Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Branch Library Bond Projects Fund (Fund), a fund of the City of San José (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Fund of the City, as of June 30, 2023, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of a Matter

As discussed in Note 2, the financial statements present only the Fund and do not purport to, and do not, present fairly the financial position of the City, as of June 30, 2023, the changes in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements. The accompanying statements of revenues, expenditures, and change in fund balance by fiscal year for the period from June 6, 2001, through June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information for the year ended June 30, 2023, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information for the year ended June 30, 2023, is fairly stated, in all material respects, in relation to the financial statements as a whole.

We also have previously audited, in accordance with GAAS, the Fund's financial statements as of and for the period from June 6, 2001 through June 30, 2008, as of and for the years ended June 30, 2009 through 2015, and as of and for the years ended June 30, 2018 through 2022 which are not presented with the accompanying financial statements. In our reports dated March 13, 2009, October 2, 2009, December 2, 2010, September 30, 2011, November 2, 2012, October 21, 2013, November 14, 2014, October 8, 2015, October 23, 2018, October 15, 2019, November 4, 2020, November 3, 2021, and November 18, 2022, respectively, we expressed unmodified opinions on the Fund's financial statements. The audits were conducted for the purposes of forming opinions on the financial statements as a whole. The information for the period from June 6, 2001 through June 30, 2015, and for the years ended June 30, 2018 through 2022 has been subjected to the auditing procedures applied in the audits of those financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information for the period from June 6, 2001 through June 30, 2008, the years ended June 30, 2009 through 2015, and the years ended June 30, 2018 through 2022, are fairly stated in all material respects in relation to the financial statements from which they have been derived.

The financial statements of the Fund as of and for the years ended June 30, 2016 and 2017 were audited by other auditors. Those auditors expressed unmodified opinions on those reports dated November 17, 2016 and October 20, 2017, respectively. Those auditors' reports also stated that the statements of revenues, expenditures, and change in fund balance by fiscal year for the years ended June 30, 2016 and 2017 were fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2023, on our consideration of the City's internal control over the Fund's financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over the Fund's financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over the Fund's financial reporting and compliance.

CITY OF SAN JOSE
BRANCH LIBRARY BOND PROJECTS FUND
(A Fund of the City of San José)
Notes to the Financial Statements
For the Year Ended June 30, 2023

NOTE 1 – BACKGROUND

In November 2000, registered voters of the City of San José (City) approved Measure O, the San José Neighborhood Libraries Bonds, authorizing the issuance and sale of general obligation bonds (Libraries Bonds) not to exceed \$211,790,000 to be used to fund the acquisition of property and construction of improvements to neighborhood library facilities throughout the City. The Libraries Bonds proceeds are not allowed to be expended on salaries of library administrators. Therefore, the City did not use bond proceeds to pay for administrative salaries within the Library Department. The capital project management services provided by the Library Department are considered allowable expenditures and reported in the project administration costs.

The table below sets forth the amount of Libraries Bonds authorized and issued pursuant to Measure O:

	<u>Amount</u>	<u>Date</u>
Voter authorization	\$ 211,790,000	November 7, 2000
Bonds issued:		
Series 2001 Bonds	31,000,000	June 6, 2001
Series 2002 Bonds	30,000,000	July 18, 2002
Series 2004 Bonds	58,300,000	July 14, 2004
Series 2005 Bonds	21,300,000	June 23, 2005
Series 2006 Bonds	60,000,000	June 29, 2006
Series 2008 Bonds	5,285,000	June 25, 2008
Series 2019 Bonds	5,905,000	July 9, 2019
Total bonds issued	<u>211,790,000</u>	
Authorized but unissued	<u>\$ -</u>	

CITY OF SAN JOSE
BRANCH LIBRARY BOND PROJECTS FUND
(A Fund of the City of San José)
Notes to the Financial Statements (Continued)
For the Year Ended June 30, 2023

NOTE 1 – BACKGROUND (Continued)

The specific projects approved by the City Council to be funded by the bond proceeds include:

Project	Prior Square Feet	Proposed Square Feet	Status at June 30, 2023
Almaden Branch Library & Community Center	20,000	64,000	Completed
Bascom Branch Library & Community Center	20,000	40,000	Completed
Berryessa Branch Library	n/a	26,000	Completed
Calabazas Branch Library	5,800	10,420	Completed
Cambrian Branch Library	10,126	27,800	Completed
Dr. Roberto Cruz Alum Rock Branch Library	n/a	26,000	Completed
East San Jose Carnegie Branch Library	7,281	10,220	Completed
Edenvale Branch Library	n/a	22,000	Completed
Educational Park Branch Library	14,084	18,000	Completed
Evergreen Branch Library	7,448	21,000	Completed
Hillview Branch Library	7,288	21,000	Completed
Joyce Ellington Branch Library	6,715	14,500	Completed
Pearl Avenue Branch Library	7,116	14,000	Completed
Rose Garden Branch Library	6,850	19,000	Completed
Santa Teresa Branch Library	13,860	22,000	Completed
Seven Trees Branch Library & Community Center	20,000	60,000	Completed
Tully Community Branch Library	n/a	24,000	Completed
Village Square Branch Library	n/a	16,000	Completed
Vineland Branch Library	n/a	24,000	Completed
Willow Glen Branch Library	5,330	13,000	Completed

The final general obligation bond sale from the Measure O (2000) authorization occurred in 2019-2020, with the funds (\$5.905 million) being allocated in the 2023-2027 Adopted Capital Improvement Program for a new suite of bond eligible projects, including renovations at the Biblioteca Branch Library, and efficiency improvements at various branch libraries. The remaining general obligation bond proceeds are budgeted to be spent by 2023-2024.

CITY OF SAN JOSE
BRANCH LIBRARY BOND PROJECTS FUND
(A Fund of the City of San José)
Notes to the Financial Statements (Continued)
For the Year Ended June 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements present only the financial position and the change in financial position of the Branch Library Bond Projects Fund (Fund) and do not purport to, and do not, present fairly the City's financial position as of June 30, 2023 and the change in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

A capital projects fund (governmental fund) is used to account for the City's Branch Library Bond Projects activities. Capital projects funds are used to account for financial resources (e.g., bond proceeds and investment income) that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition of land or acquisition and construction of major governmental facilities.

Basis of Accounting

The Fund's activity is reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Fund considers revenues to be available if collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, expenditures related to vacation, sick leave, claims and judgments are recorded only when payment is due.

Restricted Cash and Investments

Cash and investments that are restricted for specified uses by bond covenants or other requirements are classified as restricted. The Fund's restricted cash and investments are held in the City Treasury and fiscal agent accounts to be spent only on authorized capital projects. The Fund's restricted cash and investments are subject to the requirements of bond indentures. The fair value of investments is based on quoted market information obtained from fiscal agents or other sources.

Fund Balance

Under Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the balance sheets of governmental funds classify fund balances based primarily on the extent to which the Fund is bound to honor constraints on the specific purposes for which those funds can be spent. The Fund only has restricted fund balance at June 30, 2023. Restricted fund balance represents amounts when constraints placed on use of resources are either: (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

CITY OF SAN JOSE
BRANCH LIBRARY BOND PROJECTS FUND
(A Fund of the City of San José)
Notes to the Financial Statements (Continued)
For the Year Ended June 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – RESTRICTED INVESTMENTS

A summary of the Fund’s restricted investments at June 30, 2023 are as follows:

Type of investment	Fair Value	Moody’s Credit Risk Rating	Weighted Average Maturity
State of California Local Agency Investment Fund	\$ 4,938,617	Unrated	260 days
Wilmington Trust Money Market Mutual Fund	<u>1,820,875</u>	Aaa-mf	21 days
Total investments	<u>\$ 6,759,492</u>		

The Fund has investments subject to provisions of the bond indentures of its various bond issues. According to the bond indentures, the Fund is permitted to invest in the City’s cash and investment pool, the State of California Local Agency Investment Fund (LAIF), obligations of the U.S. Treasury or U.S. government agencies, time deposits, money market mutual funds invested in U.S. government securities, along with various other investments.

The Fund maintains part of its investments in the City’s cash and investment pool. The amounts held in the City’s investment pool can be withdrawn upon demand. Income and losses arising from the investment activity of pooled cash are allocated to the participating funds on a monthly basis, based on their proportionate shares of the average daily cash balance. As of June 30, 2023, the Fund has a negative pooled balance of \$360,630 in the City’s cash and investment pool, which is reported as a payable to the City of San José on the accompanying financial statements.

Information regarding the characteristics of the entire City’s cash and investment pool can be found in the City’s basic financial statements for the year ended June 30, 2023. A copy of that report may be obtained by contacting the City’s Finance Department, 200 East Santa Clara Street, 13th Floor, San José, CA, 95113 or can be found at the City’s Finance Department Website at <http://www.sanjoseca.gov>.

Government Code Section 16429.1 authorizes each local government agency to invest funds in the LAIF administered by the California State Treasurer. The total amount recorded by all public agencies in LAIF at June 30, 2023 was approximately \$25.7 billion. LAIF is part of the State’s Pooled Money Investment Account (PMIA). The total amount recorded by all public agencies in PMIA at June 30, 2023, was approximately \$178.4 billion and of that amount, 97.22% was invested in non-derivative financial products and 2.78% in structured notes and asset backed securities. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the Fund’s position in the pool.

CITY OF SAN JOSE
BRANCH LIBRARY BOND PROJECTS FUND
(A Fund of the City of San José)
Notes to the Financial Statements (Continued)
For the Year Ended June 30, 2023

NOTE 3 – RESTRICTED INVESTMENTS (Continued)

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by nationally recognized statistical rating organizations. The City's investment policy has mitigated credit risk by limiting investments to the safest types of securities, by prequalifying financial institutions, by diversifying the portfolio, and by establishing monitoring procedures.

Concentration Credit Risk

Concentration of credit risk is the risk that the failure of any one issuer would place an undue financial burden on the Fund. Investments issued by or explicitly guaranteed by the U.S. government and investments in mutual funds and other pooled investments are exempt from this requirement, as they are normally diversified themselves.

Interest Rate Risk

Interest rate risk is the risk that changes in market rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market rates. The City's investment policy has mitigated interest rate risk by establishing policies over liquidity, including maturity limits by investment classification. These limits, for investments other than external investment pools and money market mutual funds, are as short as 10 days and as long as 5 years.

Fair Value Measurement Categorization

The Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The inputs and techniques used for valuing securities are not necessarily an indication of risk associated with investing in those securities. The City's investment in Wilmington Trust Money Market Mutual Funds is measured at level 1 inputs, while investments in the City's cash and investment pool and LAIF are not subject to fair value hierarchy.

**Independent Auditor’s Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance With *Government Auditing Standards***

City Council and
Members of the Library Bond Oversight Committee
City of San José, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the Branch Library Bond Projects Fund (Fund), a fund of the City of San José (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements, and have issued our report thereon dated October 18, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over the Fund’s financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant’s Report on Compliance with Measure O

City Council and
Members of the Library Bond Oversight Committee
City of San José, California

We have examined the City of San José’s (City) compliance with certain provisions of Measure O for the year ended June 30, 2023 as follows:

- Bond proceeds were used for expanding and improving aging branch libraries to reduce noise, add parking, and add space for more books and computers; and building new libraries in neighborhoods throughout the City.
- Bond proceeds were not used for library administrators’ salaries.
- Annual audits were performed.
- A citizen’s oversight committee was established.

Management is responsible for the City’s compliance with those requirements. Our responsibility is to express an opinion on the City’s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with the specified requirements, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about the City’s compliance with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance with the specified requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City’s compliance with the specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2023.

Walnut Creek, California
October 18, 2023

CITY OF SAN JOSE
BRANCH LIBRARY BOND PROJECTS FUND
(A Fund of the City of San José)
Summary Schedule of Prior Audit Finding
For the Year Ended June 30, 2023

Prior Year Audit Finding (Reported in Fiscal Year Ended June 30, 2022)

**Material Weakness in Internal Control over Financial Reporting –
Costs not adequately supported**

Condition

We selected nine nonpayroll individually significant items out of a population of 14 for testing. For two transactions tested in the amount of \$75,846, the nonpayroll costs were not adequately supported to justify the 25% overhead charge to the branch efficiency projects. As such, we were not able to verify the allowability of the nonpayroll costs. We also observed that the City did not request reimbursement of the questioned nonpayroll costs with bond proceeds and, accordingly, there were no questionable uses of bond proceeds or associated noncompliance. These questionable costs were removed from the Branch Library Bond Projects Fund financial statements.

Effect

The City did not timely identify questionable nonpayroll costs in the Branch Library Bond Projects Fund financial statements.

Recommendation

The City should adopt a methodology to make sure the personnel of the various departments involved in charging costs has the resources, technical skills, and training to effectively perform its fiscal functions. In addition, the City should ensure the appropriate personnel is aware of, and utilizes, the G.O. bond policies and procedures manual to comply with all bond requirements.

Current Year Status

Corrected. Public Works aligns with MGO's recommendation to ensure that project management staff are timely informed and fully compliant with all bond requirements. In pursuit of this objective, the City has implemented a process enhancement. Specifically, Public Works has discontinued the automatic application of a 25% overhead cost and now allows the assignment of expenses solely based on actual hours and costs for projects supported by the Library Bond Projects Fund (as well as other Bond Project Funds) starting in fiscal year 2022-2023.
