

REPLACEMENT UNIT DETERMINATION FORM

ATTENTION: Please review the [SB 330 Director's Letter](#) prior to completing this form. It contains critical guidance on the replacement unit determination process.

This form enables the City's Housing Department to provide a Replacement Unit Determination (RUD) application to an applicant whose development project involves demolition of residential units, pursuant to SB 330, the Housing Crisis Act of 2019 (Government Code 66310 et seq., as amended).

SB 330 prohibits the approval of any proposed housing development project on a site that will require the demolition of existing dwelling units or occupied or vacant "Protected Units" (see below) unless the project replaces those units. Replacement requirements apply only to projects that either:

- Submit a complete project application pursuant to California Government Code Section 65943 to the City Planning Division on or after January 1, 2020; OR
- As a ministerial (by-right) project, such as AB 2162 projects, submit an application pursuant to California Government Code Section 65941.1 to the City Planning Division on or after January 1, 2022.

Please carefully read the summary below, which outlines the limitations to demolishing residential units and whether affordable units will be required in the proposed project.

**For questions about RUD or this application,
please contact Pedro Leal at pedro.leal@sanjoseca.gov.**

SUMMARY OF REQUIREMENTS

APPLIES TO BOTH NEW RENTAL PROJECTS AND NEW FOR-SALE PROJECTS

- 1. Replacement of Existing Residential Dwelling Units / No Net Loss** - The project must match or exceed the greatest number of dwelling units that existed on the project site within the past five years.
- 2. Replacement of Existing or Demolished Protected Units** - The project must also replace all existing or demolished Protected Units. Protected Units are dwelling units that — within five years prior to the application for a RUD — are or were:
 - Subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of lower or very low income; OR
 - Subject to any form of rent or price control through a public entity's valid exercise of its police power; OR
 - Occupied by Low-Income or Very Low-Income households (an Affordable Protected Unit); OR
 - Units withdrawn from rent or lease per the Ellis Act and the City Ellis Act Ordinance (San José Municipal Code Chapter 17.23, part 11) within the past 10 years.
- 3. RUD Application Process** - The Housing Department will use the information on this form and as provided by the owner/s, existing tenants, and as further gathered, to determine how many Protected Units exist and how many Replacement Units are needed in the new project. A RUD may take up to eight weeks to process.
 - **Determining Affordable Protected Units** - Whether a unit qualifies as a Protected Unit under Section 2.C is determined by the income level of occupants. This information is also used to determine the income category that a Protected Unit falls into for replacement purposes. Occupants' income levels are ascertained through tax returns, pay stubs, etc. Using contact and address information provided by the Owner, Housing Department staff will send requests for information to each occupant of the existing units. The Owner is responsible to engage with occupants to ensure a timely response.
 - **Use of HUD Comprehensive Housing Affordability Strategy (CHAS) database:** If occupants do

continued >

not provide sufficient income information, the determination of affordability and income category will default to the percentage of Very Low-income and Low-income renters in the jurisdiction as shown in the CHAS database. As of September 5, 2023, in San José, CHAS is at 42% Very Low-Income and 16% Low-income. The remaining 42% of the units are presumed above Low-income. All replacement calculations resulting in fractional units shall be rounded up to the next whole number.

4. Replacement of Protected Units, subject to the Apartment Rent Ordinance, last occupied by persons or families at above Low-income - For projects with applications submitted before January 1, 2022, the City has the option to require that the proposed project shall provide:

- Replacement units affordable to Low-income households for a period of at least 55 years (rental units shall be subject to a recorded covenant); OR
- Require the units to be replaced as units subject to the Rent Stabilization Ordinance in compliance with San José Municipal Code Chapter 17.23, part 11.

5. Relocation, Right of Return, Right to Remain for Occupants of Protected Units - SB 330 provides for the right of first refusal for comparable units (i.e., same bedroom type) in the Owner's proposed new housing development to occupants of Protected Units (for project applications received after January 1, 2022, this right and relocation rights will be limited to lower income tenants). NOTE: Replacement units must be of the same number of bedrooms/type of units demolished (California Governance Code 65915 (c)(3)(B)). The comparable replacement units must be provided at a rent or sales price affordable to the same or lower income category. Occupants of Protected Units also are entitled to receive relocation pursuant to state or local law, whichever provides greater assistance, and have the right to remain in their unit until six months before the start of construction.

6. AB 1218 applies the demolition protections for Protected Units to all development projects, not just housing developments. It specifies if the development project is not a housing development project, the proponent must ensure the required replacement housing is developed prior to, or concurrently with, the development project. It applies to protected units demolished on or after January 1, 2020.
