

Memorandum

TO: Mayor Liccardo

FROM: Councilmember Pierluigi Oliverio

SUBJECT: BUDGET DOCUMENT

DATE: 5/20/15

Approved Pierluigi Oliverio Date 5/20/15

RECOMMENDATION

That the following recommendation be enacted.
Re-allocate all funds listed below to convert existing street lights to LED, adding lockboxes to deter copper wire theft, and adding street lights on streets that do not have any lighting to complete a neighborhood.

Proposal

Program/Project Title: Street Lights a Core Service.

Amount of City Funding Required: \$8.4M

Fund Type:
General Fund

This change is:

One-time Ongoing

Proposal Description, including anticipated outcomes: Converting existing lights to LED saves money on an ongoing basis and provides better lighting. Also there are countless streets in San Joe that have no streetlights and so the city should add new lights. Lighting would seem to be a very basic city service. Allow residents to self-fund the cost difference of decorative pedestrian scale streetlights where desired.
