HONORABLE MAYOR and CITY COUNCIL

INVESTMENT REPORT FOR THE QUARTER ENDED March 31, 2018

I am pleased to present this report of investment activity for the quarter ended March 31, 2018 in compliance with the reporting requirements set forth in the City of San José Investment Policy. The report presents information in the following major categories: Portfolio Statistics, Portfolio Performance, Compliance Reporting Requirements, Investment Trading Activity, and Investment Strategy.

In February 2018, the City completed the system conversion from SunGard to Sympro. All data reported for the quarter ended March 31, 2018 are gathered from Sympro, the City's current investment management system. Investment staff has performed extensive testing to ensure data accuracy and integrity. To align the investment management system with the City's accounting system, staff renumbered portfolio funds. Portfolio Fund 3 now replaces Portfolio Fund 1 in previous reports. Some data adjustments are made to reflect different calculation conventions adopted by Sympro.

The information presented in the table below highlights the investment activity for the quarter ended March 31, 2018, as well as provides a comparison to the quarters ended December 31, 2017, and March 31, 2017.

PORTFOLIO STATISTICS

Detailed information can be found in the attachments while summaries are provided below.

Portfolio Composition

Within this section are snapshots of the City's total investment portfolio as of March 31, 2018.

The first graph shows the portfolio composition by investment type.

The graph below reflects the reconciliation of total balances reported by the investment program's record-keeping system to the City's Financial Management System (FMS).

Total Balances per FMS	\$1,569,768,726
Deposit-in-Transit, Outstanding Checks ¹	<u>(4,606,258)</u>
Portfolio Balance Total	\$1,565,162,468

¹ Reflects timing difference between when deposits are made and accounted for in FMS or when checks are written and not yet cashed by the receiving party

General Fund Balances

General Fund balances increased by \$18.9 million during the quarter and ended with a balance of \$203 million as of March 31, 2018. Cash balances usually peak during the months of January and June when the bulk of property taxes are received. General Fund balances typically decline in the summer months due to retirement prefunding, debt service payments and operational expenditures.

The following graph compares monthly balances of five largest City funds as reported by FMS.

Prefunding of Annual Retirement Contributions and Issuance of Short-Term Notes

At the beginning of every fiscal year, the City prefunds a significant portion of the annual retirement contribution by employer. For Fiscal Year 2017-18, the prefunding amount was \$342.1 million. In anticipation of this cash outflow, the City set aside \$192.1 million in cash and matured investments. Additional funding of \$150 million came from Tax Revenue Anticipation Notes (TRAN) issued on July 3, 2017. The TRAN issuance ensures that cash balances in the General Fund remain positive throughout Fiscal Year 2017-2018. Since issuance, the City has paid off \$141.1 million, including principal and interest. The TRAN will be redeemed in full by June 30, 2018.

Successor Agency to the Redevelopment Agency of the City of San José Portfolio

Historically, the Redevelopment Agency participated in the City’s investment pool with both restricted bond proceeds and operating cash balances. As of February 1, 2012, redevelopment agencies in California were dissolved by legislative action and the City, acting as the Successor Agency to the Redevelopment Agency (“SARA”), began the administrative transition of funds out of the investment pool. The transition was completed in April 2012 and funds were transferred to SARA’s bank accounts. As of March 31, 2018, SARA reported cash balances as outlined in the table below:

Yield and Maturity Trend

The following graph illustrates monthly dollar-weighted average-days-to-maturity (“ADM”) of Fund 3 Portfolio (bar graph) along with the weighted average yield (line graph) for the past two years.

**Fund 3 Portfolio Yield and Maturity Trends
 March 2016 – March 2018**

The Fund 3 Portfolio’s average days to maturity (ADM) decreased from 565 days as of December 31, 2017, to 527 days on March 31, 2018. The weighted average yield increased from 1.459% as of December 31, 2017 to 1.573% on March 31, 2018.

Investment activities were low during the quarter except for January when the City received the first half of the property tax allotment. Interest rates rose rapidly throughout of the quarter but the City had very little excess funds to invest during February and March. All new investments were purchased at much higher yields which contributed to the increase of the aggregate portfolio yield. The ADM decreased during the quarter, as only a few new investments were made, and existing investments in the portfolio got closer to their respective maturity dates.

Comparison with Benchmarks

The City’s Total Portfolio is not compared to benchmarks because it includes various funds which have separate cash flows and investment requirements. Only the City’s Fund 3 Portfolio is compared against benchmarks for performance purposes. The following graph demonstrates a yield comparison by month of the City’s Fund 3 Portfolio, the California LAIF, and the BAML Index for the period from March 2016 to March 2018.

**Portfolio vs. Benchmarks
March 2015 – March 2018**

Notes:

1. **City** refers to City's Fund 3 Portfolio, and the yield data are month end weighted average yields.
2. **LAIF** refers to the State of CA Local Agency Investment Fund and yield data are average monthly effective yields.
3. **BAML** refers to Bank of America Merrill Lynch 1-3 Year AAA-A US Corporate & Government Index and yield data are rolling 2-year effective yield.

LAIF is a short-term investment option available to local agencies in California. The City invests most of its short-term funds in LAIF and often references LAIF as a floor benchmark when making investment decisions. The City portfolio's ADM of 527 days is longer than LAIF's 183 days, which accounts for the yield difference between the two. LAIF has a very high turnover ratio. When the short-term interest rates rise quickly, LAIF yields also increase at a fast speed.

The BAML Index is a broad market index and tracks dollar denominated investment-grade debt with a remaining maturity up to 3 years. The City's Investment Policy allows investments, in a few sectors, up to a 5-year final maturity. Although the City portfolio is mainly composed of investments shorter than 3 years, staff is making a conscious effort to place a portion of the portfolio in the 3- to 5-year maturity range to add incremental yield when appropriate. As a result, the City's portfolio outperformed the BAML Index during last two years, despite having a shorter ADM.

Unrealized Losses and Gains

As shown in the Investment Summary Table on page 1 of this report, the total portfolio size as of March 31, 2018, was approximately \$1.57 billion. The following table illustrates the net unrealized gains or losses on the portfolio when comparing the portfolio’s market value to both its original cost and amortized cost.

UNREALIZED GAINS & LOSSES			
Cash Basis			
Market Value	\$1,547,439,979	Market Value	\$1,547,439,979
Original Cost	<u>(1,565,162,468)</u>	Amortized Cost	<u>(1,561,449,612)</u>
Net Unrealized Loss	\$ (17,722,489)	Net Unrealized Loss	\$ (14,009,633)

An inverse relationship exists between general changes in interest rates and the value of investment securities. As interest rates decrease, the value of the City’s investments increases. Conversely, as interest rates increase, the value of the City’s investments declines. The City’s investment practice, per the Investment Policy, is generally to hold securities to maturity, with exceptions as noted in the Policy. The net unrealized losses noted above are “paper losses” and would only be realized if securities were sold prior to maturity.

Earned Interest Yield

The earned interest yield of the total investment portfolio for the quarter ended March 31, 2018 was 1.566%, which is 0.15% higher than the previous quarter.

COMPLIANCE REPORTING REQUIREMENTS

Pursuant to Section 21.0 of the City’s Investment Policy, *“No less than semi-annually each year, a compliance audit shall be conducted of the City’s investment program to determine whether the City’s investments within the City’s pooled portfolio are in compliance with the City’s Investment Policy, internal controls and department procedures.”* These compliance audits per the Investment Policy can be included in the City Auditor’s work plan, or can be conducted by an external auditor at the request of the Director of Finance. During the past quarter, an external audit was included in the City Auditor’s work plan, and the Auditor’s Office engaged the services of Macias, Gini, & O’Connell LLP (“MGO”) to audit the City’s investments within the pooled portfolio. MGO completed its evaluation for the six-month period ended December 31, 2017 and found the City’s investment program to be in compliance with the City’s Investment Policy, internal controls and department procedures. Two findings were noted in the auditor’s report: market value variance and delayed posting of prepaid interest. Both were normal to investment operations and neither can be considered as an exception. A copy of the Independent Accountant’s Agreed-Upon Procedures Report is attached to this quarterly report (Section E).

Additionally, as a part of the reporting process outlined in the Investment Policy, several compliance requirements shall be included in the quarterly report. These requirements include a statement of cash management projection, statement of compliance with the policy, and comparisons of budgeted investment earnings to actual investment earnings.

Cash Management Projection

Based on the Finance Department’s cash flow projection as of March 31, 2018, total revenues and investment maturities for the next six months are anticipated to be approximately \$1.597 billion. This is sufficient to cover projected expenditures of approximately \$1.499 billion.

Statement of Compliance with the Policy

There were no exceptions or violations outstanding for the quarter ended March 31, 2018. The investment portfolio meets the requirements of the City’s Investment Policy and California Government Code section 53601.

Comparison of Portfolio Investment Earnings to FY 2017-18 Budget

The following is a comparison of actual General Fund investment earnings, on an accrual basis, to the fiscal year 2017-18 budget. The fiscal year 2017-18 budgeted interest earnings for the General Fund is \$2 million, and the forecasted net interest yield is 1.20%. The schedule below compares the unaudited actual net investment earnings to the General Fund budget for the quarter ended March 31, 2018. The interest earnings are greater than the forecast for the quarter and for the fiscal year.

BUDGET COMPARISON

(a) Reflects the 2018-2023 General Fund Forecast Information submitted by Finance on February 2, 2017.
(b) Reflects the earned interest yield less costs to administer the investment program, adjusted for funds with negative cash balances at month end.

INVESTMENT TRADING ACTIVITY

Section D provides a detail of the City's investment activities, including purchases, maturities, amortization, received interest, and realized gains or losses from trading activities.

INVESTMENT STRATEGY

The Investment Program continues to focus on its core mandates of safety, liquidity, and yield. Investments have been matched to known cash flow outlays in the next 24-month horizon. Beyond the 24-month horizon, staff extends maturities in order to provide income and structure to the portfolio when appropriate.

The Federal Reserve increased the Fed Funds Target Rate in March 2018 to 1.75%. At least two more rate hikes are anticipated for 2018. Inflation gradually moved up to the Fed's guideline and the unemployment rate stays as low as 4.1%. Some believe that the Federal Reserve may speed up the increase of interest rates.

With the current market condition in mind, the investment staff will focus on the overall quality of the portfolio and invest with care, prudence and diligence.

Future Commitments – As of March 31, 2018, the City had no obligations to sell securities and no commitments to participate in securities trading.

Executed Reverse Repurchase Agreements – No reverse repurchase agreements were executed this quarter.

Restructuring – No restructuring activities took place during the quarter ended March 31, 2018.

CONCLUSION

The total investment portfolio as of March 31, 2018 was \$1,565,162,468, increased by approximately \$82.6 million from the previous quarter. For the quarter ended March 31, 2018, the earned interest yield was 1.566%, an increase from 1.417% reported for the previous quarter. The average days to maturity decreased from 562 days on December 31, 2017, to 524 days on March 31, 2018. As of March 31, 2018, approximately 35% of the total portfolio was invested in U.S. Treasuries and agency securities.

SECTION B

EARNED INCOME REPORTS

The Earned Income reports summarize portfolio amortizations, income accruals and cash receipts for all investments active during any part of the report period. Types of investments are described as follows:

TIME DEPOSITS: A deposit with a California bank or savings and loan association for a specific amount and with a specific maturity date and interest rate. Deposits of up to \$250,000 are insured by FDIC or FSLIC. Deposits over \$250,000 are collateralized above the insurance with either government securities (at 110% of par value), first trust deeds (at 150% of par value), or letters of credit (at 105% of par value).

GOVERNMENT SECURITIES: An issue of the US Treasury. May include US T-Bills (up to 1 year maturity), US T-Notes (maturity of up to 10 years), and US T-Bonds (maturity of longer than 10 years from date of issue). "Stripped Coupons" are coupons that have been physically separated from the original bond before being sold. The purchaser of the coupons in effect is buying the interest that will be paid on the underlying bond on a certain date.

FEDERAL AGENCIES: Any issue of various Federal Agencies, such as Federal National Mortgage Association, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Federal Farm Credit Banks and Government National Mortgage Association.

MEDIUM-TERM NOTES (MTNs): Continuously offered notes, having any or all of the features of corporate bonds and ranging in maturity from nine months out to 30 years. The difference between corporate bonds and MTNs is that corporate bonds are underwritten.

REPURCHASE AGREEMENTS: A holder of securities (e.g. a "dealer") sells the securities to an investor (e.g. the City) with an agreement to repurchase the securities at a fixed price on a fixed date.

REVERSE REPURCHASE AGREEMENTS: A dealer buys securities from a client (e.g. the City) with an agreement to sell them back to the client at a fixed price on a fixed date.

MONEY MARKET INSTRUMENTS: Negotiable Certificates of Deposit, Commercial Paper and Banker's Acceptances. Negotiable Certificates of Deposit are large denomination certificates of deposit with a fixed maturity date which can be sold in the money market. They are not collateralized. Commercial Paper is an unsecured promissory note issued by a corporation. It has a fixed maturity (may not be more than 270 days) and is usually sold in discount form. Banker's Acceptances are drafts or bills of exchange accepted by a bank or trust company evidencing a loan created by the accepting bank. The accepting institution guarantees payment of the bill.

LOCAL AGENCY INVESTMENT FUND: An investment pool managed by the State Treasurer in which local governments and agencies in California may participate.

The subtotal line for each category includes the weighted average days to maturity for that category and also what percentage of the total portfolio the individual investment category represents.

SECTION D

DETAIL OF INVESTMENT ACTIVITY

This report summarizes investment activity during the report period by type of activity rather than by type of security. The report shows all interest received during the report period, and all maturities, purchases and sales. The report also shows all “paydowns” on securities on which principal is amortized rather than due at maturity (e.g. federal agency securities).

The last part of the report shows the number of transactions placed with each dealer and includes the total dollar amount of transactions per dealer.

Independent Accountant's Report on Applying Agreed-Upon Procedures

We have performed the procedures enumerated below, which were agreed to by the City of San José (City) Finance Department and the Office of the City Auditor (City Auditor), solely to assist these specified parties in evaluating whether the investments within the City's pooled portfolio are in compliance with the City's Investment Policy and Finance Department procedures as of December 31, 2017. The City's management is responsible for the City's compliance with those requirements. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

1. We obtained a copy of the FY 2017-18 Second Quarter Investment Report (Investment Report) as of December 31, 2017 and agreed individual investments, which includes investment description, maturity date, CUSIP number, book and market value, to supporting documentation such as custodian/bank statements obtained from the City.

Finding: We noted there was a difference of \$2.85 million in market value, which represents 0.19% of the portfolio, where the Investment Report reported a higher balance compared to the custodian statement on individual investments. The difference is due to Wells Fargo and the City using different pricing sources.

2. We traced total investments listed on the Investment Report to the City's general ledger.

Finding: We noted a net variance of \$52,310 between the Investment Report and the City's general ledger (FMS) as of December 31, 2017. The variance represents purchased interest where the City's general ledger reported higher balance at year end. The variance was resolved when the coupon was received and the Investment staff posted the cash journal in early January.

3. We verified the types of investments listed in the Investment Report as of December 31, 2017 were authorized by the City's Investment Policy dated March 7, 2017.

Finding: No exceptions were found as a result of applying the procedure.

4. We read the Investment Report to determine whether it contains the information/data required by the City's Investment Policy and whether it meets the timing requirements of the City's Investment Policy, as follows:
 - a. The Investment quarterly report includes the type of investment, issuer, date of maturity, par and dollar amount invested on all securities, investments and monies held by the City.
 - b. The Investment quarterly report includes market value (and source) as of the date of the report of all securities held by the City or under management of any outside party.
 - c. The Investment quarterly report states the compliance of the portfolio to the City's Investment Policy.
 - d. The Investment quarterly report includes a statement addressing the ability of the City to meet the pool's expenditure requirements for the next six months.

Finding: No exceptions were found as a result of applying the procedure.

5. We verified the investments listed in the Investment Report as of December 31, 2017 were not prohibited investments listed in the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

6. We calculated the total investment amounts on a cost basis for the investment types listed in the Investment Report as of December 31, 2017, and compared those totals to the maximum portfolio limitations imposed by the City's Investment Policy for specified investment types.

Finding: No exceptions were found as a result of applying the procedure.

7. We agreed individual investment maturity dates listed in the Investment Report as of December 31, 2017, to the custodian/bank statements and determine if they conform to the maturity requirements of the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

8. We obtained and read the third party custodial agreement(s) and broker/dealer agreement(s) in effect at the date of the Investment Report to determine if the agreements contained a clause addressing delivery of securities and that the delivery method conformed to the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

9. We recomputed and reviewed supporting documentation relevant to the repurchase agreements and, if applicable, the reverse repurchase agreements held by the City on December 31, 2017, to ascertain whether the investments conform to the City's Investment Policy.

Finding: Not applicable. No repurchase or reverse repurchase agreements were held by the City on December 31, 2017.

10. We determined through inquiry and observation whether the responsibilities for initiating, evaluating and approving transactions are separate from detail accounting and general ledger functions.

Finding: No exceptions were found as a result of applying the procedure.

11. We determined through inquiry and observation whether custodial responsibility for investments is restricted to authorized personnel and separate from personnel with accounting duties.

Finding: No exceptions were found as a result of applying the procedure.

12. We determined through inquiry and observation whether responsibilities for detail investment records in the investment system (SunGard) are separate from general ledger functions.

Finding: No exceptions were found as a result of applying the procedure.

13. We determined through inquiry and document inspection whether the City maintains authorized lists of signatures, security dealers, and counter parties and whether those lists are updated periodically.

Finding: No exceptions were found as a result of applying the procedure.

14. We determined through inquiry and document inspection whether the City periodically counts and/or confirms its investments.

Finding: No exceptions were found as a result of applying the procedure.

15. We determined through inquiry and document inspection whether counts and/or investment confirmations and detailed subsidiary records are prepared by Accounting Technician and reviewed by Assistant Director of Finance and Deputy Director of Accounting.

Finding: No exceptions were found as a result of applying the procedure.

16. We determined through inquiry and document inspection whether investment income is periodically reviewed for accuracy by the Assistant Director of Finance and Deputy Director of Accounting.

Finding: No exceptions were found as a result of applying the procedure.

17. We determined through inquiry and document inspection whether reconciliations between detailed subsidiary records and general ledger control accounts are prepared by Accountant I and reviewed by Supervising Accountant.

Finding: No exceptions were found as a result of applying the procedure.

18. We determined through inquiry and document inspection whether an appropriate person assesses the classification and valuation of its investments at acquisition and at the end of the quarter.

Finding: No exceptions were found as a result of applying the procedure.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on whether the City's investments within the City's pooled portfolio are in compliance with the City's Investment Policy and Finance Department procedures as of December 31, 2017. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the City Council, the Public Safety, Finance & Strategic Support Committee, the City Auditor, and Finance Department and is not intended to be and should not be used by anyone other than these specified parties.
