B. Action Item – TPAC Recommendation for Approval Requested

The following items are scheduled to be approved by the San Jose City Council on November 20, 2007:

to be exercised on or after July 1, 2008, to increase compensation to \$5 million; Option 2 to be exercised on or after July 1, 2009 and to increase compensation to \$6 million.

3. Accept this update on issues and options for the long-term ownership and operation of South Bay Water Recycling.
4. Approval of an ordinance amending Chapter 15.12 of Title 15 of the San Jose Municipal Code to modify local discharge limits for copper, nickel selenium and total phenol, to eliminate limits for manganese, total toxic organics and xyelene, to expand reporting, record keeping and sampling requirements and require industrial pretreatment applications to be filed at least ninety days prior to discharge or the expiration of an existing permit, and to add definitions and conform Municipal Code requirements to federal pretreatment program requirements. Due to the length of document, limited distribution. Additional copies available on request and at TPAC meeting.

C. Information Item – TPAC Item Previously Recommended for Approval

The following items were approved by the San Jose City Council on October 16, 2007:

1. Approval of a change order for the project entitled, “San José/Santa Clara Water Pollution Control Plant Reliability Improvements Project,” for a total negotiated amount of \$339,469 with no change to the term of contract with Kiewit Pacific Company.
2. Report on bids and award of construction contract for the project entitled, San José/Santa Clara Water Pollution Control Plant, FY 2007/2008 Capital Improvement Program, East Primary Influent Channel Repair Project,” to the low bidder, Anderson Pacific Engineering Construction, Inc. in the amount of \$699,000, and approval of a contingency in the amount of \$70,000
3. Report on bids and award of two contracts for the project entitled, “Fuel Cell System,” to the sole responsive bidder, Manuel Bros., Inc. for a design-build contract in the amount of \$7,724,100 and approval of budget contingency of 10% at \$772,400; and a service contract with a five year term and an annual cost of \$203,932.80 commencing upon acceptance of the Fuel Cell System, as well as resulting Appropriation Ordinance amendments in the San José/Santa Clara Treatment Plant Capital Fund;

4. Adoption of a resolution authorizing the Director of Environmental Services to execute an option to replace the Fuel Cell System Module in the amount of \$1,200,000, subject to future appropriation of funds by the Council; and
5. Adoption of a resolution authorizing the Director of Environmental Services to negotiate and execute a Self-Generation Incentive Program contract with Pacific Gas and Electric, to receive a rebate of up to \$4.5 million upon certification of the fuel cell system by Pacific Gas and Electric; and
6. Adoption of Appropriation Ordinance amendments in the San José/Santa Clara Treatment Plant Capital Fund to increase the Fuel Cell System appropriation by \$4,917,000; and decrease the Ending Fund Balance by \$4,917,000
