SENT TO COUNCIL: MAR 14 2011

City Manager's Office

Memorandum

TO: HONORABLE MAYOR AND
CITY COUNCIL

FROM: Ashwini Kantak

SUBJECT: SEE BELOW

DATE: 3-10-11

Approved

Date 3/11/11

INFORMATION

SUBJECT: MARCH 2011 UPDATE ON CITY RECOVERY ACT EFFORTS

Last month marked the two year anniversary of the American Recovery and Reinvestment Act of 2009 (Recovery Act). During the two years since its passage, City staff have been successful in securing nearly \$110 million in Recovery Act funds through a combination of formula and competitive allocations to support a wide variety of projects—from repaving City streets, to investing in energy efficiency and renewable energy, fighting crime, expanding recycled water infrastructure, providing affordable housing, and offering job training for youths and adults.

With the majority of Recovery Act funds having been allocated to states, local governments and other funding recipients, the current focus for federal funding agencies is to ensure timely implementation of the many projects and programs that are being funded by the Recovery Act. To date, the City has expended over \$50 million dollars on Recovery Act activities and created 870 jobs.

This information memorandum provides a comprehensive update on the continuing efforts by City staff to implement projects and programs funded by the Recovery Act, while also meeting the ongoing reporting requirements set forth by the federal government. The City's Recovery Act Coordination Team, which is comprised of program leads from different City departments and the City Auditor's Office, continues to work collaboratively to ensure proper funding and implementation coordination between City departments, as well as compliance with Recovery Act requirements.

QUARTERLY REPORTING

We are pleased to inform the Council that the City successfully met the sixth reporting deadline mandated by the Recovery Act. As the Council is aware, recipients of Recovery Act funds are required to report quarterly on the use of Recovery Act funds, and provide detailed information on

funds received and expended, projects status and activities, and number of jobs created (based on the OMB calculation methodology).

Attachment A reflects activity information reported to Federal, State and County agencies for the reporting quarter ending December 31st. Exhibit 1 reflects activity reported through the Federal web-based reporting system, FederalReporting.gov, for active Recovery Act projects in which the City receives funds directly from federal funding agencies, while Exhibit 2 reflects activity reported for active Recovery Act projects in which funds are passed through the State of California or Santa Clara County. For these programs, the City does not report expenditures or project data directly to FederalReporting.gov, but instead, complies with State or County reporting requirements.

As highlighted in our previous Recovery Act update reports, City staff has hosted meetings with representatives from a variety of federal, state and local agencies to review implementation of Recovery Act programs in San José. Funding agencies will likely continue to focus their attention on ensuring that recipients are moving forward expeditiously with implementing Recovery Act projects and, as such, may schedule additional meetings with recipients such as San José in the near future. We will continue to keep the Council apprised of upcoming audit visits that review Recovery Act implementation in San José.

PROGRAM UPDATES

The following are brief highlights of key accomplishments and recent activities in each of the City Recovery Act Program Areas. Attachment B provides a comprehensive list of City of San José projects that have been approved to receive Recovery Act funds.

Aviation (Estimated Recovery Act Funds - \$26.1 million): Funds are being used to implement passenger safety improvements at Mineta San José International Airport, from taxiway improvements to the installation of state-of-the-art baggage screening equipment.

Key Accomplishments:

- Completed construction on two airport taxiway extensions that provide an alternative route for arriving and departing flight traffic.
- Completed installation of state-of-the-art baggage explosive detection systems for the Airport's new Terminal B.

Recent Activities:

Staff have been working closely with the Federal Aviation Administration and Transportation Security Administration to begin project close-out and financial reconciliation for both projects.

Economic/Workforce (Estimated Recovery Act Funds - \$16.1 million): Funds are being used by work2future to provide a variety of support services, including occupational skills training, job readiness workshops, as well as placement and counseling services to adult and dislocated workers. In addition, Recovery Act funds helped to support summer work experience programs for eligible youth clients.

Key Accomplishments:

- Completed two Summer Youth Employment Programs in 2009 and 2010, which enabled over 1,000 low-income youth participants between the ages of 15 and 24 to earn \$3.6 million in wages.
- Enrolled approximately 10,000 Adult and Dislocated Worker clients during fiscal year 2009-2010.
- Partnered with the Santa Clara County Social Services Agency to provide a work experience program for youth between the ages of 15 and 17 last summer.
- Implemented a Green Cadre program in 2010, which provided low income youth between the ages of 18 and 24 with industry-recognized certifications and internships in the clean energy and green sectors.

Recent Activities:

Work2future has been utilizing Rapid Response funds to outreach to various employers that are planning employee layoffs, as well as conduct informational workshops to workers who may be subject to layoff. These workshops have been focused on informing workers of the many services that are available to them through work2future. Funds have also been used to support studies focused on regional and targeted job growth and best Rapid Response practices learned from other Rapid Response providers regarding proactive engagement with businesses, effective marketing of services, performance measurement, customer feedback and the importance of small business and entrepreneurship to improve the local and regional economy.

A second round of Green Cadre training began in January, with the goal of preparing youth participants for green sector jobs. Through their participation in the program, youth participants have also developed a network of supportive adult mentors that provide them greater access to other potential job opportunities.

Energy (Estimated Recovery Act Funds - \$11.2 million): Funds are being used to support a variety of municipal and community energy efficiency improvements and renewable energy projects, replacement of Low Pressure Sodium streetlights with programmable LED lights and development of a local energy assurance plan for all City facilities. These projects help to advance multiple Green Vision goals and further the City's efforts to thrive as an environmentally sustainable city.

Key Accomplishments:

- Commenced with installation of energy efficient LED interior lighting, Energy Management Systems (EMS) controls and HVAC mechanical equipment at City facilities.
- Released Request for Proposals for solar production systems on municipal facilities and the replacement of 1,500 Low Pressure Sodium streetlights with programmable LED streetlights equipped with advanced energy efficient controls and communications.
- Completed construction of the Green Vision Clean Energy Showcase on the Redevelopment Agency-owned property across the street from City Hall was completed in December.
- Completed preliminary identification of critical City facilities and developed preliminary draft of a Critical Facilities Database.

Recent Activities:

Two Requests for Proposals for solar on City facilities were released in Fall 2010. Proposals for a 1-MW ground-mounted solar system at the Water Pollution Control Plant are currently being reviewed by staff while proposals for solar production systems on 38 municipal sites, including community centers, libraries, parks, offices and service yards, are expected in March/April. In addition, an RFP was released for the replacement of approximately 1,500 Low Pressure Sodium streetlights with programmable LED streetlights equipped with advanced controls and communications to maximize energy efficiency and savings. Consultant selection recommendations for all three RFPs will be presented to Council later this spring.

On December 8, there was an unveiling of the Green Vision Clean Energy Showcase. The Showcase serves as a hub for disseminating information on solar and other energy efficient and renewable technologies. Tours of the Showcase are available for schools, professional organizations, and the general public to view the demonstrations and receive information on innovative financing options. The Showcase is expected to be open for one year.

Housing (Estimated Recovery Act Funds - \$31.8 million): Funds are being used to provide a variety of homelessness prevention, neighborhood stabilization, and training support services to the community. In addition, Recovery Act funds are allowing for the implementation of two infrastructure improvement projects.

Key Accomplishments:

- Partnering with three nonprofit agencies, the City continues to provide the community with critical homeless prevention and rapid re-housing assistance services, such as short term and medium term financial assistance and case management. During the most recent calendar quarter (ending December 31st), approximately 509 individuals and 186 households received financial assistance, while 476 individuals and 178 households received housing relocation and stabilization services through the Homeless Prevention and Rapid-Rehousing Program.
- Partnered with the Housing Trust of Santa Clara County and the Neighborhood Housing Services Silicon Valley to form the San José Neighborhood Stabilization Program 2 (NSP2) Consortium, with the goal of reducing the number of foreclosed and abandoned residential properties and stabilizing surrounding neighborhoods
- Conducted outreach and marketing activities, such as informational workshops, homebuyer education classes and print/internet ads, to increase the public's awareness of the assistance services that are available through NSP2.
- Completed construction activities on two storm drain infrastructure improvement projects in North San José.
- Partnered with two nonprofit agencies to provide job-readiness training to help homeless individuals become self-sufficient, gainfully employed and ultimately stabilized in permanent housing. Since the program launched its services last August, 87 participants have entered into job readiness programs at the two homeless one-stop centers.

Recent Activities:

In December, the San José NSP2 Consortium entered into agreements with two development entities for its Single Family Acquisition-Rehab-Resale Program. Both developers have identified eligible properties within the targeted census tracts and are underway with acquisition and rehab activities. In addition, the Consortium funded four homeowner loans for low income homebuyers as part of its Purchase Assistance Loan program during the quarter ending December 31st.

Staff released an RFP for the replacement of approximately 150 Low Pressure Sodium streetlights with programmable LED streetlights equipped with advanced controls and communications to maximize energy efficiency and savings. Consultant selection recommendation will be presented to Council later this spring.

Public Safety (Estimated Recovery Act Funds - \$2.7 million): Funds are being used to support the City's participation in several regional public safety programs, as well as assist the Police Department in its efforts to equip police officers with electronic report writing and data query capabilities.

Key Accomplishments:

- Awarded a contract for the implementation of the Automated Field Reporting and Records Management System (AFR/RMS), Phase I project.
- Entered into contract with a non-government organization in support of the Anti-Human Trafficking Task Force in San José.

Recent Activities:

The City recently completed an extensive RFP process for a contractor to implement the Automated Field Reporting and Records Management System (AFR/RMS). On March 1st, Council approved the use of \$1.35 million in Recovery Act funds to support the implementation of the Phase 1 project. This project will allow the Police Department to expedite and enhance the processing of crime reports, allow for real-time analysis of crime trends, and support a more efficient and proactive response to crime problems and effective deployment of limited staff resources by enabling police officers to enter information collected in the field directly into a database.

Using Recovery Act funds to support the City's participation in the Anti-Drug Abuse Enforcement Team, the Police Department's Narcotics Covert Investigations Unit has initiated two investigations that will span between three to six months.

Transportation (Estimated Recovery Act Funds - \$15.4 million): Funds are being utilized to resurface many of the worst arterial street segments throughout the City, thereby helping the City address its backlog of deferred maintenance.

Key Accomplishments:

- Completed construction activities on two street resurfacing projects that resurfaced a combined 25 miles of arterial street segments throughout the City. Information on the street segments that have been resurfaced using Recovery Act funds is available in Attachment B.

HONORABLE MAYOR AND CITY COUNCIL

3-10-11

Subject: March 2011 Update on City Recovery Act Efforts

Page 6

Recent Activities:

Staff have been working closely with the State Department of Transportation to begin project close-out and financial reconciliation for both street resurfacing projects.

Water (Estimated Recovery Act Funds - \$6.5 million): Funds are being used to help implement eight water recycling projects as part of the South Bay Water Recycling (SBWR) Phase 1C Improvements. These improvements will add approximately nine miles to the SBWR distribution system and further advance the City's efforts to attain our Green Vision goal of recycling or beneficially reusing 100 percent of our wastewater.

Key Accomplishments:

- Completed construction activities on three projects included in the Phase 1C Improvements.

Recent Activities:

Construction activities are continuing on the remaining Phase 1C projects, with completion expected by later this year.

Additional information on the City's efforts related to the Recovery Act can be found by visiting the City's Recovery Act webpage at <http://www.sanjoseca.gov/recoveryact>.

This memorandum has been coordinated with the City Manager's Budget Office and City departments with Recovery Act programs.

Please contact me at (408) 535-8147 if you have any questions.

AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
CITY OF SAN JOSE
SUMMARY OF FUNDED PROJECTS
MARCH 2011**

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Aviation Program					
Taxiway W Extension Phase 1	Federal Aviation Administration	Extension of Airport Runway W from Taxiway C to Taxiway D and extension of Taxiway D from Runway 30L to Taxiway V. This project provides an alternative route to the runway for arriving or departing traffic that significantly reduces or eliminates the possibility of general aviation aircraft accidents. Major construction activities were completed in late 2010.	\$5,178,291	Summer 2009	Spring 2011
Terminal B Baggage Screening Equipment	Transportation and Security Administration	Project provides for the Installation of state-of-the-art baggage explosive detection systems for the Airport's new Terminal B. The new baggage explosive detection systems include conveyors that move passengers' checked bags to an array of automated security screening machines, with additional conveyors to move screened bags for staging for aircraft loading. In addition, the project includes upgrades to the Airport's electrical power and mechanical systems to support the new equipment. Major construction activities were completed in fall 2010.	\$20,916,360	Fall 2009	Spring 2011
Program Total			\$26,094,651		
Economic and Workforce Development					
WIA-Adult Program	Department of Labor (WIA)	Funds are being used by work2future to provide job placement, counseling and training services for adult and dislocated worker clients through 6/30/11. Services have included a wide array of job readiness workshops, occupational skills training, assessments, referrals to partner agencies and supportive services. work2future has been working with employers, as well as community colleges, San Jose State University and other training providers to develop customized and on-the-job training programs for new and incumbent workers in such areas as clean technology, health care, bioscience, and nanotechnology.	\$2,026,103	Summer 2009	Summer 2011
WIA-Dislocated Worker Program	Department of Labor (WIA)	Funds are being used by work2future to provide job placement, counseling and training services for adult and dislocated worker clients through 6/30/11. Services have included a wide array of job readiness workshops, occupational skills training, assessments, referrals to partner agencies and supportive services. work2future has been working with employers, as well as community colleges, San Jose State University and other training providers to develop customized and on-the-job training programs for new and incumbent workers in such areas as clean technology, health care, bioscience, and nanotechnology.	\$4,448,400	Summer 2009	Summer 2011
WIA-Youth Program	Department of Labor (WIA)	Funds used to support a Summer Jobs for Youth Program that served over 1,048 low-income youth participants (between the ages of 15-24) in 2009 and 2010. Youth participants earned \$3.6 million in wages over the two years of the program. In addition, youth participants completed work readiness training designed to enhance their employment skills and developed relationships with supportive adult role models.	\$4,744,413	Summer 2009	Summer 2010
WIA-Rapid Response Program	Department of Labor (WIA)	Funds are being used to assist workers to quickly return to productive positions in the labor force by providing counseling workshops on financial assistance and career counseling services. Work2future has been outreaching to various employers that are planning employee layoffs, as well as conducting informational workshops to workers who may be subject to layoff. These workshops have been focused on informing workers of the many services that are available to them through work2future. Funds have also been used to support studies focused on regional and targeted job growth and best Rapid Response practices learned from other Rapid Response providers regarding proactive engagement with businesses, effective marketing of services, performance measurement, customer feedback and the importance of small business and entrepreneurship to improve the local and regional economy.	\$638,390	Summer 2009	Summer 2011

ATTACHMENT B
 AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
 CITY OF SAN JOSE
 SUMMARY OF FUNDED PROJECTS
 MARCH 2011

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Economic and Workforce Development (continued)					
WIA Rapid Response 25% Funds	Department of Labor (WIA)	Funds are being used for Rapid Response lay-off aversion activities and/or Dislocated Worker Additional Assistance for case management, training and supportive services.	\$902,329	Spring 2010	Summer 2011
WIA Rapid Response 25% Funds (Green Jobs)	Department of Labor (WIA)	Funds will be used to assist Workforce Institute in providing outreach to eligible youth clients for the Greater South Bay Green Jobs Program, which provides technical training in the emerging green jobs market to at-risk youth from Santa Clara, San Benito and Santa Cruz Counties.	\$40,000	Spring 2010	Summer 2011
WIA-ARRA Exemplary Awards (07-08 State Incentive Program)	Department of Labor (WIA)	Funds represent incentive awards for work2future meeting or exceeding its performance measures for FY 2007-2008, and may be used for any allowable costs under the Workforce Investment Act. Also referred to as the 07-08 State Incentive Program, these funds were allocated from the 15% ARRA funds.	\$30,874	Fall 2010	Summer 2011
Wagner-Peyser Disability Program Navigator	Department of Labor (WIA)	Funds have been used to integrate the Disability Navigator function into daily operations at One-Stop Centers, provide outreach to job seekers, businesses and community partners and maintain a stable infrastructure for serving customers with disabilities within the One-Stop Centers.	\$99,072	Summer 2010	Summer 2011
On-the-Job Training/National Emergency Grant	Department of Labor (WIA)	Funds are being used to provide Workforce Investment Act (WIA) allowable employment and training services to dislocated workers experiencing prolonged unemployment from layoffs occurring since the onset of the recent recession. These funds cover on-the-job training services for dislocated workers through June 2012. Work2future is currently working to match businesses with job seekers. Companies that hire workers dislocated from NUMMI or those who have been unemployed for at least 21.5 weeks will be able to secure as much as \$6,000 in reimbursement for wages through this program. Work2future has allocated \$300,000 to cover reimbursement of wages and \$358,000 to support three dedicated staff to help implement the program.	\$725,462	Summer 2010	Summer 2012
Temporary Assistance for Needy Families/ Emergency Contingency Fund	Health and Human Services (TANF)	Funding from the County of Santa Clara Social Services Agency supported a seven week summer work experience combined with work readiness training for approximately 840 eligible 15-17 year olds during the summer of 2010. In addition to earning \$812,521 in wages, the TANF youth participants completed work readiness training and multiple community service projects as part of the summer 2010 program.	\$2,458,225	Summer 2010	Summer 2011
Program Total			\$16,113,268		

**ATTACHMENT B
AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
CITY OF SAN JOSE
SUMMARY OF FUNDED PROJECTS
MARCH 2011**

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Energy Program					
Programmable LED Streetlights	Department of Energy (EECBG)	Replacement of approximately 1,500 Low Pressure Sodium streetlights with programmable LED lights equipped with advanced controls and communications to maximize energy efficiency and savings. Following an extensive evaluation of available LED streetlight technology, staff has released an RFP for LED streetlights with monitoring controls and expect to present staff recommendation to Council this spring.	\$2,000,625	Fall 2009	Fall 2012
Energy Efficiency Improvements on City Facilities	Department of Energy (EECBG)	Installation of cost-effective energy efficiency measures (HVAC, lighting, variable frequency drives and retro-commissioning) at City facilities which have high energy costs and have been identified as good candidates for priority retrofits. City staff has commenced with the installation of energy efficient LED interior lighting, Energy Management System (EMS) controls and HVAC mechanical equipment.	\$4,521,945	Fall 2009	Winter 2012
Municipal Solar Program	Department of Energy (EECBG)	Conduct solar and energy efficiency audits and fund technical assistance related to the City's Solar Program in project identification, design/build processes, project engineering financing options, proposal and contract development services for the installation of solar electric, solar hot water and energy efficiency projects. Two RFPs have been released in support of this program--the first RFP seeks potential vendors/contractors for the design, financing, construction and operation of solar production systems on 38 municipal sites, including community centers, libraries, parks, offices and service yards. The second RFP specifically covers the Water Pollution Control Plant, where the City solicited proposals for a 1-MW ground-mounted system. Recommendations for both RFPs to be advanced for Council consideration in spring.	\$2,318,030	Fall 2009	Winter 2012
Better Buildings Program/ Whole Neighborhood Energy Efficiency Program	Department of Energy (EECBG-Competitive)	Funds are being used to support the <i>San Jose-Retrofit California Whole Neighborhood Energy Efficiency and Workforce Development Program</i> . The program allows for the coordination of energy efficiency installation programs, marketing and outreach on energy efficiency opportunities, workforce development and job creation/expansion opportunities for small businesses in support of the San Jose Green Vision goal of achieving 50% reduction in energy consumption. The project will create and demonstrate an integrated, streamlined approach by targeting specific building types, outreach methods and energy use. Implementation of this program is being coordinated with the City's Strong Neighborhoods Initiative, work2future, Office of Economic Development and Housing Department.	\$750,000	Fall 2010	Fall 2012

ATTACHMENT B
 AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
 CITY OF SAN JOSE
 SUMMARY OF FUNDED PROJECTS
 MARCH 2011

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Energy Program (continued)					
Development of a Local Energy Assurance Plan	Department of Energy (LEAP)	Development of a Local Energy Assurance Plan for all City facilities and revision of the City's Emergency Operations Plan to more comprehensively address energy planning and preparedness. The plan will also focus on updating procedures and activities during energy outages. A citywide team comprised of staff representatives from a variety of City departments has been formed and is working collaboratively to develop the San Jose-specific energy assurance plan. Preliminary identification of critical facilities within the City has been completed and a preliminary draft of a Critical Facilities Database has been developed.	\$299,983	Spring 2010	Summer 2012
Solar Market Transformation	Department of Energy (SAC 2)	Funds are being used to support solar projects that will make it easier and more cost effective for residents to install solar on their homes, assist in workforce development activities and help residents learn about solar options. A ceremonial event was held on December 8, 2010 to mark the completion of the Green Vision Clean Energy Showcase (Showcase) on the Redevelopment Agency-owned property across the street from City Hall. The Showcase serves as a hub for disseminating information on solar and other energy efficient and renewable technologies. Tours of the Showcase are available for schools, professional organizations, and the general public to view the demonstrations and receive information on innovative financing options. The Showcase is expected to be open for one year.	\$1,301,636	Spring 2010	Winter 2011
Program Total			\$11,192,219		
Housing Program					
Clean Tech Careers Fund/Green Business Equipment Program	Department of Housing and Urban Development (CDBG-R)	Provide a funding mechanism for capital equipment costs to several green technology companies expanding or relocating to San Jose. The project has provided grants to three companies who plan to purchase "green" equipment that will meet the operational needs of the businesses. With the purchase of the equipment, the companies will hire additional staff and thereby address the job creation goal of the Recovery Act. To date, the companies have created and filled 8 new jobs and expect to meet the goal of 60 new jobs by the end of the contract.	\$1,200,000	Fall 2009	Fall 2012
Moffat-Liberty Storm Drain Improvement	Department of Housing and Urban Development (CDBG-R)	Installation of new storm drain laterals, inlets, ADA curb cuts, driveways and ~1,300 linear feet of sidewalk, curb and gutter within a low-moderate income area of Alviso in far northern San Jose and address much-needed infrastructure needs in the area. Project construction was completed in late 2010.	\$350,000	Fall 2009	Winter 2010
North First Street-Grand Boulevard Storm Drain Improvement	Department of Housing and Urban Development (CDBG-R)	Installation of new storm drain laterals, inlets, ADA curb cuts, driveways and ~2,750 linear feet of sidewalk, curb and gutter within a low-moderate income area of Alviso in far northern San Jose and address much-needed infrastructure needs in the area. Project construction was completed in late 2010.	\$485,000	Fall 2009	Winter 2010

 CITY OF SAN JOSE
 SUMMARY OF FUNDED PROJECTS
 MARCH 2011

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Housing Program (continued)					
Project HOPE	Department of Housing and Urban Development (CDBG-R)	Funding for a 2-year public service project that will provide job training and employment services to homeless and at-risk individuals. The City has partnered with two non-profit agencies to provide job-readiness training to help homeless individuals become self-sufficient, gainfully employed and ultimately stabilized in permanent housing. Since the program launched in August 2010, 87 participants have entered into job readiness programs at the two homeless one-stop centers. In addition, staff at both centers are conducting work readiness workshops and one-on-one job coaching sessions with participants.	\$400,000	Fall 2009	Fall 2011
Streetlight Conversion	Department of Housing and Urban Development (CDBG-R)	Conversion of approximately 150 low-pressure sodium streetlights to adaptive LED streetlights equipped with advanced controls and communications to maximize energy efficiency and savings. Following an extensive evaluation of available energy efficient LED streetlight technology, staff is in the process of advertising an RFP for LED streetlights with monitoring controls and expects to present a consultant selection recommendation to Council later this spring.	\$215,463	Fall 2009	Fall 2012
CDBG-R Program Administration	Department of Housing and Urban Development (CDBG-R)	Funding to cover program administration costs.	\$50,000	Fall 2009	Fall 2012
Homeless Prevention Financial Assistance & Housing Relocation Svcs.	Department of Housing and Urban Development (HPRP)	These funds have allowed the City to partner with three non-profit agencies to provide a variety of services to San Jose homeless and at-risk residents, especially those affected by the economic crisis. Services include homeless prevention and homeless services, short term and medium term financial assistance as well as case management. During the most recent calendar quarter (ending December 31st), approximately 509 individuals and 186 households received financial assistance, while 476 individuals and 178 households received housing relocation and stabilization services at the three one-stop centers.	\$2,064,381	Fall 2009	Summer 2012
Rapid Re-Housing Financial Assistance & Housing Relocation Svcs.	Department of Housing and Urban Development (HPRP)		\$2,064,382	Fall 2009	Summer 2012

 CITY OF SAN JOSE
 SUMMARY OF FUNDED PROJECTS
 MARCH 2011

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Housing Program (continued)					
Neighborhood Stabilization Program 2	Department of Housing and Urban Development (NSP2)	Funds are being utilized by the San Jose NSP2 Consortium (Consortium) to help reduce the number of foreclosed and abandoned homes, residential properties and to stabilize surrounding neighborhoods. The Consortium is comprised of the City of San Jose Housing Department, the Housing Trust of Santa Clara County and Neighborhood Housing Services Silicon Valley. The Consortium is conducting extensive marketing activities, such as informational workshops, homebuyer education classes and print/internet ads to increase the public's awareness of the assistance services that are available through NSP2. The Consortium has also entered into agreements with two development entities for its Single Family Acquisition-Rehab-Resale Program. Both developers have identified eligible properties within targeted census tracts and are underway with acquisition and rehab activities. In addition, the Consortium has funded four homeowner loans for low income homebuyers as part of its Purchase Assistance Loan program.	\$25,000,000	Spring 2010	Spring 2013
Program Total			\$31,829,226		
Public Safety Program					
SJPD Automated Field Reporting/Records Management System - Phase I (ARRA-funded)	Department of Justice (JAG)	Partial funding to support the implementation of the Police Department's Automated Field Reporting/Records Management System, Phase I project. On March 1, 2011, Council awarded a contract to the recommended vendor to implement the Phase I project.	\$1,353,687	Spring 2010	Fall 2011
Silicon Valley Regional ICAC Task Force (ARRA-funded)	Department of Justice (ICAC)	Funding to enhance and expand the San Jose/Silicon Valley Internet Crimes Against Children (SVICAC) Task Force to address technology-facilitated child exploitation and prevent, interdict and investigate ICAC offenses. The Recovery Act funds have helped to increase the forensic investigation capacity of the task force and reduce the backlog of digital evidence for cases waiting to be prosecuted.	\$863,930	Fall 2009	Spring 2013
Anti-Drug Abuse Enforcement Program (ARRA-funded)	Department of Justice (CalEMA)	Funding to support participation in a multi-jurisdictional task force for the purpose of reducing the manufacture, sale and use of methamphetamine in Santa Clara County, as well as methamphetamine-related activity such as street crime, gang activity and violent assaults. Using these Recovery Act funds to support staff costs, the Police Department's Narcotics Covert Investigations Unit has initiated two investigations that will span between three to six months.	\$136,395	Summer 2010	Spring 2012

 SUMMARY OF FUNDED PROJECTS
 MARCH 2011

Project Name	Federal Funding Program	Project Description and Status	Recovery Act Funding	Start of Activity	Anticipated Completion
Public Safety Program (continued)					
California Emergency Management Agency Anti-Human Trafficking Task Force (ARRA-funded)	Department of Justice (CalEMA)	Funding to further enhance the Anti-Human Trafficking Task Force in San Jose, one of only six law enforcement agencies in the State of California to receive funding through this program. The focus of the program is the expansion of the existing multi-disciplinary task forces to improve the law enforcement response to all elements of human trafficking. The City has entered into contract with a non-government organization, which will serve the victims of human trafficking to specifically address the special needs of this population.	\$375,000	Spring 2010	Fall 2012
Program Total			\$2,729,012		
Transportation Program					
Tier I Street Resurfacing and Rehabilitation	Department of Transportation	Resurfacing of approximately 15 miles of City arterial streets to extend their useful life, improve their structure and ride quality and defer more costly reconstruction. Major construction activities were completed in fall 2010. Sections of Alma Avenue, Almaden Expressway, Branham Lane, Cropley Avenue, Foxworthy Avenue, Silver Creek Road, Snell Avenue, Taylor Street, Tully Road, White Road and Willow Street were resurfaced as part of this project.	\$9,302,466	Fall 2009	Spring 2011
Tier II Street Resurfacing and Rehabilitation	Department of Transportation	Resurfacing of approximately 10 miles of City arterial streets to extend their useful life, improve their structure and ride quality and defer more costly reconstruction. Major construction activities were completed in fall 2010. Sections of Bascom Avenue, Calero Avenue, Humboldt Street, Julian Street, Mabury Road, Mt. Pleasant Road, Park Avenue, Snell Avenue, Westmont Avenue and White Road were resurfaced as part of this project.	\$6,116,534	Spring 2010	Spring 2011
Program Total			\$15,419,000

Water Program					
SBWR Phase 1C Facility Improvements	Department of Interior/ Bureau of Reclamation	Partial funding for the construction of up to 9 miles of recycled water pipeline and related facility improvements as part of the South Bay Water Recycling Program (SBWRP), which will increase by 2,400 acre-feet per year (AFY) the amount of recycled water distributed by the SBWRP and further reduce the reliance on scarce potable water. The eight projects that comprise the Phase 1C Improvements will extend recycled water service to Mineta San Jose International Airport, San Jose State University and several heavily populated industrial locations in the City of Santa Clara. All eight projects are currently under construction or in advanced stages of design. Completion of all Phase 1C projects is expected by fall 2011.	\$6,460,000	Fall 2009	Winter 2011
Program Total			\$6,460,000		
GRAND TOTAL			\$109,837,376
