New practice name: _____
Address: _____ Suite: _____
City & Zip: _____
Phone: _____
Email: _____
Date of new ownership: _____

Q: Do we need a NEW Wastewater Discharge permit if our practice is MOVING?

A: Yes. Dental wastewater discharge permits are issued to a specific dental practice at a specific location. If your practice is moving, you need to apply for a new permit for the new location.

You may download a permit application from the website: www.sanjoseca.gov/dental
Mail the completed application to our office and after review, we will issue you a new permit.

Thank you!
Dental Amalgam Program Staff
