Friends of Five Wounds Trail and Save Our Trails Cleanup

Volunteers from the last Friends of Five Wounds Trail and Save Our Trails Cleanup

Friends of Five Wounds Trail and Save Our Trails are partnering again this summer to set up another neighborhood cleanup, this time near Olinder Dog Park. Join us Saturday, August 3rd for the second joint cleanup this year.

Last April, 50 volunteers including residents, students with CommUniverCity, and members of Downtown Streets Team together removed 4.96 y³ of trash from areas surrounding Five Wounds Church. Come this Saturday and be a part of another community effort to keep Coyote Creek clean.

UPCOMING EVENTS

Friends of Five Wounds and Save Our Trails Cleanup

- Saturday, August 3rd
 - 9:00am-12:00pm
- Meet at Olinder Dog Park

Newly Painted Utility Box on Senter Road

Clean Creeks, Healthy Communities latest community outreach efforts involved painting a local utility box along Senter and Keyes Streets in order to engage the community in becoming Coyote Creek stewards. Paul J. Gonzales with CCHC painted the utility box near Spartan Keyes NAC, while future utility boxes are set to be painted by local artists. If you would like a utility box to be painted in your area, email CCHC@sanjoseca.gov for more information on how to beautify your neighborhood and at the same time promote a clean Coyote Creek.

Visit the [CCHC Flickr page](#) to see more photos.

SPREAD THE WORD

Tell friends, family members, and neighbors about upcoming cleanup events in your area. Inform high and college students about cleanup events they can participate in to get volunteer hours.

More volunteers mean bigger impacts to your community.

Remember that community change begins with you!

Clean Creeks, Healthy Communities

is a four-year grant-funded program dedicated to restoring the natural beauty of Coyote Creek through reducing trash pollution and improving water quality. CCHC will address the sources of trash pollution by collaborating with the homeless, deterring illegal dumping, and engaging neighbors as stewards of the creek. We are always encouraging people to get out and explore their creek.
