receiving budgeted rates for vacancies, the City's Budget Office provided their most up to date information at that time, as budgeted rates are not included in the City's HRIS. The vacancy data provided to IFPTE and MEF on May 29, 2023, which the City indicated and MEF acknowledged above was as of April 18, 2023, reflected 982.5 FTEs of vacancies; however:

1. We have highlighted 3 rows in red for permanent budgeted positions that were deleted before the end of April 2023, which comprised 2.0 budgeted FTEs.
2. We have highlighted 2 rows of part-time unbenefited classifications that reflect hours worked by incumbents in those classifications and are not a headcount, and reflected 0.5 budgeted FTEs.
3. There are 63 POA-represented positions on this list that are not truly vacant. 63 vacant sworn police positions in the Budget Office's data are actually being backfilled by incumbents in the Police Recruit and other sworn classifications who were in overstrength positions as of April 18, 2023.

When you subtract those 65.5 FTE (2.0 FTE + 0.5FTE + 63 FTE) from the 982.5 vacant FTEs as of April 18, 2023, you are left with 917 vacant FTEs as of April 18, 2023. The City's data for May 2023 showing 860 vacant FTEs, which was provided last week, is as of May 31, 2023, which was approximately 6 weeks after the April 18, 2023, dataset. The City does not yet have finalized data as of June 30, 2023.

Per your request above and per the data that the City had on June 17, 2023, since April 2023, 7 budgeted positions have been deleted, of which 3 permanent positions were referenced above and the remaining 4 were limited duration (not

permanent). Another 29 temporary unbudgeted overstrength positions have been deleted. The City has not frozen a position since the summer of 2021. Between April 1, 2023, and May 31, 2023, there have been 239 hires into benefited budgeted positions, and 369 hires into positions that are not benefited and/or budgeted.

2. **As the list of vacancies provided today from May of this year, please provide a current list as of July 13, 2023, as requested yesterday.**

As MEF and IFPTE are aware, to determine whether a vacancy exists an agency must have all separation information. Notices of Separation are not always received the same day or even the same pay period as the resignation. As such, a list of vacancies as of July 13, 2023, will likely not be available until sometime in August 2023. Please let us know if you would still like that information when it becomes available.

3. **Please provide the number of employee separations since May of this year.**

Per the data that the City had on June 17, 2023, between May 1, 2023, and June 30, 2023, there were 59 separations among benefited budgeted positions, and 42 separations among positions that are not benefited and/or budgeted.

4. **Please provide an update or the information requested on Tuesday the**

The City is unable to respond to this as you do not appear to have completed this request.

Thanks,  
Burke

**Subject:** RE: Union Information Request

**CAUTION: Email from external sender.**

Thank you.

The City is, in fact, using “FTE Equivalencies,” not actual vacancies. However, that fact and the fact that this list is from May is failing to make it into your fact sheet and statements to the media. The City’s list clearly shows 872 vacant positions. Please ensure you make that distinction moving forward – we will.

In response to correspondence we have received from your team and information management has been distributing to the press, we are requesting the following items of information. Given the urgency of this matter, we are asking to receive this information by Monday:

- 1) On May 29<sup>th</sup>, the unions were provided with a list of all vacant positions and their associated costs, which is attached. According to the correspondence we received from management at the time (also attached), this list was current as of April 18, 2023. That list contained 1,003 individual positions (not on an FTE basis). The list just

provided to both Local 21 and MEF with 860.3 FTE vacant positions is reportedly from May 2023, just one month later. Please provide us with an explanation of the discrepancy between the two lists, including how many positions were deleted, frozen, or filled between April and May of 2023.

- 2) As the list of vacancies provided today from May of this year, please provide a current list as of July 13, 2023, as requested yesterday.
- 3) Please provide the number of employee separations since May of this year.
- 4) Please provide an update or the information requested on Tuesday the

John-

It is not inaccurate or misleading. We will get you this information on Monday.

What is inaccurate is your Twitter post on the HR Deputy Director recruitment. That is a brand new position added in this year's budget.

Hello,

Since the Union has not heard back on this urgent request, we will begin informing press and media outlets in our conversations that they can use our attached list provided to the Union(s) by the City on May 29<sup>th</sup>, 2023 and that the City has ignored our requests for additional information and that we believe the 860 number the Mayor and City have been using to be inaccurate or intentionally misleading. We'll also remind them to ask the City for a list of vacancies for themselves or for it to include all vacant positions and not just "FTE equivalencies."

Burke,

On May 29<sup>th</sup>, we received "Attachment C" (attached) showing the City's vacancies by position and their budgeted total compensation amounts. Please send immediately send the Union the current, as of today, 7/13/2023, number of vacancies in the City. Listing each by name and their calculated budgeted rate. The City is now stating publicly that the number of vacant positions is 860 positions despite not providing the list of vacancies to the Union or the media and is accusing the Union(s) of providing inaccurate information to media outlets. According to the City, you have this information readily available, so please send it to the Union by noon tomorrow.
