## RECOMMENDATION

That the following recommendation be enacted.

Re-allocate all funds listed below to the Department of Transportation to install ADA curbs on street corners and fix sidewalks, curbs, and gutters for the poor and elderly.

## Proposal

Program/Project Title: Sidewalks a Core Service.

Amount of City Funding Required: \$8.4M

Fund Type:  
General Fund

This change is:

One-time     Ongoing

Proposal Description, including anticipated outcomes: Tens of thousands street corners are inaccessible by wheel chairs today leaving the disabled at risk. In addition I suggest a portion of these funds are used for new sidewalks that are planned but lack funding. Grants should be offered to fix existing sidewalks, curbs and gutters for the poor and elderly.
