#### **OVERVIEW**

#### INTRODUCTION

The Public Safety Capital Program funds capital improvements for the Fire and Police departments and the Office of Emergency Management to effectively provide emergency services.

PUBLIC SAI CAPITAL AS	
Fire Stations	34
Fire Apparatus	214

The 2024-2028 Adopted Public Safety Capital Improvement Program (CIP) totals \$193.4 million, of which \$134.7 million is allocated in 2023-2024. This program is part of the Public Safety City Service Area and supports the following outcome: *The Public Feels Safe Anywhere, Anytime in San José*.

#### PROGRAM PRIORITIES AND OBJECTIVES

In alignment with the goals of the Envision San José 2040 General Plan, the objective of the Public Safety Capital Program is to provide, maintain, and improve facilities and equipment that support the delivery of effective emergency services to City of San José residents and visitors. The priorities in the 2024-2028 Adopted CIP include:

- Investments in new Public Safety facilities, adding locations to improve emergency response times and address aging infrastructure for Police and Fire departments and the Office of Emergency Management;
- Investments in public safety facilities that address infrastructure repairs and backlog issues and improve functionality;
- Investments in Fire apparatus and equipment that ensure Fire personnel are equipped to respond to emergencies in an effective and timely manner;
- Investments in emergency medical equipment; and
- Investments in technology that improve emergency response.

#### **SOURCES OF FUNDING**

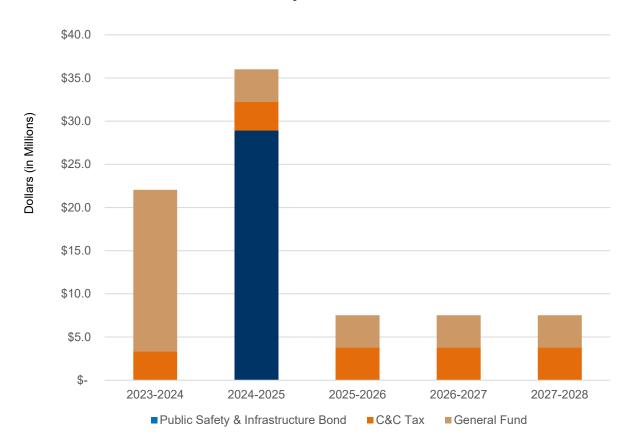

Revenue for the Public Safety Capital Program in the 2024-2028 Adopted CIP is derived from three primary sources: contributions from the Measure T: Public Safety and Infrastructure Bond Fund (\$131.1 million); the Fire Construction and Conveyance (C&C) Tax Fund (\$28.6 million); and the General Fund (\$33.7 million).

On November 6, 2018, voters approved the Measure T, Disaster Preparedness, Public Safety and Infrastructure Bond Measure in an amount not to exceed \$650 million. Assessments on the property taxes of San José residents are used to support these obligations. Of this amount, \$131.1 million is allocated in this CIP to various Public Safety projects in the Measure T: Public Safety and Infrastructure Bond Fund, including new facilities, relocations of existing facilities, and rehabilitation of aging facilities. The first bond issuance in 2019-2020 allocated a total of \$87.9 million to the Public Safety Capital Program. The second tranche was issued in 2021-2022 and allocated \$76.2 million to the Public Safety Program. The third and final tranche of \$28.9 million is scheduled to be issued in 2024-2025.

#### **OVERVIEW**

#### **SOURCES OF FUNDING**

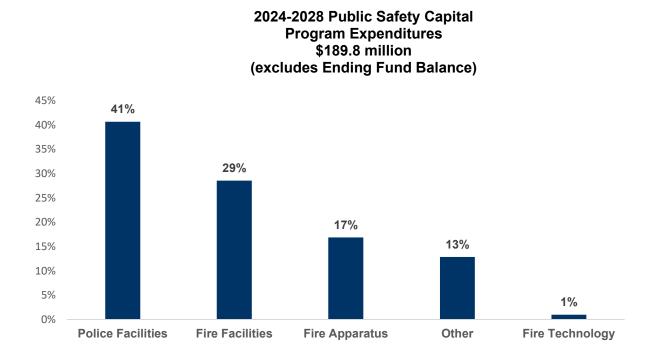

#### **Summary of Revenues**

#### **OVERVIEW**

#### **PROGRAM HIGHLIGHTS**

The Public Safety Capital Program's expenditures are organized to show the use of funds in several categories. Further information on the program's individual projects is included in the Detail Pages.

#### **Public Safety Bond Projects**

The following is a discussion of significant projects funded by the Measure T: Public Safety and Infrastructure Bond Fund.

The **Police Training Center** (5-Year Total: \$46.4 million) will be relocated from its current location at the **South San José Police Substation** to the new site acquired in March 2021, thereby allowing for the activation of the South San José Police Substation as a public-facing police station and enhancing community presence and improving response times to calls in the Southern Division as originally intended and to develop the needed space to accommodate two full concurrent academies and training spaces. The new Police Training Center will require additional funding for operations and maintenance, which are discussed in more detail in the Operating Budget Impact section of this overview. The South San José Police Substation will also have additional operating and maintenance costs as expanded services are rolled out. These amounts are included in the operating and maintenance costs for the Police Training Center.

#### **OVERVIEW**

#### **PROGRAM HIGHLIGHTS**

**New and relocated fire stations** (5-Year Total: \$47.2 million) comprise a large allocation of Public Safety Measure T funds. Fire Stations 8 and 23 will be relocated to improve functionality, reduce response times, provide essential facility quality, and adhere to current fire station requirements. Per City Council approval, Fire Station 23 project was rescoped and funds will be focused solely on the purchase of property for the future build of this relocated fire station. In addition, two new fire stations, Fire Stations 32, and Fire Station 36, will be built to improve performance in service gap areas.

The **Police Department Air Support Hangar** (5-Year Total: \$14.6 million) will be relocated from its current location to the southwest corner of the airport adjacent to Fire Station 20 ARFF to accommodate the expansion of the airport terminal building.

Aside from the operating and maintenance costs, future funding is required to outfit the new facilities with the necessary furnishings, fixtures, and equipment (FF&E) – including new fire apparatus – that are not eligible to be paid with Measure T general obligation bonds. The 2023-2024 budget includes FF&E funding for the 9-1-1 Call Center (\$5.3 million) and Fire Station 32 (\$2.0 million) to allow enough lead time for procurement. Based on preliminary information, FF&E for Fire Stations 8 and 36, Police Training Facility and Academy, and Police Hangar are estimated to cost over \$4.5 million within the next two fiscal years. As a result, strategies to bridge the funding gap for FF&E will need to be identified during the 2024-2025 budget development process.

#### **MAJOR CHANGES FROM THE 2023-2027 ADOPTED CIP**

The overall size of the Public Safety CIP has increased by \$12.0 million, from \$181.4 million in the 2023-2027 Adopted CIP to \$193.4 million in the 2024-2028 Adopted CIP. The changes to the size of the CIP are attributable to projects being completed and are therefore no longer funded in the future, or to projects that have been otherwise shifted out of the five-year planning horizon, as well as a number of adjustments to Measure T-funded projects as shown in the table below.

#### Major Changes to Project Budgets

The following table outlines the most significant new projects or changes to project budgets, including new/augmented allocations and reduced/eliminated allocations.

Project	Increase/(Decrease)
Measure T – Police Training Center Relocation	\$18.6 Million
Measure T – Police Air Support Hangar	\$6.4 Million
Measure T – Police Administration Building Upgrades	\$4.9 Million
Measure T – 911 Call Center Upgrades	\$3.3 Million
Measure T – Fire Station 36	\$1.5 Million
Measure T – Fire Station 23 (Land Acquisition)	(\$12.4 million)

#### **OVERVIEW**

#### **OPERATING BUDGET IMPACT**

Once completed, projects included in the 2024-2028 CIP will have a significant impact on the General Fund. The maintenance and operations costs for the Emergency Operations Center and the Fire Training Center have been incorporated in the 2023-2024 Adopted Operating Budget, with additional funding added in the Public Works Department to provide appropriate levels of preventative maintenance and to manage the building systems.

Several of the Measure T projects, including the new Fire Station 32, Fire Station 8, 911 Call Center Upgrades, Police Air Support Hangar, the Police Training Center, along with the activation of the Police Substation, are scheduled to open in 2024-2025 and Fire Station 36 is expected to open in 2025-2026, which will place significant pressure on the General Fund. On an annual basis, by 2027-2028 the cost to operate and maintain the new Public Safety facilities coming online is estimated at \$23.7 million. These costs will be refined in the next Five-Year Forecast which will be released at the end of February 2024.

A listing of the individual projects with operating budget impacts beginning in 2024-2025 through 2027-2028 is provided in Attachment A.

## COUNCIL-APPROVED REVISIONS TO THE PROPOSED CAPITAL IMPROVEMENT PROGRAM

Changes to the Proposed Capital Improvement Program were brought forward in the Mayor's June Budget Message for Fiscal Year 2023-2024 and approved by the City Council on June 13th, 2023. This included rebudgeting of unexpended funding for projects and other adjustments totaling \$33.2 million in the Manager's Budget Addendum #60, the largest of which includes New Fire Station 32 (\$12.3 million), Fire Apparatus Replacement (\$11.3 million), Emergency Operations Center Relocation (\$2.8 million), Fire Facilities Remediation (\$2.0 Million), New Fire Station 36 (\$1.8 million), and Fire Training Center Relocation (\$1.5 million).

For additional information, please refer to the <u>Mayor's June Budget Message for Fiscal Year 2023-2024</u>, located in the Appendices of this document, and the <u>Manager's Budget Addendum</u> #61 which incorporates adjustments per the Mayor's June Budget Message.

### **Attachment A - Operating Budget Impact**

	<u>2024-2025</u>	<u>2025-2026</u>	2026-2027	2027-2028
Public Safety				
Measure T - Fire Station 8 Relocation	\$132,000	\$175,000	\$181,000	\$188,000
Measure T - New Fire Station 32	\$9,212,000	\$11,378,000	\$11,720,000	\$12,074,000
Measure T - New Fire Station 36		\$2,928,000	\$5,963,000	\$6,143,000
Measure T - Police Air Support Hangar	\$67,000	\$93,000	\$95,000	\$98,000
Measure T - Police Training Center Relocation	\$1,038,000	\$2,324,000	\$4,782,000	\$5,010,000
Measure T - Police 911 Call Center Upgrades	\$30,000	\$124,000	\$136,000	\$141,000
Total Public Safety	\$10,479,000	\$17,022,000	\$22,877,000	\$23,654,000

<sup>\*</sup> Operations and Maintenance costs include the full activation of the South San Jose Police Substation which will be made possible once the Police training center and academy are moved from the Substation to the new Police Training Center. The costs reflect an early look of the activation of both sites and could potentially being higher or lower depending on the operational plan and the level of available resources.

**Description**This project provides funding for furniture, fixtures, and equipment (FF&E) for the renovation and expansion of the 9-1-1

Call Center for the Fire Department, located on the 4th floor of the existing Police Communication Building. The expansion will increase the number of working stations from 9 to 18 to better align with existing public safety needs.

**Justification** The existing 9-1-1 Call Center is inadequate to handle the increasing call volume. The current facility is too small to

accommodate the number of staff, training, and event operations. The outdated furniture, fixtures, and equipment does not allow for the staff to collaborate effectively with City departments and other response partners. This project provides new furniture, fixtures, equipment to the newly renovated and expanded Call Center, an expansion into spaces

previously occupied by the Office of Emergency Management.

Description

This project provides funding for the relocation of the Emergency Operations Center (EOC) from the existing location

within the Police Communication Building adjacent to the 9-1-1 Call Center to a location adjacent to the newly relocated Fire Training Center at the Central Service. This funding provides for furniture, fixtures and equipment (FF&E) needs at

the completed facility.

**Justification** The existing EOC facility is inadequate for Emergency Operations needs. The current facility is too small to

accommodate the number of staff, training, and event operations. The outdated equipment and aged facilities do not have the necessary amenities to collaborate effectively with City departments and other response partners during an

emergency event.

Notes The initial allocation of \$2.5 million of grant funding supplements the funding in the San Jose Public Safety and

Infrastructure Bond Measure passed in November 2018 (Measure T) Fund 498.

Major Cost Changes 2023-2027 CIP - Decrease of \$4.2 million due to the reallocation of constructions costs to the Measure T - Emergency Operations Center Relocation appropriation under the Public Safety and Infrastructure Bond (Measure T) Fund. At the January 12, 2021 City Council meeting, City Council authorized the issuance of commercial paper notes in the amount of \$4.2 million to provide bridge funding, prior to the second issuance of Measure T - General Obligation Bonds, to award the construction contract for this project. The commercial paper notes were not issued prior to the second issuance of the Measure T - General Obligation bonds, thus these construction costs will remain with the Public Safety and Infrastructure Bond Fund.

#### Fire Facilities Remediation

CSA Public Safety Initial Start Date 3rd Qtr. 2013

CSA Outcome The Public Feels Safe Anywhere, Anytime in San José Initial End Date 2nd Qtr. 2014

Location City-wide Revised Start Date

Dept OwnerFireRevised End Date2nd Qtr. 2024Council DistrictsCity-wideInitial Project Budget\$1,631,000AppropriationA7574FY Initiated2013-2014

**Description** This project provides funding for necessary capital improvements, repairs, and maintenance at various fire stations. The

Neighborhood Security Bond Fund funded facility improvements at Fire Stations 4, 9, 10, and 30. In addition, the Fire Department anticipates to complete the unfinished rooms at Fire Station 24 to accommodate additional sworn staff when

needed by April of 2024.

Justification This allocation addresses critical capital repairs and maintenance needs at fire facilities and will increase the longevity

and functionality of these facilities.

Notes In April 2013, life-cycle assessments for five Fire Stations (3, 4, 13, 16, and 30) provided estimates for the scope of

repair required for these facilities. Further assessments have identified Fire Stations 9, 18, and 23 as additional projects

for remediation. In fall 2015, facility improvements at Fire Station 16 were completed. In 2016-2017, facility

improvements at Fire Stations 18 and 23 were completed. In 2017-2018, facility improvements at Fire Station 22 were completed. In 2018-2019, facility improvements at Fire Station 13 were completed. In 2019-2020, Fire Stations 14 and 30 were fully repainted and Fire Station 4 received a complete roof replacement. In 2020-2021, Fire Station 3 began work on their bathroom and kitchen remodel project. In 2021-2022, Fire Station 10 has completed minor remediation

along with designs for the bathroom and kitchen.

Major Cost 2015-2019 CIP - Increase of \$1.0 million for Fire Stations 3 and 30.

Changes 2016-2020 CIP - Increase of \$173,000 for Fire Station 16.

2017-2021 CIP - Decrease of \$363,000 to reflect projected remediation in 2016-2017.

2018-2022 CIP - Increase of \$4.6 million for Fire Stations 3, 4, 30, 13.

Appropriation A434G FY Initiated 2023-2024

**Description**This project provides funding for furniture, fixtures, and equipment (FF&E) for the new Fire Station 32 which is expected to come online in September 2024. This provides funding for a Type 1 Engine, emergency medical equipment, personal

protective equipment, and other miscellaneous FF&E.

Justification Equip the new fire station with furniture, fixtures, and equipment to allow for the staff to collaborate effectively with City

departments and other response partners.

Notes This allocation represents a portion of the \$4.3 million needed for this new fire station, with the Tiller Truck (\$2.3 million)

to be purchased through the Fire Apparatus Replacement Program.

 2019-2020

#### Description

This project provides funding for the design and construction of the relocated Fire Department Training Center to the Central Service Yard (CSY) (1661 Senter Rd.) and the purchase of the old Union Pacific Railroad property located to the north of CSY facility (1591 Senter Rd). The facility will be built to accommodate training rooms, offices, storage spaces, and typical building core areas in one common building that will be approximately 40,000 SF. The project will also renovate/upgrade the existing building D4 (16,000 SF) to serve Fire Department vehicles, a fitness room, and miscellaneous storage areas. The grounds of the facility will also include a new 5-6 story Training Tower, and numerous areas around the tower for miscellaneous training activities for recruits. The new facility will also co-locate with the relocated Emergency Operation Center, managed by the Office of Emergency Management.

**Justification** The existing Fire Training Center was sold to Google in June 2019 which required the relocation of the facility. The current property will need to be vacated by September 2022 in accordance with the terms of the sale agreement.

Notes Funding in the amount of \$39,835,000 was originally set aside for this project. A grant in the amount \$3 million was

received from the California Office of Emergency Services to support construction of the Fire Training Center.

Major Cost Changes 2021-2025 CIP - Increase of \$44,035,000, of which \$24.835M was from the Fire Training Center Replacement Reserve in the General Fund and \$19.2M from a financing plan in order to construct the project.

#### Measure T - Emergency Operations Center Relocation

**CSA Public Safety** 

**Initial Start Date** 3rd Qtr. 2019 **CSA Outcome** The Public Feels Safe Anywhere, Any time in San José 4th Qtr. 2022 **Initial End Date** 1591 and 1661 Senter Road (Central Service Yard) Location

**Revised Start Date** 

**Dept Owner** Public Works **Revised End Date** 2nd Qtr. 2024 **Council Districts** 7 \$11,500,000 Initial Project Budget A414W Appropriation 2019-2020 **FY Initiated** 

#### Description

This project provides funding for the relocation of the Emergency Operation Center (EOC) from the existing location within the Police Communication Building adjacent to the 9-1-1 Call Center to a location next to the newly relocated Fire Training Center at the Central Service Yard. The building will incorporate an approximate area of 11,079 square feet dedicated for EOC functions in the new Building 2 and an area of approximately between 6,000-8,000 square feet for the Office of Emergency Management (OEM) offices in the new Building 1, within the Fire Training Center uses. In conjunction with the spaces from the Fire Training Center, common areas will include training areas, break rooms, restrooms, storage spaces, building core areas, electrical rooms and site parking.

#### **Justification**

The existing EOC facility is inadequate for Emergency Operations needs. The current facility is too small to accommodate the number of staff, training, and event operations. The outdated equipment and aged facilities do not have the necessary amenities to collaborate effectively with City departments and other response partners during an emergency event.

#### **Notes**

Grant funding in the amount of \$2.5 million is in the Emergency Operations Center Relocation Capital Contributions project in the General Fund.

#### **Major Cost** Changes

2021-2025 CIP - Increase of \$10 million due to increased scope. Initial funding was based on the relocation of EOC/OEM into an existing building, without full scoping for space requirements. As the project evolved, it was subsequently determined that an existing building would not be able to fit a fully functioning EOC/OEM. 2023-2027 CIP - Increase of \$4.2 million due to the reallocation of constructions costs from the Emergency Operations Center Relocation Capital Contributions appropriation.

**Public Works Dept Owner Revised End Date** 4nd Qtr. 2024 Council Districts 4 Initial Project Budget \$16,500,000 Appropriation A414Y **FY Initiated** 2019-2020

This project provides funding for the purchase of a property for the future build of the relocated Fire Station 23. Description

The existing Fire Station is located in a residential building and was purchased over 30 years ago and designated as a **Justification** 

temporary location until a new site was found. The relocation of this Fire Station will improve facility quality and response

time performance.

In the March 2023, City Council approved reducing the scope of this project to include land purchase only. A total of \$7.0 **Notes** 

million remains in the Measure T - Program Reserve (Public Safety) with the goal of allocating this funding for the design and construction of Fire Station 23; however, these funds could potentially be used for Measure T priority projects

pending bid results.

**Major Cost** Changes

2024-2028 CIP - Decrease of \$12.4 million due to scope reduction.

### **Description**This project provides funding for the relocation of the Police Training Center from the existing location at the South San José Police Substation on Great Oaks Avenue to a new location. The new center will meet all Police Officer Standards

and Training (POST) requirements.

**Justification** The existing training and academy center is too small to meet POST requirements, and it does not have all the

necessary amenities and separation of POST requirements to train the recruits and on-duty officers. The relocation of

the training facilities from the Police Substation will also allow full activation of the Substation.

**Notes** Operations and Maintenance costs reflect an early look of the activation of the Police Training Center and the South San

José Police Substation. The maintenance and operations costs will be refined once the construction bid is awarded and

depending on the operational plan of the substation and available resources.

Major Cost 2022-2026 CIP - Increase of \$5.9 million due to increased scope and construction costs to meet POST requirements.

**Changes** 2024-2028 CIP - Increase of \$18.6 million for increased project scope and escalating construction costs.

**CSA Outcome** The Public Feels Safe Anywhere, Anytime in **Council Districts** 

City-wide

San José **Department Owner** 

Fire

**Appropriation** 

A4876

**Description** 

This allocation provides funding for data analysis and analytical studies related to fire protection planning and emergency response performance. This allocation also supports the ongoing implementation of the Fire Department's Information Technology master plan, notably data collection/automation. Work towards data collection/automation will provide dashboard information to program managers for monitoring response time performance and refining deployment of resources.

**Description** This project provides funding for the construction of a new Fire Station (No. 37) to be located adjacent to the Willow Glen

Community Center property. The project consists of the construction of an approximately 8,000 square foot, two-story single

company Fire Station, with two apparatus bays, associated building amenities and staff parking.

# Public Safety 2024-2028 Adopted Capital Improvement Program Summary of Reserves

Project Name Emergency Equipment Reserve

5-Yr CIP Budget \$ 1,100,000

Total Budget \$ 1,400,000

Council Districts City-wide

**Description** This reserve sets aside funding for future costs associated with emergency fire equipment. Funding is anticipated to be

needed for costs associated with new fire stations, radio replacement, and lifesaving medical equipment.

Project Name Measure T - Admin Reserve Public Safety

**5-Yr CIP Budget** \$ 1,082,000 **Total Budget** \$ 1,082,000

Council Districts N/A

Description This reserve sets aside funding for the administrative costs associated with the oversight and management of the Measure

T Public Safety and Infrastructure Bond Program.

Project Name Measure T - Program Reserve (Public Safety)

 5-Yr CIP Budget
 \$ 6,950,000

 Total Budget
 \$ 6,950,000

 Council Districts
 City-wide

**Description** Initially \$36.42 million of the Measure T Public Safety and Infrastructure Bond funds were set aside in the reserve for various

projects, including: Police Administration Building Upgrades, 9-1-1 Call Center Upgrades, rehabilitation of various Fire

Stations, as well as a contingency for Public Safety projects.

A total of \$29.5 million of the reserve has been allocated to fund the following projects: Emergency Operations Center Relocation (\$8.3 million), 9-1-1 Call Center Upgrades (\$6.2 million), Police Air Support Unit Hangar (\$2.8 million), Fire Station 37 (\$0.9 million), Admin for Public Safety (\$0.5 million), Police Administration Building Upgrades (\$3.8 million), Police Training Center (\$5.9 million), and Fire Station 36 (\$1.1 million). A total of \$7.0 million remains in this reserve with the goal of allocating this funding for the design and construction of Fire Station 23; however, these funds could potentially be used for Measure T priority projects pending bid results.
