## INCLUSION POLICY

The City of San José, Department of Parks, Recreation and Neighborhood Services (PRNS) encourages and supports the participation of individuals with all ability levels in programs and services. To facilitate opportunities for people with and without disabilities and to engage in leisure pursuits together, PRNS provides inclusion support services. These services include, but are not limited to interpreters for the deaf or hearing impaired, improved signage, activity modification, additional staff training, accessible equipment and facility features and support staff. To ensure the consideration of the requested accommodation, please notify the specific facility where the program is provided at least two weeks in advance.

For more information on inclusion opportunities, specialized recreation services and accommodations, please contact Therapeutic Services at 408.369.6438.

## PROGRAMMING WITH MINECRAFT

Our "Programming with Minecraft" course is an epic coding adventure designed for young programmers aged 9-12. This course utilizes the engaging world of Minecraft to introduce Python coding fundamentals. As students traverse through the virtual landscapes they know and love, they will learn key coding concepts like variables, data types, loops, conditionals, and functions. They will create interactive experiences, from laying a yellow brick road to building entire towns, and even hosting a virtual treasure hunt, all powered by Python. This isn't just a coding class—it's a vibrant fusion of fun and learning, where coding becomes a tool for exciting in-game innovations. By course end, your child won't just be playing Minecraft—they'll be enhancing it with their own code, nurturing their creativity, logic, and problem-solving skills. This course gives your child the tools to continue transforming their virtual adventures with the power of coding.

## SOCCER TOTS

Playable on almost any surface, these soccer-themed motor skill classes are very easy for youngsters to get into. Classes focus on developing motor skills and self-confidence. Core soccer skills are taught as well as an introduction to light competition. Instructor-to-student ratio is kept small to maximize individual development, and above all else we promote fun, fun, fun!

## INDOOR SOCCER AGE 4-6

Come and enjoy the world's most popular sport played indoors. This could be your child's first time kicking a ball or they have been playing for most of their lives, we want to share our passion for soccer and while providing a safe and supportive environment for them. Our teacher will lead an encouraging environment designed to strengthen your child's cognitive abilities, develop their athletic skills, improve their soccer playing techniques, and build self-confidence through games, drills and activities.

## MINI GYM STARS

A great beginner gymnastic class teaching basic gymnastic skills, including movement exploration, balance, and coordination, and at the same time teaching agility and improving motor skills. Parents are allowed to stay for the first 10 minutes on the first day of class and are encouraged to attend the last class for a great recital. Suggested Attire: Wear a leotard, stretch pants, sweatpants, or shorts. Bare feet during class is suggested. Children should secure long hair back in a ponytail.

## ZUMBA

A Zumba class is a dynamic and exhilarating fitness program that combines Latin and international music with dance moves. It incorporates interval training, alternating fast and slow rhythms, to help improve cardiovascular fitness. The atmosphere in a Zumba class is typically energetic and fun, focusing on enjoying the music and the movements rather than perfecting each step. Participants of all fitness levels can join, as the moves can often be modified to suit different abilities. The class usually lasts about an hour and is led by a certified Zumba instructor who guides the participants through various dance styles such as salsa, reggaeton, merengue, and cumbia, ensuring a full-body workout that feels more like a dance party than a fitness session.
