

**SECTION 10**

**DUST CONTROL**

Dust control shall conform to Section 10 of the Caltrans Standard Specifications and these City Standard Specifications.

**10-1.01 Description.** - Unless otherwise specified, the Contractor shall use non-potable water for dust control.

Whenever the Contractor is negligent in providing dust control, the Engineer will order the Contractor to provide dust control. If the Contractor does not immediately comply with the order, the Engineer has the authority to suspend all or part of the work for as long as deemed necessary until the Contractor provides dust control to the Engineer's satisfaction. The City may provide dust control and charge the Contractor by deducting the cost from any partial payments to the Contractor as costs incurred by the City.

**10-1.04 Payment.** - Delete the second paragraph of Section 10-1.04 of the Caltrans Standard Specifications.
