SAN JOSÉ RECREATION PRESCHOOL

DISCOVER ◆ **LEARN** ◆ **PLAY**

The San José Recreation Preschool program offers children, 3 to 5 year olds, and their families educational and recreational experiences that support their imaginative, physical, cognitive, social, and emotional development. Children prepare for kindergarten success in a safe and welcoming environment. The San Jose Recreation Preschool Program is adhering to all Santa Clara County, Public Health guidelines to ensure the health and well-being of students and staff.

KINDERPREP

This class prepares your child for kindergarten with age-appropriate activities, learning concepts, socialization skills, and fun. Your child will gain a basic understanding of shapes, colors, pre-phonics, literacy building (i.e. identifying letter sounds, writing the alphabet and simple words), number recognition, and counting up to 30. The goal is to have fun, participate, and learn. Children must be able to use the restroom unassisted. All children must have valid immunization records on file before the start of class. Requirements for parent participation will vary by center.

LITTLE LEARNERS

Children will be introduced to socialization, positive self-esteem, following directions, and simple learning concepts. Children will work on hand-eye coordination and motor skills while gaining independence through the use of circle time, music, songs, stories, play, and arts and crafts. Food will be provided for cooking activities and may be provided for special events. Children must be able to use the restroom unassisted. All children must have valid immunization records on file before the start of class. Requirements for parent participation will vary by center.

THE HATCHERY

This program is an opportunity to introduce preschoolers to farm life and animals at Emma Prusch Farm Park. Activities will include caring for our farm animals, songs, stories, crafts, garden fun, and games to develop socialization skills, eye-hand coordination, and motor skills. Your child will also learn alphabet sounds, shapes, and colors in a safe and fun farm atmosphere! Children must be able to use the restroom unassisted. All children must have valid immunization records on file before the start of class. Requirements for parent participation will vary by center.

KINDER PREP SPANISH EXPLORATION (3-5 YEARS OLD) @ WILLOW GLEN COMMUNITY CENTER

This class introduces your child to the Spanish language as they prepare for kindergarten through age-appropriate activities, learning concepts, socialization skills, and fun. Your child will gain a basic understanding of Spanish words, shapes, colors, pre-phonics, literacy building (i.e. identifying letter sounds, writing the alphabet and simple words), number recognition, and counting up to 30 in both English and Spanish. The goal is to have fun, participate, and learn. Children must be able to use the restroom unassisted. All children must have valid immunization records on file before the start of class. Requirements for parent participation will vary by center.

HAVING FUN

At Camp San Jose your child will participate in an unforgettable summer day camp experience combining summer camp traditions with enrichment and educational activities. Children will play crazy fun games, sports, create cool arts and crafts projects, sing funny songs, and embark on a weekly field trip. Activities incorporate educational features disguised in fun and entertaining activities and projects. Price includes a low leader to child ratio of 1:10, field trips, a Camp San Jose shirt, skill building, new friendships, disguised learning and much more!

Families opting not to participate in field trips are responsible for finding alternative care for their child(ren) not attending the trip. The City will not provide a prorated refund for those that elect not to participate, nor will onsite care be available. Campers need to bring water, lunch and sunscreen each day.

*Check with your local community center for a complete list of field trips, lunch programs, scholarships, and payment plans. Each Camp San Jose session runs for 1 week.

*Safety is our main priority, and we will continue to follow all Santa Clara County and state of California guidelines. For additional information please contact Willow Glen Community Center at (408) 448-6400.

Welcome to "Roblox Game Design", a dynamic course designed for aspiring coders aged 10-15. This interactive course leverages the excitement of Roblox, transforming gameplay into a hands-on coding experience. Throughout this course, students master essential programming concepts such as loops, rendering, and inventory systems by integrating them directly into the Roblox environment. Each challenge unlocks new coding skills and deepens their understanding, fostering logic, problem-solving, and creativity. This is not your typical coding class. We use Roblox to bring coding to life, evolving the way students interact with their favorite games.

SCRATCH #GAMEMAKER CAMP

Our "Scratch #GameMaker" invites problem solvers and young gamers, aged 8-11, to turn their passion to playing into a new-found love for creating. This course is not just about learning to code-it's exciting journey into the world of game creation. Our students will design and develop their games, fostering a new perspective on how they engage with games. By combining gaming and coding, we aim to nurture curiosity, inspire creativity, and instill critical thinking skills.

ENGINEERING W SPHERO ROBOTS ALL DAY CAMP

Our 'Engineering with Sphero Robots' course is not just another robotic course - it's an adventure for children aged 9-12 that seamlessly blends coding, robotics and storytelling. This unique learning experience utilizes Sphere BOLT, a dynamic coding robotic ball equipped with programmable sensors and a vibrant LED light matrix. Here, imagination is the key to innovation. Students create animated characters and construct narratives, transforming coding and robotic movement into a form of artistic expression. The hands-on curriculum also involves crafting obstacle course and bridges, fostering a practical understanding of design principles. Through these activities, students learn not just to create, but to test, refine, and improve their creations - an essential iterative process in STEM fields. This course doesn't merely teach students how to program a robot - it inspires creativity, instills a love for learning, and nurtures future innovators.

Junior Lego Robotics: Mission to Mars Camp

This camp is a perfect mixture of fun and learning, using LEGO® WeDo™ Robots. Using LEGO® bricks, students build various robotic solutions and machines designed for real-life astronomers to explore outer space! They also learn how to program and operate their creations using a laptop computer or tablet.

SPY ACADEMY CAMP

From decoding messages to metal detectors and night vision, campers check out spy tech equipment and take-home lots of gadgets! Step into the shoes of a detective as you uncover the science involved in evidence gathering and analysis! Figure out the science of forensics and reveal who is behind those crazy campers! Become a super spy and learn clever ways of performing tasks as we take a hands-on view of the science that spies use!
