

BERRYESSA BART URBAN VILLAGE

Join us in creating the Berryessa BART Urban Village Area Plan that will guide future development within this urban village. San José's first BART station will open in the heart of this urban village. The area is envisioned with commercial and residential development.

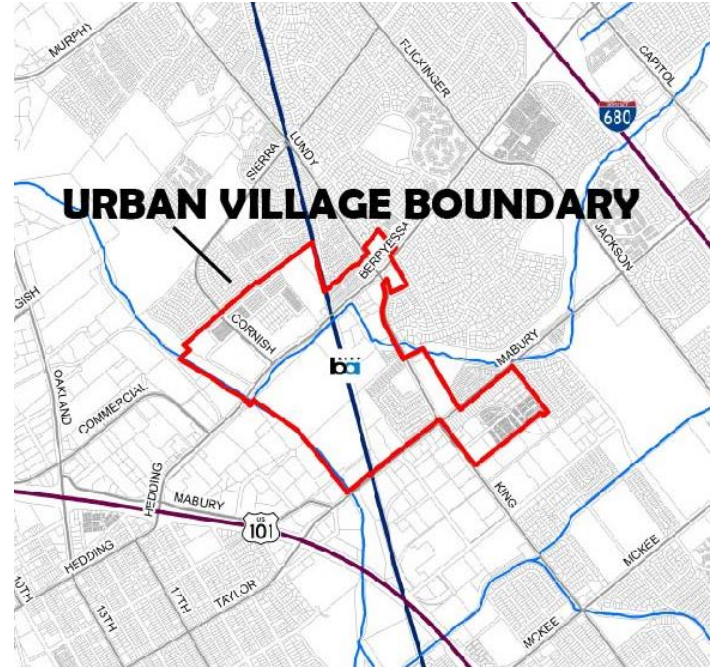

To engage the public and enable input, we're planning a series of community workshops, with the first one on **November 15, 2018**. The workshops are designed so that everyone can share their ideas about the future of this area. We look forward to your input at our first workshop!
