

This figure shows bikeway projects under development and programmed for construction over a three-year period in Central San Jose. Existing facilities are shown as solid lines, while future facilities are shown as dashed lines. This 49-sq mile area contains 45% of the City's population and 57% of the City's jobs in only 28% of the City's land area. Population density is twice that of the remainder of the city. Bicycling and walking already account for 15% of trips downtown (blue area). Updated 6/26/2014.
