**NOTICE OF DETERMINATION
FOR A MITIGATED NEGATIVE DECLARATION FOR
THE EMERGENCY INTERIM HOUSING PROGRAMS PROJECT
SCH # 2023060277**

Lead Agency: City of San José

Project Applicant: City of San José Housing Department, 200 East Santa Clara Street, San José, CA 95113

Project Title: Emergency Interim Housing Programs

Project Description: The project would implement a program whereby the City would select up to 15 Emergency Interim Housing (EIH) sites in order to provide temporary housing and supportive services for individuals, couples, and families experiencing homelessness. Potential EIH sites would be selected based on guidelines established in accordance with requirements set forth by the State law, City Ordinance No. 30199, and project Siting Guidelines. The project would construct two-story modular buildings, each containing up to six units. Construction activities would last approximately 12 months per site and be limited to surface grading and utility trenching. An average EIH site size is typically two to three acres with a service population of approximately 50 to 200 individuals. The estimated average service population per site is expected to be 100 individuals. The expected minimum stay is four months with a maximum stay of 12 months.

Location: City-owned or City-leased sites Citywide. Individual sites will be selected based on guidelines established in accordance with requirements set forth by the State law and City Ordinance No. 30199.

Assessor's Parcel No: N/A

Council Districts: All

The City has performed an environmental review of the project. The environmental review examines the nature and extent of any adverse effects on the environment that could occur if the project is approved and implemented. Based on the review, the City has prepared a Mitigated Negative Declaration (MND) for this project. An MND is a statement by the City that the project will not have a significant effect on the environment because the project will include mitigation measures that will reduce identified project

impacts to a less than significant level. The project site is not present on any list pursuant to Section 65962.5 of the California Government Code.

This is to advise that the City Council of the City of San José approved the above-described project on October 24, 2023 and the made the following determinations regarding such project:

1. The Initial Study and MND referenced above was prepared and completed for this project pursuant to and in compliance with the provisions of CEQA.
2. The Council has independently reviewed and analyzed the Initial Study and Mitigated Negative Declaration and other information in the record and has considered the information contained therein, prior to acting upon or approving the Project.
3. The Initial Study and Negative Declaration represents the independent judgment and analysis of the City of San José, as lead agency for the project.
4. Mitigation measures were identified for potential significant impacts for construction air quality, flood zones, and tribal cultural resources. The project would not result in significant impacts with implementation of these mitigation measures.
5. A Mitigation Monitoring and Reporting Program (MMRP) was prepared and adopted for this project.
6. Findings were made and adopted for this project pursuant to the provisions of CEQA.

The Mitigated Negative Declaration, supporting Initial Study and the record of project approval may be examined at the City of San José, Department of Planning, Building and Code Enforcement, 200 East Santa Clara Street, 3rd Floor Tower, San José CA 95113-1905. This notice is in compliance with Sections 21108 and 21152 of the Public Resources Code.

Christopher Burton, Director
Planning, Building and Code Enforcement
