2016-2020 Adopted Capital Improvement Program

Overview

INTRODUCTION

City Service Yards house City staff from various departments that maintain City vehicles, buildings, sewer systems, pavement, and related public infrastructure facilities. The Service Yards Capital Program funds the construction and capital improvements for the facilities, which support these maintenance functions. The current Service Yards include the Central Service Yard (at Senter Road and Phelan Avenue), the Mabury Yard (on Mabury Road near Highway 101), the South Yard (at Monterey

| Total | 362,799 | 41.69 | | | | | | | | | |

Road and Skyway Drive), and the West Yard (on Williams Road near Lawrence Expressway). The 2016-2020 Adopted Capital Improvement Program (CIP) provides funding of \$37.1 million, of which \$22.5 million is allocated in 2015-2016.

This program is part of the Strategic Support City Service Area (CSA) and supports the following outcome: *Safe and Functional Public Infrastructure, Facilities and Equipment*. The maintenance operations located in the Service Yards support the following CSAs: Environmental and Utility Services, Neighborhood Services, Public Safety, Strategic Support, and Transportation and Aviation Services.

PROGRAM PRIORITIES AND OBJECTIVES

The objective of the Service Yards Program is to maintain and improve the existing conditions at the Service Yards by implementing projects to reduce safety hazards, increase efficiencies, and provide necessary equipment and materials for operations. Projects are prioritized to meet the needs of CSAs working out of the Service Yards.

■ C&C Tax ■ Interest Income ■ Sale of Surplus Property

SOURCES OF FUNDING

The primary ongoing funding source for the 2016-2020 CIP is the Construction and Conveyance Tax (C&C). The 2015-2016 Adopted Capital Budget estimate for C&C taxes is \$35.0 million, of which 8.78% (\$3.07 million) is allocated to the Service Yards Capital Program. Approximately 99% of this tax is derived from a transfer tax imposed upon each transfer of real property, with the remaining 1% generated from a construction tax levied on most types of construction. The 2016-2020 CIP assumes 2014-2015 C&C revenues of \$35.0 million will fall slightly short of the 2013-2014 receipts by approximately 1.4%, and will remain flat at \$35.0 million for each year of the CIP.

2016-2020 Adopted Capital Improvement Program

Overview

SOURCES OF FUNDING

Therefore, collections allocated to the Service Yards Program will total \$3.07 million in 2015-2016 and each year of the CIP. For additional information regarding C&C Tax revenue, please refer to the please refer to the Construction and Conveyance Tax section of the Summary of Capital Improvement Program Revenues, which is located in the Summary Information (Section III) of this CIP.

The 2016-2020 Adopted Service Yards CIP is programmed to receive \$17.5 million in proceeds from the sale of the old Main Yard property in 2015-2016 to pay off the short-term debt service for Phase II of the Central Service Yard project. The City has recently concluded negotiations with a developer to purchase the Main Yard property, as discussed further in the program highlights section of this document. Additional funding from the General Fund of approximately \$575,000 annually is programmed to supplement debt service payment on the Phase I Bonds beginning in 2016-2017.

PROGRAM HIGHLIGHTS

The key programs and projects in the Service Yards Capital Program are summarized below.

Central Service Yard Debt Service

The repayment of debt associated with the Central Service Yard Phase I and Phase II projects represents the largest use of funds in the 2016-2020 CIP. The Central Service Yard Phase I project included the purchase of the Central Service Yard property and renovation of Building A. In the 2016-2020 CIP, a total of \$8.3 million is budgeted for debt service on Phase I bonds. In the 2015-2016 Adopted Budget, the debt service obligation for Phase I of the Central Service Yard expansion was budgeted in the C&C Fund without any General Fund contribution. However, due to the projected capital needs of the Service Yards and no growth anticipated in C&C Tax revenue, a General Fund transfer of \$575,000 is included beginning in 2016-2017 and will continue through the remaining years of the CIP.

Fire Truck Maintenance at the Central Service

The Central Service Yard Phase II project entailed construction and relocation of remaining operations from the old Main Yard property to the Central Service Yard. The move was completed in 2007-2008. The total cost for the Central Service Yard Phase II project was \$31.0 million, plus an

2016-2020 Adopted Capital Improvement Program

Overview

PROGRAM HIGHLIGHTS

Central Service Yard Debt Service (Cont'd.)

additional \$1.2 million required for the demolition and cleanup of the Main Yard. Because construction of the Central Service Yard Phase II had to be completed before the sale of the Main Yard, commercial paper was issued to provide interim financing. A portion of the commercial paper, \$17.5 million, is scheduled for repayment upon completion of the sale of the Main Yard, which is expected to occur in 2015-2016. However, because the sale proceeds are insufficient to pay off the commercial paper, the 2016-2020 CIP also includes commercial paper payments totaling \$4.9 million of which \$946,000 will be paid in 2015-2016.

Other Key Projects

The Mabury Yard Improvements project will renovate the second floor restroom to replace fixtures, flooring partitions, and paint; remodel the locker rooms and showers; remodel the kitchen to include new cabinets, counters, a stove/oven, hood, and ventilation, additional and upgraded electrical connections, paint, flooring, and address roof penetration; and retrofit an existing space to provide a break area for staff at the Mabury Yard.

The West Yard – Restroom Retrofit project will retrofit one restroom at the West Yard, which includes the design and construction of shower and locker rooms for City staff. This project will provide adequate shower and locker rooms for City staff currently located at this location, which include the sewer, landscaping, and roadway crews.

The table below provides a brief description of the key ongoing work efforts included in the Service Yards Program.

| | | 2016-2020 |
|-------------------------|--|-------------|
| Project Name | Description | CIP Cost |
| Roof Replacement, | Repairs and minor improvements required to | \$1,750,000 |
| Painting, and | maintain the service yard facilities. | |
| Supplemental Needs | | |

| Underground Fuel Tank | Monitoring of fuel tanks in the service yards, the | \$315,000 |
| Renovation and | removal and/or replacement of leaking fuel tanks, | |
| Replacement | and necessary soil cleanup based on fuel leakage | |

2016-2020 Adopted Capital Improvement Program

Overview

MAJOR CHANGES FROM THE 2015-2019 ADOPTED CIP

Major changes from the 2015-2019 Adopted CIP are summarized below.

- The Repayment of Phase II Commercial Paper decreased \$500,000, from \$18.0 million to \$17.5 million. This reflects a revised estimate of the proceeds from the sale of the Main Yard property in Japantown that will be used for the repayment of commercial paper that served as a financing mechanism for the Central Service Yard Phase II Project.
- Additional funding of \$20,000 annually is allocated for the Asset Management Database to accurately reflect the support needs of the AssetWorks database.

OPERATING BUDGET IMPACT

It is anticipated that there will be no additional operating and maintenance costs associated with projects included in the 2016-2020 Adopted CIP.

COUNCIL-APPROVED REVISIONS TO THE PROPOSED CAPITAL IMPROVEMENT PROGRAM

The City Council approved the rebudgeting of unexpended funds for the Mabury Yard Improvements (\$330,000) and Underground Fuel Tank Renovation/Replacement (\$20,000) projects.

2nd Qtr. 2015

Public Works

Initial Completion Date:

Council District:

Location:

Description:

Revised Completion Date: 2nd Qtr. 2016

1404 Mabury Road

This allocation provides funding to address required improvements at the Mabury Yard which include

the following: renovate the second floor restroom to replace fixtures, flooring, partitions, and paint; complete remodel of the locker rooms and showers; remodel the kitchen to include new cabinets, counters, a stove/oven, hood and ventilation, additional and upgraded electrical connections, paint, flooring, and address roof penetration; and retrofit an existing space to provide a break area for staff.

Justification:

This allocation is necessary to ensure health and safety concerns are addressed, prevent the

potential occurrence of mold, and meet the current and future needs of the facility.

7. Facilities Capital Repairs

CSA: Strategic Support

CSA Outcome: Safe and Functional Public Infrastructure, Facilities, and Equipment

Department: Public Works

Description: This allocation funds capital repairs at the City's Service Yards. Funding is used to address the

maintenance requirements of Service Yard facilities to avoid significant failures.

Appn. #: 7388

8. Phase II Commercial Paper

CSA: Strategic Support

CSA Outcome: Safe and Functional Public Infrastructure, Facilities, and Equipment

Department: Public Works

Description: This allocation provides funding for payments on Phase II Commercial Paper. Due to a delay in the

sale of the Main Yard, the City is required to pay interest on issued commercial paper until the property is sold, which is projected to occur in 2015-2016. It is anticipated that the balance of the commercial paper debt, including interest, will be paid off over a period of seven years after the sale

of the Main Yard.

9. Repayment of Phase II Commercial Paper

CSA: Strategic Support

CSA Outcome: Safe and Functional Public Infrastructure, Facilities, and Equipment

Department: Public Works

Description: This allocation uses proceeds from the sale of the Main Yard property in Japantown for repayment of

commercial paper that was used as a financing mechanism for the Central Service Yard Phase II

project.

12. VTA Property Lease

CSA: Strategic Support

CSA Outcome: Safe and Functional Public Infrastructure, Facilities, and Equipment

Department: Public Works

Description: This allocation funds leased space now owned by the Valley Transportation Authority (VTA) that is

adjacent to the Mabury Yard. This funding is necessary to provide critical parking and storage for

Mabury Yard operations.
