RE: Classification Issues (Council Memo and Update)

Dear Karl, Don and Ron:

Please find enclosed the Council Memo regarding the proposed classification structure and compensation changes we have previously discussed. This matter is on the City Council's June 23rd Agenda. The enclosed memo is also available online:

http://sanjose.granicus.com/MetaViewer.php?view_id=&event_id=735&meta_id=521207

As we discussed, the wage increases that are part of the Tentative Agreement (TA) on a successor Memorandum of Agreement (MOA) the City and ABMEI reached on June 17, 2015, would be in addition to the compensation changes that would result from the classification changes before City Council on June 23rd. As an FYI, the TA is available online here:

<http://www.sanjoseca.gov/DocumentCenter/View/44677>

Please let me know if you have any further questions.

Sincerely,

Marco Mercado
Assistant to the City Manager

c: Jennifer Schembri, Interim Director of Employee Relations
Harry Freitas, Director, PBCE
Peter Fenerin, President, ABMEI

Memorandum

TO: HONORABLE MAYOR AND CITY COUNCIL
FROM: Joe Angelo
SUBJECT: AMENDMENTS TO THE CITY PAY PLAN FOR VARIOUS CLASSIFICATIONS
DATE: June 11, 2015

Approved

Date

6/12/15

RECOMMENDATION

Adopt a resolution to:

1. Amend the City of San José Pay Plan effective July 5, 2015, to create the following classifications:
 - a. Building Inspector Combination Certified II (3902)
 - b. Building Inspector Combination Certified III (3903)
 - c. Building Inspector Combination Certified Senior (3904)
 - d. Building Inspector Supervisor Certified II (3905)
2. Amend the City of San José Pay Plan effective July 5, 2015, to change the salary range and title for the following classifications:
 - a. Building Inspector Combination Certified I (3915) (formerly Building Inspector/Combination Certified)
 - b. Building Inspector Supervisor Certified I (3912) (formerly Building Inspector, Supervisor Certified)
3. Amend the City of San José Pay Plan effective July 5, 2015, to change the salary range for the following classifications:
 - a. Building Inspector Manager (3910)
4. Amend the City of San José Pay Plan effective July 5, 2015, to delete the following classification:
 - a. Building Inspector, Supervisor (3919)

OUTCOME

If the above recommendations are approved, the City of San José Pay Plan will be amended to create the new classifications of Building Inspector Combination Certified II (3902), Building

HONORABLE MAYOR AND CITY COUNCIL

Subject: Amendments to the City Pay Plan for Various Classifications

June 11, 2015

Page 2 of 4

Inspector Combination Certified III (3903), Building Inspector Combination Certified Senior (3904), and Building Inspector Supervisor Certified II (3905); to change the salary range and title for Building Inspector/Combination Certified (3915) and Building Inspector, Supervisor Certified (3912); to amend the salary range for Building Inspector Manager (3910); and to delete the classification of Building Inspector, Supervisor.

BACKGROUND

When new job classifications are added or deleted, job titles are changed, or salaries are revised, the City of San José Pay Plan must be amended by Council resolution. The City Pay Plan reflects all job classification and compensation changes made through Council Resolution, are on file in the Human Resources Department, and published on the City's Internet and Intranet sites.

ANALYSIS

Building Inspector Series: New Classifications and Revised Classification Titles and Salary Ranges

Human Resources worked together with Planning, Building and Code Enforcement and Public Works to redesign the Building Inspector series, based on a study conducted by CPS HR Consulting, Inc. The proposed changes add new flexibly-staffed levels to the entry and supervisory levels. The purpose of the additional flexibly-staffed levels is to recognize increasing job expertise as shown by additional certifications and to provide additional promotional opportunities. In order to increase Planning, Building and Code Enforcement's ability to meet customer needs, all certification requirements will be at the commercial level for future hires. Human Resources has developed a transition plan (attached) to allow Inspectors who currently possess a combination of commercial and residential certifications to advance to the appropriate higher level with a defined time frame for upgrading residential certifications to commercial.

The changes to the job classifications will allow the Department to better utilize the skills, training and experience of inspectors to provide increased service to the community. The job duties in the new classifications (Building Inspector Combination Certified I/II/III/Senior and Building Inspection Supervisor certified I/II) will conduct inspections as assigned by the Chief Building Official or designee (Division Manager, Inspection Managers and Supervisors) based on each individual Inspector's experience, training and licensing. The Department shall also take into consideration an individual Inspector's level of readiness to safely conduct more complex inspections. It is not the expectation of the Chief Building Official/designee to assign inspection work to those who may not be capable and/or may not be qualified to perform specialty inspections. The assignments may vary depending on the business needs of the Department. While this may result in the expanded areas of inspection by those who are qualified and capable of it, the classification changes being contemplated will not result in all Inspectors being mandated to conduct the types of inspections beyond an individual's training, qualification and experience. The Chief Building Official is responsible for work assignments and duties, and the

HONORABLE MAYOR AND CITY COUNCIL

Subject: Amendments to the City Pay Plan for Various Classifications

June 11, 2015

Page 3 of 4

Chief Building Official or designees determine how individual inspectors are dispatched and the type of inspections individual inspectors perform.

- a. Building Inspector Combination Certified I/II/III/Senior (formerly Building Inspector/Combination Certified)—with annual pay ranges of \$78,291.20 - \$95,118.40 (I); \$80,392.00 - \$97,968.00 (II), \$83,595.20 - \$101,857.60 (III) and \$87,776.00 - \$106,932.80 (Senior). These flexibly-staffed classes are responsible for performing a wide variety of inspection related duties with minimal supervision. Movement to the higher levels is contingent on meeting requirements for additional certifications and years of experience. The additional levels provide an approximately 12% expansion of the range from the current Building Inspector/Combination Certified classification.
- b. Building Inspector Supervisor Certified I/II (formerly Building Inspector, Supervisor Certified)—with annual pay ranges of \$94,640.00 - \$115,356.80 (I); \$97,344.00 - \$118,601.60 (II). These flexibly staffed classes are responsible for supervising and coordinating field construction inspection projects for new or remodeled industrial, commercial and residential facilities to ensure they comply with governmental codes and ordinances and overseeing the issuance of permits, scheduling of inspections, and review of plans and specifications for building projects. Movement to the higher level is contingent on meeting requirements for additional certifications and years of experience. The additional level provides an approximately 11% expansion of the range from the current Building Inspector, Supervisor Certified classification.
- c. Building Inspection Manager—new annual pay range of \$105,788.80 - \$128,440.00 provides an increase of approximately 10% to avoid compaction due to the expanded salary ranges for Building Inspector Combination Certified I/II/III/Senior and Building Inspector Supervisor Certified I/II.

Deletion of Classifications

The following classification is being deleted as it is no longer in use.

- a. Building Inspector, Supervisor (3919) – the non-certified level is no longer used.

EVALUATION AND FOLLOW-UP

No additional City Council action is expected following the adoption of the proposed resolution. Revisions to the Pay Plan are reported to the Civil Service Commission at the first regularly scheduled meeting following Council action.

PUBLIC OUTREACH

This memorandum will be posted on the City's website for the June 23, 2015 Council meeting.

HONORABLE MAYOR AND CITY COUNCIL

Subject: Amendments to the City Pay Plan for Various Classifications

June 11, 2015

Page 4 of 4

COORDINATION

This memorandum was coordinated with the City Manager's Budget Office, the Office of Employee Relations, the City Attorney's Office, and the Planning, Building and Code Enforcement, and Public Works Departments.

COST SUMMARY/IMPLICATIONS

Human Resources has identified 46 employees in Planning, Building and Code Enforcement and 6 employees in Public Works who will receive increases as a result of range adjustments or are eligible for movement to a higher level. The estimated ongoing cost of the increase (salary and fringe) is approximately \$784,700. The following chart provides a breakdown of cost by department for this proposal.

	Estimated Ongoing Cost FY15-16
<i>Planning, Building & Code Enforcement</i>	<u>\$713,500</u>
<i>Public Works</i>	<u>\$71,200</u>
Grand Total	\$784,700

These additional costs will be paid for by development fees that support the General Fund. These additional costs will be monitored as actual expenses occur. Adjustments to the Planning Building and Code Enforcement and Public Works Departments budgets will be brought forward for City Council consideration at a later date, if necessary. Costs beyond 2015-2016 will be factored into future base budgets.

CEQA

Not a Project, File No. PP10-068(b), Municipal Code, Title 3.

Building Inspector Combination Certified I/II/III/Senior class specification

Building Inspector Supervisor Certified I/II class specification

Transition Plan

City of San José
CLASS SPECIFICATION

Building Inspector Combination (3917)
Building Inspector Combination Certified I/II/III/Senior
(3915/3902/3903/3904)

DEPARTMENT	ACCOUNTABLE TO	FLSA STATUS
Planning, Building, & Code Enforcement, Public Works	Building Inspector Supervisor	Non-Exempt

CLASS SUMMARY:

Incumbents are responsible for performing a wide variety of inspection related duties with minimal supervision. Duties may include: conducting inspections of industrial, commercial, manufacturing, and residential facilities to ensure compliance with codes, regulations, ordinances, and standards; investigating zoning, code, building, construction and land use changes in the field; gathering factual data to ascertain present use of land and location of structures; inputting data into system for general public access; assisting in the review of projects; setting up inspection schedules; generating written reports and enforcement orders; checking plans for compliance with codes; providing technical assistance for the development of new codes; and, coordinating smaller projects.

DISTINGUISHING CHARACTERISTICS:

This is a five-level flexibly staffed class which is the first in the Building Inspector series. Building Inspector Combo Cert Seniors may provide training and lead direction to Building Inspector Combo/Cert I/II/III. These flexibly-staffed classes are distinguished from Permit Specialist/Permit Specialist, Sr. which are responsible for providing technical support and over the counter assistance. They are also distinguished from Building Inspector Supervisor Cert I/II which is required to manage projects and has supervisory authority.

Building Inspector Combination classes are inclusive of three specialty groups: Building, Electrical, and Plumbing/Mechanical. Incumbents will be identified as holding one of the three specialties upon hire, and this designation will be used in the event of position reductions. Displacement would occur by seniority order within the specific specialty group.

Incumbents may be subjected to moving mechanical parts, electrical currents, gases, poor ventilation, extreme temperatures, inadequate lighting, work space restrictions, intense noises and travel. Light Work: Exerting up to 40 pounds of force occasionally, and/or up to 10 pounds of force frequently, and/or negligible amount of force constantly to move objects.

QUALIFICATIONS

(These qualifications are typically required. An equivalent combination of education and experience sufficient to satisfactorily perform the duties of the job may be substituted.)

Minimum Qualifications

Education and Experience

- **Building Inspector Combination:** Graduation from high school or equivalent and four (4) years of construction experience equivalent to either a journey level carpenter, electrician, plumber, air conditioning mechanic, or related contractor, including one (1) year of lead experience, or two (2) years of combination inspection experience for a public agency and two (2) years of construction related experience equivalent to the above.

City of San José
CLASS SPECIFICATION

Building Inspector Combination Certified I/II/III/Senior
(3915/3902/3903/3904)

- **Building Inspector Combination Certified I:** Graduation from high school or equivalent and four (4) years of construction experience equivalent to either a journey level carpenter, electrician, plumber, air conditioning mechanic, or related contractor, including one (1) year of lead experience, or two (2) years of inspection experience for a public agency and two (2) years of construction related experience equivalent to the above.
- **Building Inspector Combination Certified II:** Graduation from high school or equivalent and four (4) years of construction experience equivalent to either a journey level carpenter, electrician, plumber, air conditioning mechanic, or related contractor, including one (1) year of lead experience AND one (1) year of inspection experience for a public agency. Two (2) additional years of inspection experience for a public agency may be substituted for two (2) years of construction experience.
- **Building Inspector Combination Certified III:** Graduation from high school or equivalent and four (4) years of construction experience equivalent to either a journey level carpenter, electrician, plumber, air conditioning mechanic, or related contractor, including one (1) year of lead experience AND two (2) years of inspection experience for a public agency. Two (2) additional years of inspection experience for a public agency may be substituted for two (2) years of construction experience.
- **Building Inspector Combination Certified Senior:** Graduation from high school or equivalent and four (4) years of construction experience equivalent to either a journey level carpenter, electrician, plumber, air conditioning mechanic, or related contractor, including one (1) year of lead experience AND three (3) years of inspection experience for a public agency. Two (2) additional years of inspection experience for a public agency may be substituted for two (2) years of construction experience.

Acceptable Substitution

Closely related college level courses such as classes in construction, architecture, fire protection and engineering or equivalent from an accredited college or university may be substituted for the required contractor or journey level construction experience on a year-for-year basis up to a maximum of two (2) years.

Licensing Requirements:

- Valid California Driver's License.
- **Building Inspector Combination Certified I:** Possess and maintain valid commercial certification issued by an agency acceptable to the City in the employee's specialty area
- **Building Inspector Combination Certified II:** Possess and maintain valid commercial certifications issued by an agency acceptable to the City in the employee's specialty trade and in one (1) additional commercial specialty trade
- **Building Inspector Combination Certified III:** Possess and maintain valid commercial certifications issued by an agency acceptable to the City in the employee's specialty trade and in two (2) additional commercial specialty trades
- **Building Inspector Combination Certified Senior:** Possess and maintain valid commercial certifications issued by an agency acceptable to the City in the employee's specialty trade and in three (3) additional commercial specialty trades OR in two (2) additional commercial specialty trades and one other certification such as Plan Review or CASp

City of San José
CLASS SPECIFICATION

TITLE: Building Inspector Supervisor Certified I/II(3912/3905)

DEPARTMENT	ACCOUNTABLE TO	FLSA STATUS
Planning, Building & Code Enforcement, Public Works	Building Inspection Manager	Non-Exempt

CLASS SUMMARY

Supervises and coordinates field construction inspection projects for new or remodeled industrial, commercial and residential facilities to ensure they comply with governmental codes and ordinances. Oversees the issuance of permits, scheduling of inspections, and review of plans and specifications for building projects. Typically supervises Building Inspectors and/or administrative staff. Performs related work as required.

DISTINGUISHING CHARACTERISTICS

This is a two-level flexibly staffed class which is the second in the Building Inspector series. It is distinguished from Building Inspector Combo/Cert I/II/III/Senr by its responsibility for leading or managing inspection projects and is typically responsible for day-to-day supervision of Building Inspectors and inspection operations.. Building Inspector Supervisor Cert I/II is distinguished from the higher level Building Inspection Manager class in that the latter is responsible for the overall administration of an inspection program and technical code requirements relating to inspections for a trade discipline for the entire division.

QUALIFICATIONS

(These qualifications are typically required. An equivalent combination of education, experience, knowledge, skills, and abilities sufficient to satisfactorily perform the duties of the job may be substituted.)

Minimum Qualifications

Education and Experience

- **Building Inspector Supervisor Certified I:** Graduation from high school or equivalent Six years of experience in construction as a journey level carpenter, plumber, air conditioning mechanic, electrician, or related contractor, or performing inspections for a public agency.
- **Building Inspector Supervisor Certified II:** Graduation from high school or equivalent Six years of experience in construction as a journey level carpenter, plumber, air conditioning mechanic, electrician, or related contractor, or performing inspections for a public agency.

Licensing Requirements:

- Valid California Driver's License.
- **Building Inspector Supervisor Certified I:** Possess and maintain valid Inspector Certification issued by an agency acceptable to the City in the inspection trade discipline(s) being supervised.
- **Building Inspector Supervisor Certified II:** Possess and maintain valid commercial certifications issued by an agency acceptable to the City in the employee's specialty trade and in three (3) additional commercial specialty trades OR in two (2) additional commercial specialty trades and one other certification such as Plan Review or CASp.

Other Qualifications

(Incumbents may be required to have different combinations of the listed qualifications, or more specific job-related qualifications depending on the position.)

Basic Knowledge, Skills and Abilities

(Needed at entry into the job in order to perform the essential duties.)

Job Expertise - demonstrates knowledge of and skill in:

- Inspection practices and procedures;
- Applicable laws, rules, and regulations;
- Basic electrical principles;
- Basic building, plumbing and mechanical principles;
- Current computer technology and trends;
- Basic construction practices;
- Safety principles.
- Negotiating with building contractors;
- Conducting tests and measurements to ensure compliance with building codes;
- Researching information;
- Using simple drafting instruments;
- Performing routine mathematics;
- Using electrical and mechanical measuring tools;
- Performing inspections;
- Reading and interpreting technical documents, plans, ordinances and blueprints.

Communication Skills - communicates and listens effectively and responds in a timely, effective, positive and respectful manner; written reports and correspondence are accurate, complete, current; well-organized, legible, concise, neat, and in proper grammatical form.

Collaboration - develops networks and builds alliances; engages in cross-functional activities.

Conflict Management - uses appropriate interpersonal styles and methods to reduce tension or conflict between two or more people.

Customer Service - approaches problem-solving by focusing on customers first; advocates for customer results point of view; demonstrates the ability to anticipate customers' needs and deliver services effectively and efficiently in a timely, accurate, respectful and friendly manner.

Initiative - exhibits self-directed, resourceful and creative behaviors toward meeting job objectives; anticipates problems, is proactive, and avoids difficulties by planning ahead; displays willingness to assume extra responsibility or workload and accept challenges; pursue continuing educational opportunities which promote enhanced job performance.

Problem Solving - approaches a situation or problem by defining the problem or issue; determines the significance of problem(s); collects information; uses logic and intuition to arrive at decisions or solutions to problems that achieve the desired outcome.

City of San José
CLASS SPECIFICATION

TITLE: Building Inspector Supervisor Certified I/II(3912/3905)

Reliability - completes quality work assignments in a timely and efficient manner; fulfills responsibilities and maintains confidentiality as appropriate.

Supervision-establishes high standards of performance and sets an example for others to follow; assigns decision-making and work functions to others in an appropriate manner to maximize organizational and individual effectiveness; uses appropriate methods and a flexible interpersonal style to help others develop their capabilities.

Team Work & Interpersonal Skills - demonstrates a positive attitude and flexibility along with the ability to develop effective relationships with co-workers and supervisors by helping others accomplish tasks and using collaboration and conflict resolution skills.

Desirable Qualifications

(Knowledge, skills and abilities; licenses, certificates, education, experience that is more position specific and/or likely to contribute to more successful job performance.)

Knowledge of:

- Public administration principles;
- Judicial procedures and practices;
- Supervisory techniques;
- Surveying techniques;
- Using computers and applicable software;
- Assigning, monitoring and evaluating work;
- Preparing and giving oral presentations;
- Preparing formal written documents;
- Keeping records.
