CITY OF SAN JOSE
PARK MAINTENANCE REPAIR WORKER I (3412)

CLASS PURPOSE

Under general supervision, performs a variety of semi-skilled and skilled park maintenance and repair work of routine difficulty. Performs related work as required.

TYPICAL DUTIES AND RESULTS (Any one position may not include all the duties listed, nor do the examples cover all the duties which may be performed.)

Performs the maintenance, repair and renovation of irrigation system controllers, valves, pipes and related components.

Performs the maintenance of swimming pool and fountain systems, potable water systems and associated metering equipment, vacuum pumps, valves and controllers.

Performs the maintenance, repair and overhaul of two- and four- cycle engines, park maintenance machinery and equipment such as edgers, trimmer mowers, gang/rotary mowers, greens mowers, sprayer units, renovators, aerators, turf sweepers, chain saws and other equipment.

Performs the maintenance and repair of playground and park hardware such as benches, tables, ball washers and barbeque units.

Operates arc welding and oxyacetylene equipment for cutting, brazing and repairing metal objects.

DISTINGUISHING CHARACTERISTICS

This class differs from the next lower class of Groundswoker in that incumbents of that class are more concerned with grounds maintenance. This class differs from the next higher class of Park Maintenance Repair Worker II in terms of responsibility, supervision and skill level.

QUALIFICATIONS
