AGENDA

4:30 p.m.

April 9, 2009

Room T-1047

1. ROLL CALL

2. MINUTES

A. Minutes of March 12, 2009

3. UNFINISHED BUSINESS

4. CORRESPONDENCE

5. REPORTS

A. Open Purchase Orders Greater Than \$100,000
The attached monthly Procurement and Contract Activity Report summarizes the purchase and contracting of goods with an estimated value between \$100,000 and \$1 million and of services between \$100,000 and \$250,000.

No activity to report.

6. AGREEMENTS

A. Technical Committee Recommendation (Handout)

B. Action Item – TPAC Recommendation for Approval Requested

The following item is scheduled to be approved by the San Jose City Council on April 21, 2009:

1. Report on bids and award of one-year construction contract for New Construction of Various Equipment, to the low bidder, Anderson Pacific Engineering Construction, Inc., in an amount not to exceed \$450,930. The contract includes an option to extend the contract for two additional one year terms in an amount not to exceed \$500,000 per option term, for a total contract amount of up to \$1,450,930, subject to appropriation; and

2. Adoption of a resolution authorizing the Director of Environmental Services to exercise the option to extend the term of the contract for two additional one year terms, subject to appropriation.

7. **MISCELLANEOUS**

- A. The next TPAC meeting will be Thursday, May14, 2009, at 4:30 p.m. City Hall, Environmental Services, 10th Floor, Room 1047.

8. **OPEN FORUM**

9. **ADJOURNMENT**

NOTE: If you have any changes or questions, please contact Monica Perras, Environmental Services, 408-975-2515.

To request an accommodation or alternative format for City-sponsored meetings, events or printed materials, please call Monica Perras at (408) 975-2515 or (408) 294-9337 (TTY) as soon as possible, but at least three business days before the meeting/event.

Availability of Public Records. All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that are distributed to a majority of the legislative body will be available for public inspection at San Jose City Hall, 200 East Santa Clara Street, 10th Floor, Environmental Services at the same time that the public records are distributed or made available to the legislative body.

DRAFT
MINUTES OF THE
SAN JOSÉ/SANTA CLARA
TREATMENT PLANT ADVISORY COMMITTEE
City Hall, Environmental Services, 10th Floor, Room 1047
Thursday, March 12, 2009 at 4:30 p.m.

1. ROLL CALL

Minutes of the Treatment Plant Advisory Committee convened this date at 4:30 p.m. Roll call was then taken, with the following members in attendance:

Committee members: Chuck Reed (Chair), Bob Livengood, Patricia Mahan, Kevin Moore, Madison Nguyen, Ed Shikada, Ken Yeager, John Gatto.

Staff present: Monica Perras, Dale Ihrke, John Stufflebean, Bhavani Yerrapotu, Kirsten Struve, Mollie Dent.

Others present: Mark Giovanetti, Jeff Janssen, Cheryl Wessling, Kristen Yasukawa (City of San Jose) Bob Wilson, (City of Santa Clara), Steve Machida, (Cupertino Sanitary District), David Wall (San José City Resident).

2. APPROVAL OF MINUTES

Minutes of February 12, 2009.

Motion by Committee member Nguyen and Second by Committee member Livengood to accept the minutes of January 08, 2009. Committee Member Gatto abstained.

3. UNFINISHED BUSINESS

4. CORRESPONDENCE

REPORTS

- A. Open Purchase Orders Greater Than \$100,000
The attached monthly Procurement and Contract Activity Report summarizes the purchase and contracting of goods with an estimated value between \$100,000 and \$1 million and of services between \$100,000 and \$250,000.

No activity to report.

6. AGREEMENTS

- A. Technical Committee Recommendation (Handout)

Motion by Committee Member Mahan and seconded by Committee Member Moore to accept the Technical Committee Recommendation.

B. Action Item – TPAC Recommendation for Approval Requested

The following was approved by the Transportation and Environment Committee on March 2, 2009:

1. Accept this progress report highlighting activities since September 2008 on the Master Plan for the San Jose/Santa Clara Water Pollution Control Plant (Plant).

Motion by Committee Member Livengood and seconded by Committee Member Moore to accept Item 6.B.1.

C. Action Item – TPAC Recommendation for Approval Requested

The following item was dropped by the San Jose City Council on February 24, 2009, to be rescheduled for council action after March 12, 2009.

1. Amend Resolution No. 68900 to apply the Living Wage Policy to contracts issued for the San Jose Santa Clara Water Pollution Control Plant.

Motion by Committee Member Livengood and seconded by Committee Member Yeager to accept Item 6.C.1.

7. MISCELLANEOUS

- A. The next TPAC meeting will be Thursday, April 9, 2009, at 4:30 p.m. City Hall, Environmental Services, 10th Floor, Room 1047.

8. PUBLIC COMMENT

David Wall spoke about the permanent ban of water softeners, stimulus for rebuild of collection system and mini plants to clean water and to move the plant upstream. He also submitted a memo for Public Records Information.

10. ADJOURNMENT

- A. The Treatment Plant Advisory Committee adjourned at 4:35 p.m.

Chuck Reed, Chair
Treatment Plant Advisory Committee

Memorandum

TO: HONORABLE MAYOR
AND CITY COUNCIL

FROM: John Stufflebean

SUBJECT: SEE BELOW

DATE: 03-30-09

Approved

Date

3/30/09

SUBJECT: REPORT ON BIDS AND AWARD OF CONTRACT TO THE LOW BIDDER, ANDERSON PACIFIC ENGINEERING CONSTRUCTION, INC. FOR THE SAN JOSÉ/SANTA CLARA WATER POLLUTION CONTROL PLANT, NEW CONSTRUCTION OF VARIOUS EQUIPMENT, FY 2008-2009.

RECOMMENDATION

- A. Report on bids and award of one-year construction contract for New Construction of Various Equipment, to the low bidder, Anderson Pacific Engineering Construction, Inc., in an amount not to exceed \$450,930. The contract includes an option to extend the contract for two additional one year terms in an amount not to exceed \$500,000 per option term, for a total contract amount of up to \$1,450,930, subject to appropriation; and
- B. Adoption of a resolution authorizing the Director of Environmental Services to exercise the option to extend the term of the contract for two additional one year terms, subject to appropriation

OUTCOME

Approval of this contract will provide for the construction and replacement and repair of electrical and mechanical equipment, above-ground and underground pipes, fittings, pumps, valves, conduits, and utility vaults/boxes, etc., at the San José/Santa Water Pollution Control Plant on an as-needed basis.

BACKGROUND

The San José/Santa Clara Water Pollution Control Plant (Plant) has extensive infrastructure, which is comprised of: 1) a complex piping system which carries wastewater, chemicals, air,

natural gas and digested gas; and 2) equipment which includes engines, generators, valves, and pumps. Throughout any given year, it is often necessary to conduct emergency and scheduled installation, replacement, repairs, and modifications to the infrastructure. The majority of these projects have historically been completed as individual public works projects, depending upon the size, nature, and complexity of the work that needs to be done. These projects have been increasing because of the negative externalities associated with the Plant's aging infrastructure. The increasing frequency of these types of projects, coupled with the time demands placed on staff, to bid and process individual projects, has generated the need to consolidate these various projects into one annual contract to provide the construction services described above on an as-needed basis. The Environmental Services Department's Wastewater Management Division successfully maintained this type of contract in FY 2003-2004 and FY 2004-2005 with no complications.

The contract is an open time-and-materials contract. The work to be performed under this contract consists of furnishing all labor, tools, materials, and equipment and appurtenances, that are necessary to provide emergency and non-emergency construction, repairs, and modifications of infrastructure at the Plant.

ANALYSIS

In order to obtain competitive bids, the project specifications set forth the estimated quantities of specific labor, material and equipment that could be expected to be used for various construction projects at the Plant including replacing valves for the main raw sewage pumps. The estimated quantities are based on historical analysis of labor, material, and equipment costs for similar construction projects. Contractors were then asked to submit their unit costs for the specific labor, material and equipment. The estimated quantities were multiplied by the contractor's unit costs for the total bid price.

A total of four bids were received by the City on February 26, 2009.

Upon review of all bidding documents, City staff found errors in the bids submitted by Rodan Builders, Inc. and Valentine Corporation. The corrected bid totals by all bidders are as follows:

<u>Contractor</u>	<u>City</u>	<u>Bid Amount</u>	<u>Variance Amount</u>	<u>Over/(Under) Percent</u>
Monterey Mechanical Co.	Oakland	\$551,265	\$71,265	15%
Valentine Corporation	San Rafael	\$500,429	\$20,429	4%
<u>Engineer's Estimate</u>		<u>\$480,000</u>		
Rodan Builders, Inc.	Belmont	\$473,871	(\$6,128)	(1%)
Anderson Pacific Engineering Construction, Inc.	Santa Clara	\$450,930	(\$29,070)	(6%)

Of the four bids received, Anderson Pacific Engineering Construction, Inc. is the low bid with a bid price of \$450,930, which is 6 % below the Engineer's estimate. Staff finds that this difference is reasonable and acceptable for the following reasons:

- Current market conditions created by the limited number of public works projects out for bid.
- Possibly savings on construction overhead cost, as the contractor is currently engaged in other Capital Improvement Projects at the Plant site.

The low bidder, Anderson Pacific Engineering Construction Inc., has already demonstrated through its work on other Capital Improvement Projects at the Plant that it possesses suitable and adequate resources, knowledge, and technical capabilities to implement this project.

The term of this contract will begin on the date the contract is executed by the City and continue for a period of one year. The City has the right to extend the term of this contract for two (2) additional one-year periods, based upon the same conditions as the initial term, subject to adjustments for compensation. Compensation for each option term, if exercised, will not exceed \$500,000.00 per option term, subject to appropriation of funds by the City Council.

EVALUATION AND FOLLOW-UP

No additional follow up actions with the Council are expected at this time.

POLICY ALTERNATIVES

Alternative 1: Bid as multi-individual construction projects

Pro: Possible cost savings by using in-house staff for projects under \$100,000

Con: Time demands of staff to process and separately bid each project. In-house staff lack experience, resources, and time to perform the work.

Reason for not recommending: Time consuming to process each project. City staff also lacks the experience, resources, and time required to perform the work

Alternative 2: Reject all bids and re-bid the project.

Pro: May result in lower bids.

Con: Will delay installation and replacement of critical equipment already scheduled. May not result in lower bids and may increase costs to City.

Reason for not recommending: The lowest bid is 6% lower than the Engineer's estimate.

Although the City has the option to reject all bids and re-bid the project, the City received bids that were responsive and staffs sees no reason why the contract should not be awarded to the lowest bidder. Rebidding the project does not guarantee a lower bid will be received and could result in bid protest from the contractors.

PUBLIC OUTREACH/INTEREST

- Criteria 1:** Requires Council action on the use of public funds equal to \$1 million or greater. **(Required: Website Posting)**
- Criteria 2:** Adoption of a new or revised policy that may have implications for public health, safety, quality of life, or financial/economic vitality of the City. **(Required: E-mail and Website Posting)**
- Criteria 3:** Consideration of proposed changes to service delivery, programs, staffing that may have impacts to community services and have been identified by staff, Council or a Community group that requires special outreach. **(Required: E-mail, Website Posting, Community Meetings, Notice in appropriate newspapers)**

This action does not meet any of the criteria above, however, as a common practice; a Notice to Contractors inviting qualified firms to submit bids was published by the City Clerk's Office in the *San José Post Record*, and by the City's Project Manager on both the Environmental Services Department website and the Public Works Department's Bid Hotline.

COORDINATION

This project has been coordinated with Offices of Equality Assurance and Risk Management, City Manager's Budget Office, and the City Attorney's Office, and is scheduled to be considered at the April 9, 2009 meeting of the Treatment Plant Advisory Committee.

FISCAL/POLICY ALIGNMENT

This project is consistent with the Council approved Budget Strategy to focus on rehabilitating aging Plant infrastructure and improving wastewater treatment efficiency. This project is also consistent with the budget strategy principle of focusing on protecting our vital core services.

COST IMPLICATIONS

1.	COST OF RECOMMENDATION:	\$450,930
2.	COST OF PROJECT:	
	Construction:	\$450,930
	Contingency	_____ \$0
	TOTAL PROJECT COST	\$450,930
	Prior Year Expenditures	\$0

REMAINING PROJECT COSTS \$450,930

3. SOURCE OF FUNDING: 512 – San José-Santa Clara Treatment Plant Capital Fund.
4. FICAL IMPACT: Existing funds are available for this project. No additional appropriation action is required.
