City Service Area

Neighborhood Services

Mission: To serve, foster and strengthen community by providing access to lifelong learning, offering opportunities to enjoy life, and preserving healthy neighborhoods.

The goal of the Neighborhood Services City Service Area (CSA) is to provide City services to residents and neighborhoods in ways that support and maintain positive social connections and outcomes. These connections build capable communities and the quality of life that make San José a desirable place to live. To residents looking out of their front doors, this means their neighborhoods are clean, safe, and well maintained; and they and their families can enjoy nearby parks, trails, sports fields, community centers, libraries, and a diverse range of recreational and learning opportunities.

The Neighborhood Services CSA is composed of the Library Capital Program and the Parks and Community Facilities Development Program (PCFD). The PCFD's 2018-2022 Capital Improvement Program plans for over 200 major projects, 100 small projects, and strategic planning initiatives including the Greenprint Update, St. James Park Revitalization, Parks Maintenance District Study, and the Three Creeks Trail. The 2018-2022 CIP also represents the completion of the \$228 million bond measure for park and recreational facility improvements and the \$212 million bond measure for library facility improvements approved by San José voters in November 2000. Two projects remain, the Arcadia Softball Complex (Park Bond) and Soccer Complex (Park Bond).

Performance Measures

A set of consistent and comprehensive performance measurements along with targets and goals have been established for the entire capital program and adopted for each individual CSA. Measures focus on schedule (cycle time) and project delivery costs. Please see the Budget Guide section narrative for additional information on capital performance measurements.

Outcome: Safe and Clean Parks, Facilities, and Attractions

Strategic Goals	CSA Performance Measures	2015-2016 Actual ¹	2016-2017 Target	2016-2017 Estimate	2017-2018 Target	5-Year Goal
Neighborhood Services CSA delivers quality Capital Improvement Program	% of CIP projects delivered within 2 months of approved baseline schedule ²	85% (11/13)	85%	87% (13/15)	85%	85%
	% of CIP projects that are completed within the approved baseline budget ³	86% (6/7)	90%	100% (11/11)	90%	90%

The 2015-2016 Actual number of projects may vary from the 2015-2016 Estimate as documented in the 2016-2017 Adopted Budget as a result of the date of the estimated beneficial use of the project being revised and the project expected to be delivered in the following fiscal year. Also, the number of projects may change with the inclusion of projects in the 2015-2016 Actual not originally included in the 2015-2016 Adopted Budget Estimate due to incomplete project information at that time.

In 2016-2017, the Neighborhood Services CSA is estimated to deliver 13 of 15 (87%) projects within two months of the approved baseline schedule, meeting the target of 85%. Some of the capital projects completed in 2016-2017 include the McLaughlin Park Renovation, Shady Oaks Park Enhancements, Penitencia Creek Reach 1 (Trail Nobel Ave-Dorel Dr), Shirakawa Center Improvements, and the St. James Park Fountain Stage.

An estimated 11 of 11 projects accepted in 2016-2017 are expected to be delivered within their baseline budgets, exceeding the performance target of 90%. Notable projects accepted in 2016-2017 include the Southeast Branch Library, Penitencia Creek Park Playground Renovation, Martin Park Expansion, Branham Park Renovation, Mise Park Renovation. Doerr Parkway, and Doerr Park Play Area Renovation. The CSA continues to strengthen the alignment of project scopes, schedules, and budgets, while also accounting for external market conditions that may affect the delivery of capital projects. Staff relies heavily on the cost estimating and tracking tools that are available through the City's Capital Project Management System (CPMS). These tools allow project management staff to effectively track project costs on an ongoing basis and assist in ensuring that expenditures remain within budgeted levels.

² Projects are considered to be "delivered" when they are available for their intended use and are considered "on schedule" if delivered within two months of the baseline schedule.

³ Projects are considered "completed" when final cost accounting has occurred and the project has been accepted; projects are considered "on budget" when the total expenditures do not exceed 101% of the baseline budget.
