San José Clean Energy *TrueGreen* Residential Rates

TrueGreen Premium

Customers electing the TrueGreen 100% renewable energy service option will pay the applicable rate TrueGreen premium.

All usage

as above plus \$0.01/kWh

Other Rate Information

PG&E Electric Rates

San José Clean Energy does not provide a full listing of PG&E's generation or non-generation rates, as those rates are subject to change over the course of the year. The most up-to-date information on these rates can be located within PG&E's tariff sheets, available on their website at: http://www.pge.com/tariffs/ERS.SHTML#ERS. For comparison purposes, generation rates are listed under the "Unbundling of Total Rates", which is found after the listing of "Total Rates". All other charges that comprise PG&E's "bundled" charges (such as distribution, transmission, tiering adjustments, and other charges) are assessed equally to San José Clean Energy customers.
