RECOMMENDATION

That the following recommendation be enacted.

Proposal

Program/Project Title: **Crosswalk improvements at Fox Ln in District 4**

Amount of City Funding Required: **\$50,000**

Fund Type (i.e. General Fund, C&C funds, etc.): **General Fund**

This change is:

One-time Ongoing

The Orchard School District resides in an industrial area surrounded by residential housing on one side and low-rise office spaces on the other. The community is currently bracing for the buildout of the Charcot extension, a structure allowing traffic to flyover FWY 880. The community has expressed heightened concern over pedestrian safety and especially that of school children.

Delivery trucks and automobiles speed down Fox Ln. daily including during hours that school children are being dropped off and picked up from school. Not too long ago, a child was hit by a car here. While crosswalks exist on this street, the school has requested – and this council should grant – an updated, improved crosswalk here with more visibility, through neon paint and more of it than just the standard two parallel lines.
