

**SECTION 28**

**LEAN CONCRETE BASE**

**28-1.01 Description.** - Lean concrete base shall conform to Section 28 of the Caltrans Standard Specifications and these City Standard Specifications.

**28-1.06 Spreading, Compacting and Shaping.** - Finished surfaces will be tested by a 16-foot straight edge applied parallel with and at right angles to the roadway centerline. The Contractor shall furnish the straight edge for the Engineer's use, and it shall be of a type and in a condition approved by the Engineer.
