

The San José-Santa Clara Regional Wastewater Facility’s (RWF) Capital Improvement Program (CIP) is rebuilding and modernizing the RWF. The CIP envisions an investment of approximately \$1.4 billion in the first 10 years, with an approximate total investment of \$2.1 billion over 30 years.

The City of San José (City) has consolidated all procurement solicitations to post on BidSync (<https://www.bidsync.com/>). All bid documents, questions and answers, addenda, and results will be available electronically via BidSync during the procurement process. Interested firms must register on BidSync to receive notifications when procurements are posted.

The City plans to advertise the following procurements within the next six months.

Construction Opportunities
