## **PORTFOLIO STATISTICS**

Detailed information can be found in the attachments while summaries are provided below.

### **Portfolio Composition**

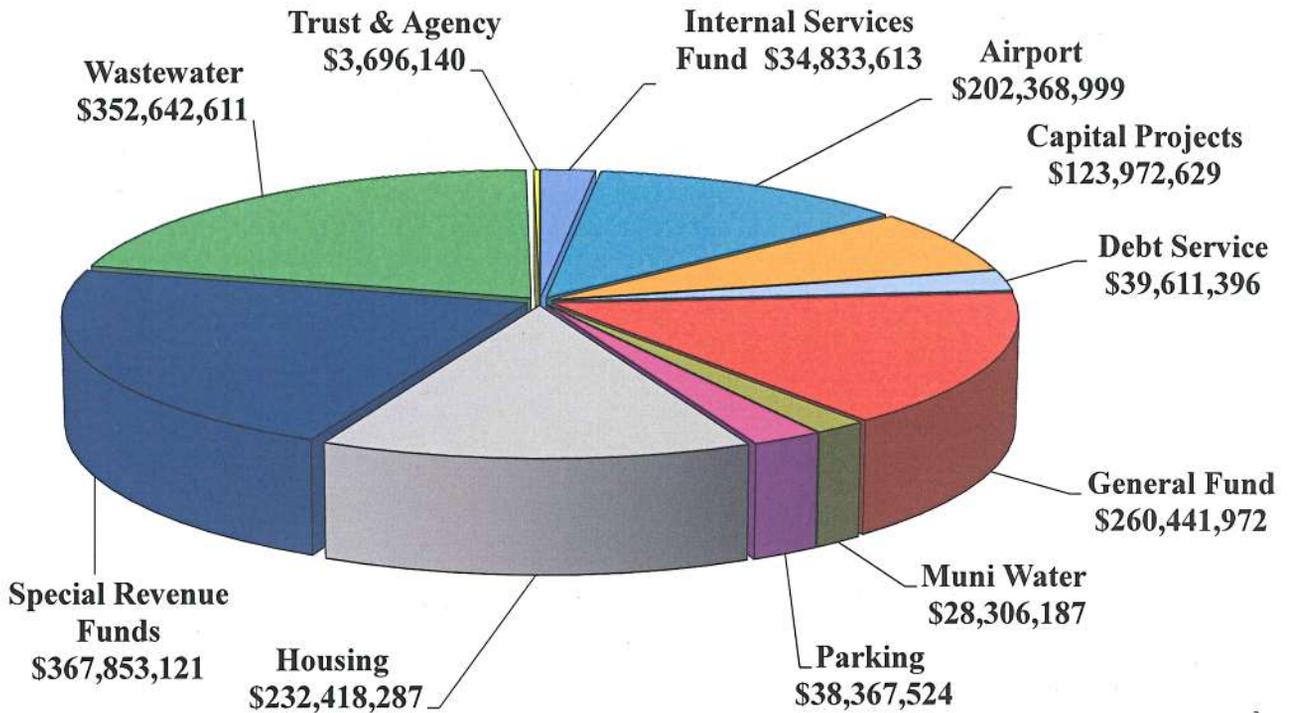

Within this section are snapshots of the City's total investment portfolio as of March 31, 2019.

The first graph shows the portfolio composition by investment type.

The graph below reflects the reconciliation of total balances reported by the investment program's record-keeping system to the City's Financial Management System (FMS).

**Balances by Fund Type**  
**\$1,685,155,791**

Total Balances per FMS	\$1,685,155,791

Portfolio Balance Total	<u>\$1,704,612,867</u>

<sup>1</sup> Reflects timing difference between when deposits are made and accounted for in FMS or when checks are written and not yet cashed by the receiving party

**General Fund Balances**

With the receipts of property tax advances in January, General Fund balances increased by \$100.18 million during the quarter and ended with a balance of \$260.44 million as of March 31, 2019. General Fund cash balances usually peak during the months of January and June when the bulk of property taxes are received, and decline in the summer months due to retirement prefunding, debt service payments and operational expenditures.

The following graph compares monthly balances of five largest City funds as reported by FMS.

**Monthly Comparison of Balances by Fund Type  
March 2017 – March 2019**

**Prefunding of Annual Retirement Contributions and Issuance of Short-Term Notes**

The City opted to prefund a significant portion of the annual employer retirement contributions for Fiscal Year 2018-19. The prefunding amount was \$358.5 million at the beginning of the year. In anticipation of this cash outflow, the City set aside \$208.5 million in cash and matured investments and additional funding of \$150 million came from Tax Revenue Anticipation Notes (TRAN) issued on July 2, 2018. The TRAN was redeemed in full on April 1, 2019.

The City will cease prefunding retirement contributions in Fiscal Year 2019-20.

**Successor Agency to the Redevelopment Agency of the City of San José**

Historically, the Redevelopment Agency participated in the City’s investment pool with both restricted bond proceeds and operating cash balances. As of February 1, 2012, redevelopment agencies in California were dissolved by legislative action and the City, acting as the Successor Agency to the Redevelopment Agency (“SARA”), transferred Redevelopment Agency’s funds from the investment pool to SARA’s own bank accounts.

In July 2018, the City entered into the final stage of dissolution and absorbed the entire SARA operations into City operations. City staff will manage SARA's accounts until all assets are liquidated and bonds are redeemed.

As of March 31, 2019, SARA reported cash balances as outlined in the table below:

<b>SARA CASH SUMMARY</b>

**Yield and Maturity Trend**

The following graph illustrates monthly dollar-weighted average-days-to-maturity (“ADM”) of Fund 3 Portfolio (bar graph) along with the weighted average yield (line graph) for the past two years.

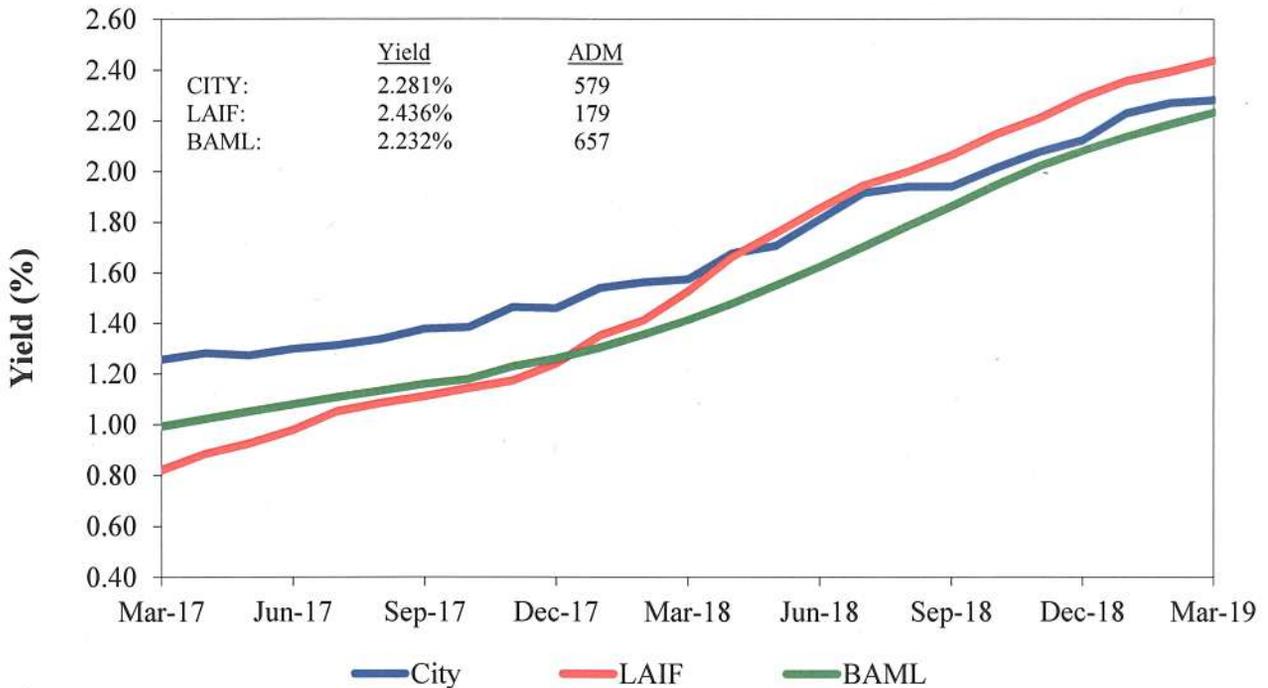

The Fund 3 Portfolio’s average days to maturity (ADM) increased from 561 days as of December 31, 2018, to 579 days on March 31, 2019. The weighted average yield increased from 2.122% as of December 31, 2018 to 2.281% on March 31, 2019.

Yields declined throughout the quarter and a curve inversion occurred in March where the 3-month Treasury Bill yield exceeded the 5-year Treasury yield. Investment staff took advantage of longer federal agency callable papers with lockout periods, which contributed to the increase of the portfolio’s ADM. Even with declining yields, staff continued to purchase new investments at higher yields than matured ones. As a result, the overall portfolio yield increased by 16 basis points.

**Comparison with Benchmarks**

The City’s Total Portfolio is not compared to benchmarks because it includes various funds which have separate cash flows and investment requirements. Only the City’s Fund 3 Portfolio is compared against benchmarks for performance purposes. The following graph demonstrates a yield comparison by month of the City’s Fund 3 Portfolio, the California LAIF, and the BAML Index for the period from March 2017 to March 2019.

**Portfolio vs. Benchmarks  
March 2017 – March 2019**

**Notes:**

1. **City** refers to City's Fund 3 Portfolio, and the yield data are month end weighted average yields.
2. **LAIF** refers to the State of CA Local Agency Investment Fund and yield data are average monthly effective yields.
3. **BAML** refers to Bank of America Merrill Lynch 1-3 Year AAA-A US Corporate & Government Index and yield data are rolling 2-year effective yield.

LAIF is a short-term investment option available to local agencies in California. The City invests most of its short-term funds in LAIF and often references LAIF as a floor benchmark when making investment decisions. LAIF has a high turnover ratio and its ADM was 179 days as of March 31, 2019. The City generally follows a buy-and-hold strategy and maintains a longer ADM, 579 days as of March 31, 2019. The majority of the City's holdings were purchased when interest rates were lower. Although \$338.93 million of new investments were purchased at current market rates during the quarter, the quantity was insufficient to keep the City's portfolio yield on par with LAIF. Nevertheless, the yield gap between the City's portfolio and LAIF tightened slightly this quarter. The gap may further narrow in 2019, since the Federal Reserve is not expected to raise interest rates for the remainder of the year. In the near future, staff still expects that the City portfolio performance to lag behind LAIF, especially when the yield curve inversion persists.

The BAML Index is a broad market index and tracks dollar denominated investment-grade debt with a remaining maturity up to 3 years. The City's Investment Policy allows investments, in a

few sectors, up to a 5-year final maturity. Although the City portfolio is mainly composed of investments shorter than 3 years, staff is making a conscious effort to place a portion of the portfolio in the 3- to 5-year maturity range to add incremental yield when appropriate. As a result, the City’s portfolio outperformed the BAML Index during the last two years, despite having a shorter ADM. However, as the yield curve inverts, the performance gap between the BAML Index and the City’s portfolio has narrowed considerably over time.

**Unrealized Losses and Gains**

As shown in the Investment Summary Table on page 1 of this report, the total portfolio size as of March 31, 2019, was approximately \$1.70 billion. The following table illustrates the net unrealized gains or losses on the portfolio when comparing the portfolio’s market value to both its original cost and amortized cost.

<b>UNREALIZED GAINS &amp; LOSSES</b>			
<b>Cash Basis</b>			
<b>Market Value</b>	\$1,701,134,468	<b>Market Value</b>	\$1,701,134,468
<b>Original Cost</b>	<u>(1,704,243,976)</u>	<b>Amortized Cost</b>	<u>(1,702,708,672)</u>
<b>Net Unrealized Loss</b>	\$ (3,109,508)	<b>Net Unrealized Loss</b>	\$ (1,574,204)

An inverse relationship exists between general changes in interest rates and the value of investment securities. As interest rates decrease, the value of the City’s investments increases. Conversely, as interest rates increase, the value of the City’s investments declines. The City’s investment practice, per the Investment Policy, is generally to hold securities to maturity, with exceptions as noted in the Policy. The net unrealized losses noted above are “paper losses” and would only be realized if securities were sold prior to maturity.

**Earned Interest Yield**

The earned interest yield of the total investment portfolio for the quarter ended March 31, 2019 was 2.289%, 0.219% higher than the previous quarter and 0.723% higher than the quarter ended March 31, 2018.

**COMPLIANCE REPORTING REQUIREMENTS**

Pursuant to Section 21.0 of the City’s Investment Policy, “No less than semi-annually each year, a compliance audit shall be conducted of the City’s investment program to determine whether the City’s investments within the City’s pooled portfolio are in compliance with the City’s Investment Policy, internal controls and department procedures.” These compliance audits per the Investment Policy can be included in the City Auditor’s work plan, or can be conducted by an external auditor at the request of the Director of Finance. During the quarter, the City Auditor’s Office engaged the services of Macias, Gini, & O’Connell LLP (“MGO”) to audit the City’s investments within the pooled portfolio.

MGO completed its evaluation for the six month ended December 31, 2018 and found the City’s investment program to be in compliance with the City’s Investment Policy, internal controls and department procedures. The report noted no exceptions to the Investment Policy. A copy of the Independent Accountant’s Agreed-Upon Procedures Report is attached to this quarterly report (Section F).

**Cash Management Projection**

Based on the Finance Department’s cash flow projection as of March 31, 2019, total revenues and investment maturities for the next six months are anticipated to be approximately \$1.72 billion. This is sufficient to cover projected expenditures of approximately \$1.45 billion.

**Statement of Compliance with the Policy**

There were no exceptions or violations outstanding for the quarter ended March 31, 2019. The investment portfolio meets the requirements of the City’s Investment Policy and California Government Code section 53601.

**Comparison of Portfolio Investment Earnings to FY 2018-19 Budget**

The following is a comparison of actual General Fund investment earnings, on an accrual basis, to the fiscal year 2018-19 budget. The fiscal year 2018-19 budgeted interest earnings for the General Fund is \$3 million, and the forecasted net interest yield is 1.66%. The schedule below compares the unaudited actual net investment earnings to the General Fund budget for the quarter ended March 31, 2019. The interest earnings are greater than the forecast for the quarter and for the fiscal year.

## **INVESTMENT TRADING ACTIVITY**

Section E provides a detail of the City's investment activities, including purchases, maturities, amortization, received interest, and realized gains or losses from trading activities.

## **INVESTMENT STRATEGY**

The Investment Program continues to focus on its core mandates of safety, liquidity, and yield. Investments have been matched to known cash flow outlays in the next 24-month horizon. Beyond the 24-month horizon, staff extends maturities in order to provide income and structure for the portfolio when appropriate.

The Federal Reserve kept the Fed Funds Target Rate unchanged at 2.5% in March 2019 and indicated there would likely be no interest hike in 2019. Equity markets rebounded during the quarter and market volatility came down from the peak in December 2018. U.S. economy continues to stay as the bright spot in the world, and recent economic data and corporate earnings show limited signs of downside risks. However, risks of slowing global growth and ongoing trade tensions may loom larger and stall the US economy with the rest of the world.

The investment staff will closely monitor the market development, focus on the overall quality of the portfolio and invest with care, prudence and diligence.

**Future Commitments** – As of March 31, 2019, the City had no obligations to sell securities and no commitments to participate in securities trading.

**Executed Reverse Repurchase Agreements** – No reverse repurchase agreements were executed this quarter.

**Restructuring** – No restructuring activities took place during the quarter ended March 31, 2019.

## **CONCLUSION**

The total investment portfolio as of March 31, 2019 was \$1,704,612,867, increased by approximately \$181.46 million from the previous quarter. For the quarter ended March 31, 2019, the earned interest yield was 2.289%, an increase from 2.07% reported for the previous quarter. The average days to maturity increased from 559 days on December 31, 2018, to 579 days on March 31, 2019. As of March 31, 2019, approximately 39% of the total portfolio was invested in U.S. Treasuries and agency securities.

## Independent Accountant's Report on Applying Agreed-Upon Procedures

Members of the Public Safety, Finance &  
Strategic Support Committee and the  
San José City Council  
San José, California

We have performed the procedures enumerated below, which were agreed to by the City of San José (City) Finance Department and the Office of the City Auditor (City Auditor), solely to assist these specified parties in evaluating whether the investments within the City's pooled portfolio are in compliance with the City's Investment Policy and Finance Department procedures as of December 31, 2018. The City's management is responsible for the City's compliance with those requirements. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

1. We obtained a copy of the FY 2018-19 Second Quarter Investment Report (Investment Report) as of December 31, 2018 and agreed individual investments, which includes investment description, maturity date, CUSIP number, book and market value, to supporting documentation such as custodian/bank statements obtained from the City.

Finding: No exceptions were found as a result of applying the procedure.

2. We traced total investments listed on the Investment Report as of December 31, 2018 to the City's general ledger.

Finding: No exceptions were found as a result of applying the procedure.

3. We verified the types of investments listed in the Investment Report as of December 31, 2018 were authorized by the City's Investment Policy dated March 6, 2018.

Finding: No exceptions were found as a result of applying the procedure.

4. We read the Investment Report as of December 31, 2018 to determine whether it contains the information/data required by the City's Investment Policy and whether it meets the timing requirements of the City's Investment Policy, as follows:

- a. The investment quarterly report includes the type of investment, issuer, date of maturity, par and dollar amount invested on all securities, investments and monies held by the City.
- b. The investment quarterly report includes market value (and source) as of the date of the report of all securities held by the City or under management of any outside party.

- c. The investment quarterly report states the compliance of the portfolio to the City's Investment Policy.
- d. The investment quarterly report includes a statement addressing the ability of the City to meet the pool's expenditure requirements for the next six months.

Finding: No exceptions were found as a result of applying the procedure.

- 5. We verified the investments listed in the Investment Report as of December 31, 2018 were not prohibited investments listed in the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

- 6. We calculated the total investment amounts on a cost basis for the investment types listed in the Investment Report as of December 31, 2018, and compared those totals to the maximum portfolio limitations imposed by the City's Investment Policy for specified investment types.

Finding: No exceptions were found as a result of applying the procedure.

- 7. We agreed individual investment maturity dates listed in the Investment Report as of December 31, 2018, to the custodian/bank statements and determine if they conform to the maturity requirements of the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

- 8. We obtained and read the third party custodial agreement(s) and broker/dealer agreement(s) in effect at the date of the Investment Report to determine if the agreements contained a clause addressing delivery of securities and that the delivery method conformed to the City's Investment Policy.

Finding: No exceptions were found as a result of applying the procedure.

- 9. We recomputed and reviewed supporting documentation relevant to the repurchase agreements and, if applicable, the reverse repurchase agreements held by the City on December 31, 2018, to ascertain whether the investments conform to the City's Investment Policy.

Finding: Not applicable. No repurchase or reverse repurchase agreements were held by the City on December 31, 2018.

- 10. We determined through inquiry and observation whether the responsibilities for initiating, evaluating, and approving transactions are separate from detail accounting and general ledger functions.

Finding: No exceptions were found as a result of applying the procedure.  
We determined through inquiry and observation whether custodial responsibility for investments is restricted to authorized personnel and separate from personnel with accounting duties.

Finding: No exceptions were found as a result of applying the procedure.

- 12. We determined through inquiry and observation whether responsibilities for detail investment records in the investment system (Sympro) are separate from general ledger functions.

Finding: No exceptions were found as a result of applying the procedure.

13. We determined through inquiry and document inspection whether the City maintains authorized lists of signatures, security dealers, and counterparties and whether those lists are updated periodically.

Finding: No exceptions were found as a result of applying the procedure.

14. We determined through inquiry and document inspection whether the City counts and/or confirms its investments as transaction occurs.

Finding: No exceptions were found as a result of applying the procedure.

15. We determined through inquiry and document inspection whether counts and/or investment confirmations and detailed subsidiary records are prepared by Accounting Technician and reviewed by Assistant Director of Finance.

Finding: No exceptions were found as a result of applying the procedure.

16. We determined through inquiry and document inspection whether investment income is periodically reviewed for accuracy by the Assistant Director of Finance and Deputy Director of Accounting.

Finding: No exceptions were found as a result of applying the procedure.

17. We determined through inquiry and document inspection whether reconciliations between detailed subsidiary records and general ledger control accounts are prepared by an Accountant I and reviewed by a Supervising Accountant.

Finding: No exceptions were found as a result of applying the procedure.

18. We determined through inquiry and document inspection whether the Assistant Director of Finance assesses the classification and valuation of its investments at acquisition and at the end of the quarter.

Finding: No exceptions were found as a result of applying the procedure.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on whether the City's investments within the City's pooled portfolio are in compliance with the City's Investment Policy and Finance Department procedures as of December 31, 2018. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the City Council, the Public Safety, Finance & Strategic Support Committee, the City Auditor, and Finance Department and is not intended to be and should not be used by anyone other than these specified parties.
