Proposal Description, including anticipated outcomes (describe how change would affect services for San José residents, businesses, community groups, etc.):

As a major gateway to downtown, the SAP Center, and Diridon Station, Bird Avenue from Minnesota Avenue across from highway 280 all the way to the triangle split of Montgomery and Autumn to Santa Clara Street needs weed abatement and beautification. Both Montgomery and Autumn should be included in this proposal. The cost estimate did not cover this entire length of roadway so the estimate might be higher than stated.
