- Saturday, October 20<sup>th</sup>
  - 9:00am-11:00am
- Meet at Phelan Ave. and Bevin Brook Drive
- Look for Kim Thai and Paul Gonzalez

**Cleans Creeks, Healthy Communities would like to thank everyone for being amazing environmental stewards in your community!**

Thanks to your efforts, we have been able to help foster environmental consciousness in younger kids, bring together neighbors to be more active in their communities, and remove illegally dumped debris from Coyote Creek.

**Kick the "Flick it" Habit!**

Thanks for stubbing out your cigarette butts and throwing them in the trash. Tell your friends to kick that "flick it" habit and help by offering ashtrays for your customers and guests! Butts that end up on the ground end up in our creek!

**Nature's Beauty of the Month: Brush Rabbits!**

Encountered along Williams Street Park  
Have nature pictures? Share them with us!

529 Race Street

San Jose, CA

(408) 464-9999

Drop off e-waste (computer monitors, TVs, etc)

Need resources not listed here?  
Call CCHC at (408) 771-7069

## Learning about our Watershed!

Biology students from Yerba Buena High School conducted Water Monitoring in their local Coyote Creek to measure for pH level, turbidity, temperature, and to see what creatures live in the creek.

They brought their results back to the classroom to learn about their everyday impact on the Coyote Creek Watershed and larger SF Bay.

These students topped off their watershed knowledge by participating in California Coastal Cleanup Day and pulling out 3000 lbs. of trash!

## GREAT JOB!

## Springbrook Keeps Their Neighborhood Clean!

The Springbrook community behind Kelley Park has been actively trying to keep their neighborhood clean and safe. Through their collective efforts, they are making an impact on Coyote Creek and their neighborhood.

**Petie Walker, Springbrook neighbor:**

*“Prevention is the Key! The groups of us, here, are willing to work to be part of the solution.”*

**Clean Creeks, Healthy Communities** is a four-year grant-funded program dedicated to restoring the natural beauty of Coyote Creek through reducing trash pollution and improving water quality. CCHC will address the sources of trash pollution by collaborating with the homeless, deterring illegal dumping, and engaging neighbors as stewards of the creek. We are always encouraging people to get out and explore their creek.
