## 2020-2025 Consolidated Plan COMMUNITY FORUMS

Please join the City of San José for a series of Community Forums to help identify and prioritize affordable housing, community services, and homeless needs over the next five years..

### How can you participate?

1. Attend one of our interactive Community Forums
2. Take our short survey:  
English: [https://www.surveymonkey.com/r/SCC\\_REGIONALSURVEY](https://www.surveymonkey.com/r/SCC_REGIONALSURVEY)  
Spanish: [https://www.surveymonkey.com/r/SCC\\_REGIONALSURVEY\\_ESPANOL](https://www.surveymonkey.com/r/SCC_REGIONALSURVEY_ESPANOL)  
Vietnamese: [https://www.surveymonkey.com/r/SCC\\_REGIONALSURVEY\\_Tieng\\_Viet](https://www.surveymonkey.com/r/SCC_REGIONALSURVEY_Tieng_Viet)

The Consolidated Plan outlines the City's housing and community development needs and provides an action plan on how the City intends to use its federal funds to address those needs. These funds, which include the Community Development Block Grant, the Emergency Solutions Grant, HOME Investment Partnerships, and Housing Opportunities for Persons with AIDS, are expected to average about \$12 million annually.

## Plan Consolidado 2020-2025 FOROS COMUNITARIOS

Acompañe a la Ciudad de San José para una serie de foros comunitarios para ayudar a identificar y priorizar la **vivienda asequible, los servicios comunitarios y las necesidades de las personas sin hogar** durante los próximos cinco años.

### ¿Cómo puede participar?

1. Asista a uno de nuestros foros comunitarios interactivos
2. Conteste a nuestra breve encuesta:  
Inglés: [https://www.surveymonkey.com/r/SCC\\_REGIONALSURVEY](https://www.surveymonkey.com/r/SCC_REGIONALSURVEY)

**Appendix B: Community Engagement and Survey Results- San Jose**

## **Community Engagement-City of San Jose and Survey Results**

In addition to regional meetings, four public community meetings were held in San Jose on November 12<sup>th</sup>, November 13<sup>th</sup>, November 19<sup>th</sup>, and November 20<sup>th</sup>. The community meetings were designed to solicit public input from the City of San Jose's community to prioritize housing and community development needs for the next five years. The meetings were legally noticed in the San Jose Mercury News newspaper. Engagement activities at the meetings were used to gather input on the highest community and housing needs.

Public meetings in San Jose were held at the following locations:

Seven Trees Community Center  
3590 Cas Drive,  
San Jose, CA 95111

Hillview Branch Library  
1600 Hopkins Drive,  
San Jose, CA 95122

Bascom Community Center  
1000 S Bascom Ave.,  
San Jose, CA 95128

Roosevelt Community Center  
901 E Santa Clara Street,  
San Jose, CA 95116

Below is a summary of public input from the public meetings held in San Jose. Input from the meetings assisted in the development of the Consolidated Plan as well as strategies to address needs, as laid out in the Strategic Plan. At each meeting, a list of questions was asked of those in attendance. One of the main objectives of the citizen participation process is to ensure that input from a wide range of providers, citizens, advocacy groups, public and private agencies and community leaders is incorporated into both the development and implementation of the Consolidated Plan.<sup>1</sup>

A brief overview of the planning process for the 2020-2024 Consolidated Plan was provided and a listening session with live polling was conducted. The following questions were answered by the meeting attendees:

---

<sup>1</sup> Community Planning & Development, Using IDIS to Prepare the Consolidated Plan, Action Plan, and CAPER/PER, May 2018.

1. What are the County's top priorities over the next 5 years?
2. Where are any neighborhood revitalization target areas?
3. What do you feel are the most common or pressing housing problem in the County?
4. What are the ways to overcome these problems?
5. How do you feel local organizations/service providers can better support your priorities?
6. In what ways are low- and moderate-income families vulnerable to crisis situations such as natural disasters?
7. Do you feel there is an issue with broadband access and technical literacy? If not, what support is missing?
8. How do you feel the County should spend their annual CDBG allocation? CDBG funds may be used for:

Eligible projects are: Community and social services, Economic development assistance; Improvements to public infrastructure and facilities; Affordable housing; Homelessness; Housing rehabilitation.

Stakeholder Outreach: Community Meeting (San Jose)

Date: November 12, 2019

Location: Seven Trees Community Center

Time: 6:30pm – 8:30pm

Facilitator: Maily Chu, Circlepoint

City of San Jose – Seven Trees Community Center, San Jose (11/12, 6-8pm)

1. What are the County's top priorities over the next 5 years?

- Housing to get people out of the streets
  - Do we really need big houses for everyone? Maybe all we need are minimal accommodations. Place to sleep, place to bathe, place to prepare meals. Doesn't have to be private, can be communal.
  - Community homes. Shared spaces. Can house a lot more people.
  - Ex. Japanese internment camps. How could the government create those camps so quickly and efficiently but can't create living spaces for the homeless in the modern age.
  - Build a giant structure in every city that can provide sleeping accommodations for homeless
  - Find a simple solution
  - Includes other wrap around services (mental services, healthcare, etc.) to help the homeless get back on their feet.
  - Similar to when you join the military. From start to finish, they prepare and equip you with everything you need.
- Current process for homelessness is not working. Need a new, faster process.
- Need more communication between different cities and counties.

2. Where are any neighborhood revitalization target areas?

- Every city in the county of Santa Clara should pick up their share
- East side of San Jose, East side of 101, all the way down to Gilroy. West of 101 all the way down to Capital.
- Tully library; servicing homelessness

3. What do you feel are the most common or pressing housing problem in the County?

- (N/A because free discussion and time limitation)

4. What are the ways to overcome these problems?

- (N/A because free discussion and time limitation)

5. How do you feel local organizations/service providers can better support your priorities?

- Go service the homeless in parking lots at libraries
- Language barriers, literacy/education support
  - Translators for those who don't speak English.

- Better explanation of where is the point of entry for services. How to get from one service to the next.
  - So many service providers, it's hard to know who they are, what service they provide, what their goals are, and how to reach them
  - Need collaboration. Consolidation of services. Streamline the process. Too many places to go to receive services.
6. In what ways are low- and moderate-income families vulnerable to crisis situations such as natural disasters?
- Convert pre-existing facilities such as community centers and schools into shelters for emergency situations
7. Do you feel there is an issue with broadband access and technical literacy? If not, what support is missing?
- Continue to support free internet service locations such as the library
8. How do you feel the County should spend their annual CDBG allocation? CDBG funds may be used for:
- Eligible projects are: Community and social services, Economic development assistance; Improvements to public infrastructure and facilities; Affordable housing; Homelessness; Housing rehabilitation.
- Take the entire funding and use it for housing.

#### Questions

- “Why didn’t you get more people to show up?” -the one person that attended
- Why don’t we take our meetings to various neighborhood association meetings?
  - Neighborhood and community leaders attend these meetings, it would be a good way to reach them
- This community has a lot of Vietnamese people, yet there’s no Vietnamese translator and community members in attendance

## Santa Clara County 2020-2025 Consolidated Plan Process

**Stakeholder Outreach:** Community Meeting (San Jose)

**Date:** November 19, 2019

**Location:** Bascom Community Center

**Time:** 6:30pm – 7:30pm

**Facilitator:** Maily Chu, Circlepoint

**Total # of Attendees:** 14 (+3 children)

- Attendee Demographics (visual assessment):
  - Race: Caucasian (11), Hispanic (2), Unknown (1)
  - Gender: (6) Female (8) Male
  - Age: (3) 18-35 (3) 36-50 (5) 51+
  - Disabilities/special needs: No
- **How did attendees find out about the meeting?**
  - Email list (unknown)
  - City of SJ
  - Somewhere on the internet
  - Some event (could not recall which)
  - Wife

**Meeting Handouts available:**

- Regional Forum flyers (English, Spanish, Chinese, Vietnamese)
- Printed surveys (English, Spanish, Chinese, Vietnamese)
- Information Boards
  - Santa Clara County Areas of Low- and Moderate-Income Concentration
  - Santa Clara County Location Map
  - Santa Clara County Minority Concentration
  - Santa Clara County Population in Poverty

**Question & Answer Period:**

9. What are the top priorities over the next 5 years?

- Homelessness/Affordable Housing—especially because more people are falling in
- Trash problem
- The poor/homeless enjoy parks/open spaces too, prioritize these (also community gardens, free libraries, paseos, etc. anything that makes a community a nice, visually aesthetic place to be)
- Need to build these spaces specifically for apartment buildings that don't have access to yard space, areas to enjoy fresh air otherwise
- County/City work together to improve public transit. Private companies like Google provide transit services for rest of community
- Should be places welcome to all where you can just walk in without a reference or registration, vs just shelters

- Efforts/funding concentrated too much on the “hardcore” homeless who refuse services, not trying to make their lives better. Should refocus on those homeless taking real steps to get back on their feet
- City needs to work more with the private and non-profit sectors

10. Where are any neighborhood revitalization target areas?

- East SJ
- 95112 area
- Tully & Monterey
- Anyone part of strong neighborhoods initiative overlays from 20 years ago
- Alma Community Center is in dire need; such a draw but facilities are in poor condition and under funded
- Buena Vista neighborhood—many abandoned homes
- Bascom Del Monte, east valley 680
- Need protections for mobile home parks
- County pockets within SJ

11. What do you feel are the most common or pressing housing problems?

- Project Blossom
- Big slumlord problem—need more accountability for landlords.
  - They’re involved in drive-by shootings and have negative impact on community.
  - Programs designed to punish them need more funding, coding enforcement needs to change
  - Landlord training program—we should restrict their certifications/licenses until they are proven compliant
- Other cities up the peninsula with more \$\$ need to step up and contribute their share toward fixing this problem
- Handle gentrification; when fix problems it housing becomes more expensive
- Housing near job centers, not just spread around the valley

12. What are the ways to overcome these problems?

- Taxing vacant homes or vacant parcels; second home tax; Airbnb tax
- Need stronger partnerships, e.g. with Union Pacific
- Need a place for RVs and campers - sanctioned encampments
- Support existing services:
  - Don’t cut funding, do evaluations of efficacy first
  - Catholic charities, RLEI—landlord accountability organization (by law they cannot be counter sued)
- Fix code enforcement to address slum conditions from multi-units—it’s just complaint-driven right now

13. How do you feel local organizations/service providers can better support your priorities?

- Don’t cut funding—it cuts services

- City should use general fund to pay for services
- CDBG goes to favored groups
- Prevent discrimination against folks based on source of income

14. In what ways are low- and moderate-income families vulnerable to crisis situations, such as natural disasters?

Did not discuss

15. Do you feel there is an issue with broadband access and technical literacy? If not, what support is missing?

Did not discuss

16. How should the County and Cities spend their annual CDBG and HOME allocations? CDBG and HOME funds may be used for:

- Community and social services
- Economic development assistance
- Improvements to public infrastructure and facilities
- Affordable housing
- Homelessness
- Housing rehabilitation
- Housing preservation
- Affordable housing
- Fair housing rights education and enforcement; especially surrounding renters' rights
- Code enforcement in slum areas - anytime a building changes ownership, city should require code enforcement to check it out.
- There are county pockets that need code enforcement: Burbank and alum rock near the east side: people living in garages

**Questions from attendees:**

- Is this all part of the consolidated plan?
- Is this related to programming that Trump admin tried to eliminate but CA overrode it?
- Why do certain areas of the city get preference over others for community centers?
- Union Pacific line: trash builds up—who are the partners on this cleanup effort so the end result is something for the community?

**Additional feedback:**

- Lots of trash because of homelessness
- Design parks right, provide community meeting places
- Transit need to be fixed, so many cars and accidents
- We do not have enough accountability of landlords. We should restrict their certifications/licenses until they are proven compliant
- Homeless are taking over vacant houses.
- Need an institution confronting the railroad. Mayor Liccardo says his office is trying to get contract for cleanup.

**Were photos taken:** Yes

## Santa Clara County 2020-2025 Consolidated Plan Process

**Stakeholder Outreach:** Community Meeting (San Jose)

**Date:** November 20, 2019

**Location:** Roosevelt Community Center

**Time:** 6:00pm – 8:00pm

**Facilitator:** Maily Chu, Circlepoint

**Total # of Attendees:** 20 (+6 children, 2 teens)

- Attendee Demographics (visual assessment):
  - Race: (12) Caucasian, (4) Hispanic, (3) African American, (1) Asian
  - Gender: (10) Female (10) Male
  - Age: (12) 18-35 (6) 36-50 (2) 51+
  - Disabilities/special needs: No
- **How did attendees find out about the meeting?**
  - From an email
  - Invite from the County/City of San Jose

**Meeting Handouts available:**

- Regional Forum flyers (English, Spanish, Chinese, Vietnamese)
- Printed surveys (English, Spanish, Chinese, Vietnamese)
- Information Boards
  - Santa Clara County Areas of Low- and Moderate-Income Concentration
  - Santa Clara County Location Map
  - Santa Clara County Minority Concentration
  - Santa Clara County Population in Poverty

**Question & Answer Period:**

17. What are the top priorities over the next 5 years?
  - Getting (and keeping) people into affordable and low-income and supportive homes
  - Spread out locations
  - Access to public transit
  - Temporary housing
  - Support for first-time home buyers
  - More services/community amenities (all over county)
  - Invest in education and service workers
  - Amenities/needs for specific neighborhoods
  
18. Where are any neighborhood revitalization target areas?
  - 17<sup>th</sup> & Santa Clara St (hospital site)
  - Under-utilized/vacant lots

- Roosevelt (adjacent)
- Almaden (no support services)
- Wooster area
- District 8

19. What do you feel are the most common or pressing housing problems?

- Lack of affordable housing options for the middle class
- Port-o-potties and dumpsters to combat waste
- Some people don't support growth/high-density housing
- Auto repairs for people who live in their vehicles (stipend)
- Provide/set up more resources in community centers

20. What are the ways to overcome these problems?

- Communication/collaboration between county and city
- Money for prevention, for the next generation
- Spread the word about resources available
- We can't use federal poverty level in the bay—change threshold (S.C. county premium)
- Navigation center for resources (multiple languages)
- “Junk uber” dump trucks drive around the city picking up trash/illegal dumping

21. How do you feel local organizations/service providers can better support your priorities?

- Reevaluate service provider demographics
- More public service announcements (radio, cable, multiple languages)
- Training for these services (agencies applying for funding don't know how to apply)
- Ask organizations to work together

22. In what ways are low- and moderate-income families vulnerable to crisis situations, such as natural disasters?

Did not discuss

23. Do you feel there is an issue with broadband access and technical literacy? If not, what support is missing?

Did not discuss

24. How should the County and Cities spend their annual CDBG and HOME allocations?

CDBG and HOME funds may be used for:

- Community and social services
- Economic development assistance
- Improvements to public infrastructure and facilities
- Affordable housing
- Homelessness
- Housing rehabilitation

- Services are critical to homeless prevention
- Get feedback from those who are getting services
- The homeless/ people using the services should have a say in services provided
- Transit – don't cut back on services
- Need housing closer to jobs for teacher, police officers, etc.
- Need mental health and drug addiction service that are easy to access and are free
- People should be able to age in place
- Bus services for the VA clinic in south San Jose

**Questions from attendees:**

- Is the County and City (of San Jose) working together?
- Is this federal funding?
- Why have services been cut at some community centers (Roosevelt no longer has showers)?
- How can we make the grant process easier?
- Are services evaluated regularly?

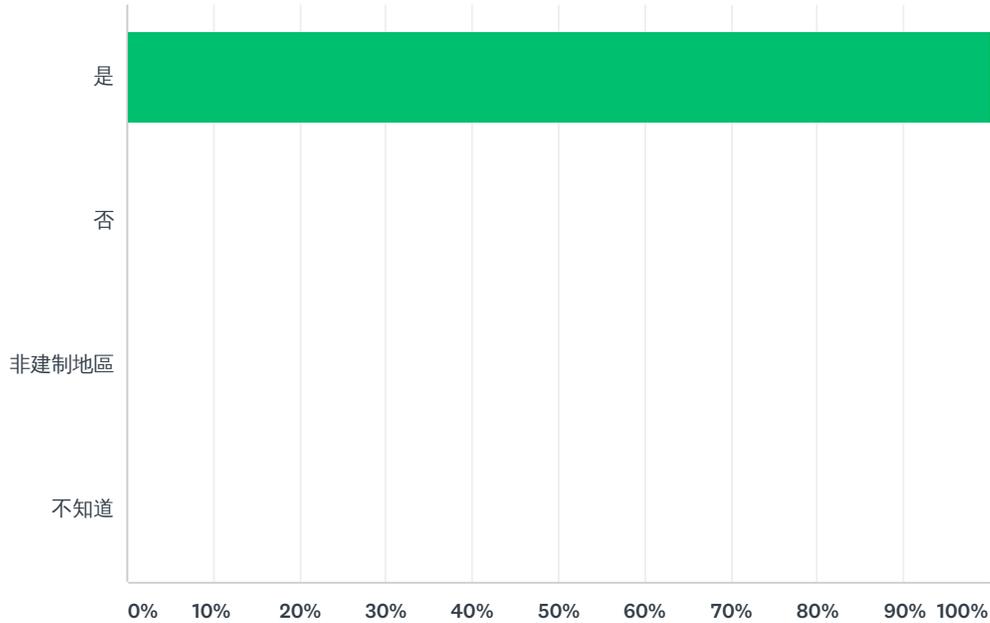

**Additional feedback:**

- Envision got money for safe parks; when you put in restrictions, you cut out people that really need help
- Stop creating more layers of homelessness, e.g., prevention. No voice for those on the street.
- Some non-profits survey their clients.
- San Jose should not have to bear the brunt of homeless problem
- Rebuilding Together helps people to age in place

10	Really need more housing, especially affordable. Rents are too high, that's the hardest part of living here for everyone I talk to. Everything is too spread out too - need more density. Bike lanes are very bad - tend to disappear for a block at a time, throwing me out into car lanes. (examples: Race street at Park, Bascom at Fruitdale, need a safe 280 crossing for bikes somewhere). Also need higher hourly wages. Otherwise things are good- crime is low, neighborhoods are nice, people are great. Just need more affordable housing and higher wages to fix the cost of living problem.	12/16/2019 6:52 PM

24	Santa Clara County has minimized crime so "low level" crimes (burglary, purse snatching, drug dealing, drunk/high in public, graffiti, etc) that affect well being are rampant in our neighborhood. Unsheltered homeless are allowed to act in ways that traumatize residents, particularly the children and nothing can be done - they are not arrested or removed from the community because of the behaviors. Certain neighborhoods aren't poor enough to have a lens on them but not demographically wealthy enough to cope well with crime and the unsheltered homeless - and when we complain we are the bad guys for not having enough empathy to those who live in our community who perpetrate crime, those who come into our community to perpetrate crime and the general chaos caused by mentally unstable, drug using unsheltered homeless.	12/12/2019 8:10 PM

34	Please consider the ideas I wrote in the comments. To summarize: 1.) #1 Priority: Build multi-unit housing where people will pay 30% of their net income for housing every year for their lifetime and their children's lifetime all over the Santa Clara County. Start in the cities of Campbell, Los Altos Hills, Los Altos, Los Gatos, Monte Sereno, Morgan Hill and Saratoga first. 2.) Subsidize public transportation on VTA,BART, and Caltrain with an annual pass (\$415) for every resident of Santa Clara County. 3.) Open mental health clinics (not income-based) available to every resident in Santa Clara County who wants or need help. 4.) Improve traffic infrastructure to reduce car usage, reduce speeding and reckless driving.	12/10/2019 7:50 PM

58	After recently driving across the US it was sad to see how filthy CA was compared to much of the US. Also too many homeless shelters are in 95111 area. It's not fair to kids and residents. It's unsafe. Watching people do drugs, prostitution, individuals dedicating on the sidewalk - it's sadly something we see daily. Along w trash, and constant break ins. Mentally ill need to be off streets. Drug addicts fuel their habits w crime. Vets, former foster kids, seniors , families, etc. need help if homeless... but majority of SCCo shelters should not be in one area !!!! Curtner/ Monterey corridor needs a BIG face lift clean up. Move out all the sex offenders from the run down hotels and use the land to provide parks so kids can feel safe and play. So many that end up homeless have NO idea how to budget, why have savings etc. Gave a mandatory financial training Dave Ramsey program ticket to housing criteria must be met if \$ is given otherwise its an endless cycle. Basic home economics skills are needed.	12/7/2019 12:09 AM
59	The no-to-low income folks (including the drug addicted and/or mentally ill vagrants) have a lot of opportunities for services provided by the taxpayers, non-profits, NGOs, churches, private citizens, etc. It's the working homeless folks who are not drug addicted/mentally ill who need more help.	12/6/2019 11:58 PM

61	There seems to be a lack of services to San Jose residents in the middle income neighborhoods. Library service / site is terrible, park is small and over utilized, private schools cause major traffic problems in neighborhood and no one at city or schools listen. Crime rate (especially car breaking) is increasing. Neighborhood no longer had same feel.	12/6/2019 11:48 PM

94	Is it possible to have the city of San Jose allow residents to remove trees on their property that are sick/sapping and are a nuisance to maintain and replace them with native drought-tolerant trees instead? The city refused to remove my neighbor's tree despite it dripping sap all over their driveway and cars (and our cars as well since we live across the street). These trees are not suitable for the weather in California, causing them to get sick and sap, forcing residents to pay out of pocket for maintenance of these trees. They also drop many small berries that are a slip hazard. Also need for more reliable public transport to free up some traffic and to provide transportation for those who do not have access to a car Roads need to be fixed - highways and roads have too many uneven surfaces and potholes that can damage cars. I drive through a huge pothole on Moorpark Ave on the way to work this morning I could have popped a tire and/or bent the wheels, which are expensive to fix.	12/4/2019 10:58 PM

100	A major issue in San Jose currently is trash/debri. My neighborhood (Cadillac) always has tons of illegal dumping and trash flying around due to lack of code enforcement about trash storage and no commitment to neighborhood clean-up. We have some flooding on our street (Essex Way) because the storm drains are clogged with leaves and trash because the yard waste pick up is too infrequent. Also, yard waste regularly blocks street parking because we put it on the street. Why do we not have bins for yard waste like other jurisdictions? This would be more efficient and solve a lot of the drain clogging and parking issues	12/3/2019 7:43 PM
101	main concern is affordable housing in this county. so many people of color are moving out of this county and commuting further away. the demographics are changing and we need to keep people who were born and raised here and have called this place home. tech companies and silicon valley cost of living is pushing the lower middle class away	12/3/2019 6:33 PM

112	My neighborhood is constantly bombarded with trash such as mattresses or garbage. I believe every once in awhile the city should bring out those green bins so people who cannot take items to be hauled away can do so. I know there is a weekly service, however, sometimes one cannot always call in advance for items to be hauled away. I think it would lessen the garbage if people knew the city was also helping them clean out their garbage.	11/29/2019 7:28 AM

114	Santa Clara County serves real estate developers first, everyone else second. The result is an incredibly expensive sprawl accessible only by automobile. (We're even sacrificing our airport to downtown developers who compromise its emergency safety.) It's an economic and environmental disaster caused by political corruption. The county will never be able to meet the needs of its population on this course. We need to stop lying to ourselves about how we got this way or it will only get worse. Stop listening to the advocates for developers and speculators among your staff and political operators. Recognize YOUR role in that political corruption. Stop taking their money and favors. Make them leave the room. Their money is dirty, stop taking it.	11/28/2019 10:39 PM

132	Preserve the quality of life; don't allow ADU's--fight the state on their unfair laws; work toward zero population growth and figure out how to make our economy work, the overpopulation is drastically reducing quality of life for all as traffic, noise, pollution, forcing change in culture, reduction in green spaces, etc., are all very serious problems. This state is going downhill far and fast and it will be bad for succeeding generations if we allow the population to keep growing.	11/27/2019 4:43 AM
133	Nasty unkempt city, homeless are allowed to love where a person tries to walk, unsafe, never see Law Enforcement around our area. 134	Yes. There is a growing homeless encampment near the area where I live at Monterey and Bernal. I don't feel comfortable with them living so close to my family and I worry about the decline in property value and the increase in crime. 138	The city of San Jose needs to address the growing homeless population. Most are on drugs or mentally ill a s throwing \$ at the problem without coming up with real solutions is not helping. Also theft in our area has gone up exponentially. These thieves need to be locked up and not just catch and release. It's really getting ridiculous here in SJ! 148	Stop putting taxes on homeowners! The San Jose property transfer tax is ridiculous and could be avoided if the city properly assessed developers the fees they're supposed to pay instead of "forgiving" them. The residents should not have to pay for what for-profit developers don't need to pay for. Clean up the homeless camps. Send the message that we don't want those camps in the city. If we were clearer about evicting them from public land, they wouldn't be here. Clean up their debris and feces quicker. It's sad that not everyone can afford to live here, but life isn't fair.	11/27/2019 12:39 AM

180	Two big concerns: 1. Too many break-ins (in cars and houses) and theft (from cars, houses, and delivered mail and packages). 2. increasing parking issues	11/26/2019 7:57 AM
181	Car and home break-ins have increased significantly in the last few years, yet the police can not do anything. We clearly do not have the same level of police presence that we used to many years ago (ratio of police to population). I am also very concerned about the changes to our neighborhoods that are being forced onto us. In my area (near El Paseo shopping center) they are about to build high-density housing in a neighborhood where the tallest buildings within a few miles are two stories high. They are planning to bring in 900 or so families; our traffic and crime rates are already serious problems and now we are going to make it significantly worse. I used to love California and couldn't imagine living anywhere else. After living in my home here in San Jose for 42 years, that's not true anymore.	11/26/2019 7:40 AM
182	Clean up the homeless growing population on Moorpark and Winchester Blvd. Drug addicts wandering the streets and making an unsafe neighborhood!	11/26/2019 6:25 AM
183	The lack of focus on public transit is amazing. Lack of transit / inadequate transit is a root cause of our housing problems. Ditto for transportation. Also we need to make downtown more livable to get more people there	11/26/2019 6:07 AM
184	Stop people from leaving their discarded junk on the curbside for people to pick up. This leads to unsightly streets.	11/26/2019 4:52 AM
185	Please stop letting homeless, who are mostly drug addicts and/or mentally ill, live in our sidewalks, underpasses, side of freeways, behind buildings... the trash and biohazard that accumulate are INSANE!!	11/26/2019 4:43 AM
186	San Jose is very high in car break ins. Throw them in jail, do something about it. It's bad here.	11/26/2019 4:38 AM
187	City of San Jose needs to rehabilitate Lake Cunningham. It is a gem that has been left to die. East side deserves better. I and others in Evergreen feel strongly about this issue. Would this have been allowed to happen in Willow Glen? No way!	11/26/2019 4:16 AM
188	Need more police enforcement	11/26/2019 4:03 AM
189	Monterey Road/Highway needs to be cleaned up from Branham to Capitol Expwy. The homeless situation & trash is out of control, a safety hazard for traffic, a safety problem for the public, adds to crime, ruins the neighborhood, and is so disgusting. We need someone in office that will step up and clear that area. We pay high taxes and shouldn't have to put up with this. Las Vegas new law is what we need.	11/26/2019 3:44 AM
190	Clean our freeways , neighborhood trash , homeless encampments , taking over our city! Including corner panhandling!	11/26/2019 3:10 AM
191	more police presence	11/26/2019 3:04 AM
192	Public transportation in San Jose East Foothills is needed	11/26/2019 2:58 AM
193	There is too much trash everywhere, especially on S King Rd between Story Rd and Tully Rd, and on McKee Rd between Jackson and Capitol. Second to Trash are weeds that will be a big when the rain begins. Third, is the graffiti.	11/26/2019 2:38 AM

**COUNTY OF SANTA CLARA COMBINED 2020-2025 CONSOLIDATED PLAN REGIONAL NEEDS SURVEY**

194	With climate change and water conservation alot of my neighbors have let their front yard areas die and let overgrowth of weeds! Many yards look horrible and it makes my neighborhood look like there is blight and looks like our neighborhood is run down and unkept! Is there any assistance to homeowners to update or improve their front yards to not be so unkept?	11/26/2019 2:26 AM
195	I would like codes to be enforced. Instead of being complaint driven, code officers should drive around neighborhoods to cite violators. Things are getting out of hand in San Jose! Lots of ugly and unkempt homes. And require the homeless to accept services! Don't make it optional. It is NOT compassionate to allow people to live along the freeways and riverbanks. Shame on you politicians.	11/26/2019 2:07 AM
196	City of San Jose needs to revise the public street tree removal policy to make it easier for residents!!!	11/26/2019 2:03 AM
197	nothing additional	11/26/2019 2:02 AM
198	I have little faith you will do any good for anyone and tax the heck out of us in the process	11/26/2019 1:43 AM
199	The topic of traffic congestion and clean air was not addressed in the survey, now was our aging infrastructure...	11/26/2019 1:08 AM
200	There are too many rules and regulations. The bureaucracy is bloated and wasteful. It needs to be streamlined and the majority of government regulations needs to be eliminated.	11/26/2019 1:03 AM
201	Patient brokering and weak laws re drug rehab centers brought thousands to CA . Prosecute any involved in patient brokering . So many obviously mentally ill on streets , kids can't even go to local playgrounds due to unstable people on kids playgrounds Enforce loitering laws, no kids w you-stay away from playground. Monterey HWy area near Senter has TOO many low income for unstable drug addicts etc Housing for homeless and facilities need to be spread out throughout Santa Clara County , not dumped in an already stressed trashed area Increase programs for seniors and kids ! Homeless have more rights than anyone right to throw trash around right to steal bikes without punishment . Enforce laws. No camping if a bed at a shelter is available etc.	11/26/2019 12:46 AM
202	Fix the roads, more motorcycle cops to ticket people texting and talking on phones and to curtail reckless drivers. Ticket auto with EXCESSIVE exhaust noise	11/26/2019 12:44 AM
203	Definitely think you should improve the willow glen community center. Put in a large indoor gym to have pickle ball courts. And a place for senioractivities and a place community members young and old can go to and be productive and help others too.	11/26/2019 12:39 AM
204	More pedestrian safety	11/26/2019 12:38 AM
205	I am getting continually upset by the lack of response from City/County workers with the numerous people who live in RVs on the street. Many of them have more than 1 vehicle they move around to avoid being towed, but in reality, they know how to beat the system. They know any complaint will get little to no response by local agencies. We have no idea who is living amongst us and they should be ticketed or towed of they abuse our streets including parking too long, dumping trash etc. Our neighborhoods are no longer safe to live in and property values are going down instead of up.	11/26/2019 12:35 AM
206	Criminal activity is up and so are the homeless encampments. I do not see SCC or the city of SJC doing anything about this at all. So many smash and grabs, homeless creating a vast pile of garbage and health risks. Time to lock them up and get them mental health and drug treatment to get them off the streets once and for all. Can we also streamline the CCW permit process for county residents?	11/26/2019 12:16 AM
207	The homeless problem, graffiti, trash on streets/highways are highest of mind. This makes our county and the city I live in look like we are a 3rd world country when in reality we are one of the most wealthy regions in the world. Let's clean up!!!	11/26/2019 12:03 AM
208	The mentally ill treatment centers need to be activated asap. Too many homeless are mentally ill.	11/25/2019 11:47 PM
209	My biggest concern is the growing Homeless population. People need assistance with mental help AND there needs to be affordable housing. Two separate issues that are causing one BIG problem.	11/25/2019 11:37 PM
210	The county needs to focus on mental health treatment for homeless, and to enforce the laws against camping on the sidewalks. Many of the trails in my area are unsafe due to the homeless encampments	11/25/2019 11:09 PM
211	Clean up homeless encampments and their trash.	11/25/2019 10:29 PM

**COUNTY OF SANTA CLARA COMBINED 2020-2025 CONSOLIDATED PLAN REGIONAL NEEDS SURVEY**

212	We need to find a more integrated way to recycle more single use plastics. There is economies of scale in development if more cities/county works together to help eliminate litter and reduce trash going to the landfills. Check out TerraCycle for great initiatives like recycling cigarette waste and so much more!	11/25/2019 10:26 PM
213	Not enough single family homes being developed. Permanent residents want to own a home, not rent forever or live in a place without yards and space for families.	11/25/2019 8:52 PM
214	Nothing was said about the amount of addicts in the homeless population. They need help or if dangerous, incarceration including help. Letting them roam the area is disgusting, dangerous, and not what this city should be doing.	11/25/2019 7:31 PM
215	Would like to see median on Almaden Expressway improved and sidewalk cleared of weeds and the road resurfaced, also on Meridien Ave. road between Blossomhill and Coleman is badly needing resurfaced, it is full of patches and holes, disgraceful!. We certainly need to beautify Almaden Expressway just like Santa Theresa Blvd. and make our roads safe to drive on like other States.	11/25/2019 7:09 PM
216	We need more trees planted in neighborhood park strips!	11/25/2019 7:03 PM
217	Crime and traffic are out of control. Cost of living here is also out of control for average families.	11/25/2019 6:59 PM
218	Bambi Larson was killed in my neighborhood by a illegal alien tweaker. Get rid of SCC's sanctuary policies and arrest illegals that have rap sheets.	11/25/2019 6:59 PM
219	There is no trail between zanker and north first st next to hwy237. Does the city have plan to build one? Then more people are willing to bike to work. This can reduce pollution and traffic	11/25/2019 6:23 PM
220	Very good survey. IMO Housing needs to be provided to the homeless. Use Salt Lake City program as an example.	11/25/2019 6:17 PM
221	Stop the constant burglaries!	11/25/2019 6:11 PM
222	It is an abomination that the City of San Jose voted to weaken the Ellis Act. While I own my home, the homeless and housing crisis is out of control and the Mayor's majority are shills to the landlord and developers and exacerbating the issue with votes like that.	11/24/2019 11:41 PM
223	I'm homeless and my so called ase worker has not done shit for me.	11/24/2019 9:07 AM
224	How much of a drain on the taxpayer's money to house, feed and educate the 80,000 illegal immigrants in Santa Clara County and San Jose, specifically? Unacceptable behavior by City leaders coddling illegal aliens who could care less about obeying ANY law.	11/24/2019 2:07 AM
225	There is simply too much trash everywhere. Landscaping along road and highways is also non-existent. There are plenty of low-water and low-maintenance ways to landscape our roadsides and keep them clean.	11/23/2019 12:20 AM
226	Safe Park locations should be available in all parts of the county. There should be no gender discrimination in distribution of county homeless resources, i.e. all programs and grantees must provide a gender breakdown of the clients they serve and that distribution of resources must match the most recent census of homeless. At present two thirds of the homeless resources is allocated to females and one third is allocated males, leading to decades of discrimination against the male homeless. Look at other counties across the nation and you will see that Santa Clara County is the national capital of discrimination against homeless males. Bring equity and justice to the distribution of homeless resources. Day by day, week by week, month by month, year by year, decade by decade the homeless men of Santa Clara are discriminated against because the resources allocated to them are reallocated to females. This is not the case in the rest of the nation. Santa Clara County is the capital of discrimination against homeless men.	11/23/2019 12:11 AM
227	Build lots of affordable housing near transit and help CBOs purchase land and place in land trust	11/22/2019 1:08 AM
228	clean up the parks, get the homeless out, ship them elsewhere.	11/21/2019 11:39 PM

230	No	11/21/2019 11:10 PM
231	There seems to be a focus on HOMELESSNESS. Though important, there needs to be assistance for the middle income. Our teachers, wait staff, nail and hair salon workers need housing assistance. If this is not done then our County will have the very poor and the very rich.	11/21/2019 3:49 PM
232	no	11/20/2019 6:02 PM

233	Please provide child care so parents can stay with their sick kid at the hospital. So, it will be no excuse that they have to stay home and take care of the other kids	11/19/2019 11:59 PM
234	I am very concerned that the people who wrote this survey did not know economics, and that they are therefore going to waste lots of money on useless or (more likely) counterproductive things. I think that getting a passing grade in a 'economics 101' class should be required as a prerequisite for getting on the board that makes this survey.	11/18/2019 10:00 PM
235	No	11/18/2019 7:11 AM
236	Repeal Prop 47, passing Laura's law, bring back neighborhood safety, reduce crime	11/17/2019 9:01 PM
237	We need a burglar unit. We moved here to be out of the city and want a stop to the continued use of our beautiful land, plants and animals. No new housing here. We have reached capacity. No new taxes. We can barely afford for the taxes and insurance requirements we have. Everyone but the very rich and homeless are moving out of California.	11/16/2019 8:57 PM
238	As we build out housing and jobs we must reserve and develop spaces nearby for outdoor recreation. San Jose has a deficit of this kind of spaces which contribute to the creation of healthy communities.	11/16/2019 7:17 PM
239	We need to have more pop up fairs where the homeless can gather and feel part of the community. They can be health fairs or just community events where the homeless are not shunned but embraced and cared for.	11/16/2019 7:15 PM
240	At this time, immediate and effective attention to the homeless and low and low income housing crises is of the utmost priority. Building really affordable housing is not a bad thing and should continue as fast as possible but the need is most immediate and requires vast improvement that cannot wait for all the necessary housing to be built. Therefore, drastic actions must be taken immediately, such as sanctioned , legal, sanitary and safe homeless encampments with accompanying portable shower and bathroom fascilities, trash pick up, police and fire protection and community services to help residents seek permanent housing and jobs as soon as possible. In addition, immediate and drastic action must be legislated in order to create truly affordable presently existing housing, such as low dollar mandatory rent caps and rent control and high dollar rent subsidy programs. Such measures should onlybe eased in proportion to the easing of the housing crises.	11/16/2019 3:32 PM
241	Bart to San Jose is very important and not listed. Getting it done without more taxes	11/15/2019 10:27 PM
242	Addressing homelessness is the biggest issue from my perspective.	11/15/2019 10:20 PM
243	The County of Santa Clara should provide its own electricity & gas, instead of relying on PG&E. PG&E is not reliable; they have failed to replace their outdated infrastructure and instead take their funds to keep their stakeholders rich.	11/14/2019 9:39 PM
244	San Jose doesn't look nice. It's dirty. Maybe every district can have dump trucks drive around all day and pick up junk that's left on the street using the MySanJose app as guidance. But the average person who drives around can easily pick up junk left on streets and load up a lot. This shows initiative and effort to clean up our street and it's a way to combat the streets and clean it up! More assistance need to be offered to the working class to help them fight being on the verge of homelessness. More one stop shops for people Who are attempting to navigate the complex government system. You tell us to go here for help then there for help but we don't know what to do. We're lost. One main place for us to go to get the help we need rather than us going to different places would be helpful. Senior need to affordable housing opportunities. Most seniors only live on a little bit of SS. Housing needs to reflect the average income. Seniors can't afford rent here and we are a vulnerable population. Business assistance for minorities need more work. More help to offer.	11/14/2019 5:38 PM
245	If we're not going to criminalize or provide law enforcement for poverty, mental illness, or drug abuse on the street and in neighborhoods, then there needs to be a permanent, mandated place for those who need help whether they like it or not. Also, there needs to be more housing supply in general, not just low income.	11/14/2019 4:40 PM
246	LOCAL CORPORATE COMPANIES SHOULD WORK WITH LOCAL SCHOOLS TO BUILD THE WORKFORCE THEY NEED.	11/14/2019 5:53 AM

**COUNTY OF SANTA CLARA COMBINED 2020-2025 CONSOLIDATED PLAN REGIONAL NEEDS SURVEY**

247	We are in a housing crisis and Santa Clara County is experiencing huge increases in homelessness, we need to PREVENT homelessness by keeping working families and seniors in their homes, protect renters, empower renters associations and build social housing. Most countries in Europe have figured out how to provide affordable housing and accessible free/cheap public transportation for their residents, why can't we? I believe it has everything to do with having appointed boards to the VTA while the majority of our elected officials take campaign donations from developers and big tech.	11/14/2019 12:47 AM
248	The single most serious problem we have is a transportation network that will move us away from single use automobiles.	11/13/2019 4:18 AM
249	Provide clearly marked places for navigation of help (health, legal, education); safe place for housed/unhoused persons most in need or underserved such as women, LGBTQ, youth, low/non-English proficient singles/families accessing care et.	11/13/2019 3:59 AM
250	Stop the madness of saying homeless people are homeless. They are addicts and mentally ill. We need to start treating the problem instead of band aiding it. Until the government wakes up, it will only get worse.	11/13/2019 3:42 AM
251	the combination of mental health services and education to the public is very important, in combination with access to needed services to support cost of living and housing stabilization.	11/13/2019 3:36 AM
252	Increase access to public open space/parks in low income neighborhoods because everyone needs access to healthy exercise and play -not just those in well off areas	11/12/2019 5:43 PM
253	I am concerned that the middle class is being abandoned in our community. They earn too much for affordable housing, but cannot afford market-rate houses. If they all leave our community will greatly suffer. We are turning in a community of the wealthy and the poor.	11/11/2019 9:34 PM
254	don't short-change the residents in trying to make housing affordable: to avoid creating slums, take care with the design and provide the needed infrastructure, including transportation, park land, and access to healthy food and good schools.	11/11/2019 1:52 AM
255	Need more regulation of landlords regarding rent raises, maintenance of buildings and behavior of tenants. Need to help fund Catholic Charities' Responsible Landlord Engagement Initiative (RLEI) which helps residents with community organizing to hold bad landlord accountable.	11/10/2019 6:13 PM
256	help the sinor	11/10/2019 7:21 AM

259	no	11/9/2019 9:39 AM
260	The transit system MUST be improved. Affordable/Supportive housing needs to be dispersed throughout all cities and neighborhoods so as not to have a concentration and create 'ghettos'.	11/8/2019 3:48 AM
261	Downtown businesses seem to be most impacted by a lack of affordable parking in San Jose. All the surrounding towns have free city parking. San Jose needs the same to have restaurants, cultural events, etc. survive.	11/7/2019 11:00 PM
262	why are there no questions regarding opinions on the high taxes being placed on the homeowners, and residents. There is too much money and resources is being spent on homeless, (free phones, health care, and subsidized housing). Why are homeowners paying full share, and what are they receiving for that?	11/7/2019 1:18 AM
263	The homeless & housing crises are regional issues. So many of our other problems stem from the fact that we don't have affordable housing here. I feel like San Jose is unfairly bearing the burden of the homeless crisis, which diverts city funds for other services such as parks & recreation to address the homeless crisis. The County needs to step in to ensure the smaller, more affluent cities pay their fair share.	11/6/2019 11:09 PM

266	As a county we need to focus and prioritize environmental health and sustainability. We need better access to affordable alternative transportation, protected bike lanes. We need to reduce our waste and plastic use. We also need better paying class for low income members of our community.	10/21/2019 8:31 PM
267	Consider housing for homeless individuals that allows them to keep their pets. I work at a public facility with multiple "regulars" who are unsheltered neighbors who live on the streets because they do not want to separate from their companion pets.	10/21/2019 4:17 PM

## **C. County of Santa Clara Community Engagement Summary**

# County of Santa Clara 2020-2025 Consolidated Plan Community Engagement Summary

## Outreach Results

*Administrative Draft*

---

## Summary Introduction

The County of Santa Clara and each of its Cities helped create an engagement program that included four types of activities including: Stakeholder interviews, community meetings, pop-up events, and a community needs survey. The Engagement Program began in its planning processes in October and was completed at the end of November. The following summarizes of the highlights of the engagement program.

## Regional Public Forums – Location of Meeting

Four regional public forums were held throughout Santa Clara County in the Cities of Morgan Hill, San Jose, Palo Alto, and Cupertino. The Regional Meetings were held

- November 4 @ Morgan Hill City Hall, California
- November 7, 2019 @ Palo Alto City Hall, California
- November 12, 2019 @ Cupertino Community Hall, California
- November 20, 2019 @ Roosevelt Community Center, San Jose, California

A brief overview of the planning process for the Analysis of Impediments to Fair Housing Choice and the 2020-2025 Consolidated Plan was provided and a listening session with live polling was conducted. The following questions were answered the meeting attendees:

Question 1. What should be the County's top priorities over the next 5 years?

Question 2. Where are any neighborhood revitalization target areas?

Question 3. What do you feel are the most common or pressing housing problem in the County?

Question 4. What are the ways to overcome these problems?

Question 5. How do you feel local organizations/service providers can better support your priorities?

Question 6. In what ways are low- and moderate-income families vulnerable to crisis situations such as natural disasters?

Question 7. Do you feel there is an issue with broadband access and technical literacy? If not, what support is missing?

Question 8. How do you feel the County should spend their annual CDBG allocation? CDBG funds may be used for (*Eligible projects are: Community and social services, Economic development assistance; Improvements to public infrastructure and facilities; Affordable housing; Homelessness; Housing rehabilitation*).

### The major themes and outcomes of the regional public meetings were as follows:

1. What should be the County's top priorities over the next 5 years?

- Enhance transit systems and rider accessibility
- Housing maintenance and rehabilitation
- Increase services for senior citizens and mental health
- Provide needed workforce development
- Continue to fund and create sustainable housing solutions
- Increase affordable housing
- Provide more assistance for emergency assistance including transitional housing
- Provide more services for special needs populations: particularly single-income families, seniors, and homeless youth
- Continue to work with and improve homeless prevention programs, shelters, education and job/housing placement

---

## 2. Where are any neighborhood revitalization target areas? (priority order)

### 1. San Jose

- Downtown San Jose
- South San Jose
- Central San Jose
- San Jose-Monterey Road Corridor, (poverty and lack of planning)
- East San Jose (high gang activity)
  - Little Saigon, Alum Rock, Foothills
  - Coyote Creek
- Alviso
- Monterey Rd
- District 8
- 17<sup>th</sup> & Santa Clara St
- Mayfair
- Rengstorff Park
- Southwest Expressway
- Tully Road
- Wooster area
- Roosevelt Park

### 2. Gilroy-(high gang activity)

- East Gilroy and Glenview neighborhoods.

### 3. Morgan Hill (Boundary area between Morgan Hill and Gilroy)

### 4. El Camino Real

### 5. Other areas mentioned by the general public:

- BART/VTA/ and Caltrain corridors
- Mayfair
- East Milpitas at Route 680 area
- Stevens Creek
- Older shopping areas and vacant lots throughout the County

## 3. What do you feel are the most common or pressing housing problem in the County?

- Affordability particularly for the extremely low income; starter homes are too expensive
- Not enough affordable housing
- Diversity of housing types are not available
- Support for transitioning homeless i.e. financial, medical and social
- Housing suitability for diverse population
- Private sector funding for city or service programs
- Affordable housing zoning
- Amenities for concentrated areas of affordability
- Tech companies in Cities have driven the cost of housing up
- Monitored portable bathroom sites
- Subsidized auto repair and medical services

## 4. What are the ways to overcome these problems?

- First-time homebuyer loans
- Housing and employment assistance for fosters who age out of system

- Family financial literacy
- Streamline planning, permitting and development processes
- Job training for young farmers i.e. education and support for new ag technologies
- Subsidies or prevention programs for families at risk of displacement
- Community planning that supports sustainable density development. i.e. TODs, incentives and infrastructure for affordable transportation, bicycles and pedestrians)
- Regulatory requirements for housing diversity or alternative housing
- Increase the 15% cap for social services
- Reduction in units available in mobile parks. Mobile homes are not permitted
- Create a resource navigation center for individual or social services to use and update

5. How do you feel local organizations/service providers can better support your priorities?

- County, city and service organizations can collaborate and leverage more funding (Ex: City of Mountainview Safe Parking, Move Mountainview and Lots of Love are working together)

6. In what ways are low- and moderate-income families vulnerable to crisis situations such as natural disasters?

- Lack of emergency funds for family emergencies, job loss, homelessness, single income families, and the extremely low income households
- Emergency preparedness in the home and for a community-sized crisis
- Efficient communication

7. Do you feel there is an issue with broadband access and technical literacy?

- Mountain View and Morgan Hill have issues with cell service
- Centralized facilities are needed for libraries and community centers
- Rapid technology updates make it difficult for communities and or families to keep up
- Technology is needed at senior centers
- Affordable collaborative internet service for qualified areas

8. How do you feel the County should spend their annual CDBG allocation? (*Eligible CDBG projects are: Community and social services, Economic development assistance; Improvements to public infrastructure and facilities; Affordable housing; Homelessness; Housing rehabilitation*).

- Affordable housing particularly near employment centers
- Transit service expansion and bus service for seniors and homeless
- Housing rehabilitation – special needs populations
- Community and social services
- Economic development assistance
- Improvements to public infrastructure and facilities
- Homelessness – improve interim housing and services options
- Recreation and open spaces
- Home buyer programs
- Mental health services

## Stakeholder Interview Meetings

Throughout the County twenty-one stakeholder interviews were held, typically at their place of business. The following provides a collective summary of the overarching themes associated with the eight questions mentioned on page two of this Community Engagement Summary. The following entities were interviewed:

- |                                 |                            |

Issue	Needs
<b>Affordable Housing</b>	
The market for housing is bigger than what is available	<ul style="list-style-type: none"> <li>-Increase affordable housing options and alternatives (varieties are need in size and income levels, particularly for extremely low and low income, homeless, disabled and elderly) in the County. There is legislation requiring more affordable housing but there is no timetable.</li> <li>-Increase funds to build or rehab homes, old nursing/care units, and mobile home parks. Particularly near places of employment and transit routes. Commuter numbers are high. There are 120,000 units proposed near transit in the Bay Area</li> <li>-Create grant or loan programs for property maintenance.</li> <li>-Create land acquisition funding programs that purchase land dedicated to new housing. Work with Cities to target specific lands.</li> <li>-Create housing plans that fund and implement housing for working families or “Middle Housing”.</li> <li>-Revitalize mobile home parks, particularly District 7.</li> <li>-Expand voucher programs to include motels, group homes, and other temporary housing.</li> </ul>
Homeownership is rapidly declining	<ul style="list-style-type: none"> <li>-Increase and continue area-wide First-Time Home Buyers programs.</li> <li>-Increase subsidies for down payment.</li> <li>-Review and fill the gaps that exist in mortgage affordability after upfront costs fulfilled.</li> <li>-Provide assistance for housing needs when move-in occurs.</li> <li>-Create incentives for property owners to sell pre-established lists of low and moderate income families.</li> </ul>
High cost of land and construction forces higher unit prices	<ul style="list-style-type: none"> <li>-Incentivize through subsidies to developers to integrate affordable units. (unit prices are based on economy, the better the economy the higher rent prices)</li> <li>-Seek out more County distributed Housing Choice Vouchers.</li> </ul>
The issue of market rate dependent housing and affordable housing are separate issues	Create affordable housing solutions that does not involve cutting back on market rate housing development.
We do not involve private companies who care	Approach private companies that employ below median income residents to assist in financing affordable housing development.
Affordable housing projects take too much time	<ul style="list-style-type: none"> <li>-Create solutions to reduce the time it takes to build affordable housing. Many granting agencies do not want to see a “built” project prior to funding. Takes to long to satisfy public policy. Many plans require variances which can be a lengthy process.</li> <li>-Develop regional action to allocate land, target needs, and implement.</li> </ul>
There is a lack of neighborhood planning and amenities	<ul style="list-style-type: none"> <li>-Create or revitalize neighborhoods with new housing and needed amenities including parks, lighting, and good infrastructure.</li> <li>-Review proposals in the region that support neighborhood sustainability (EX. District 1-Project HOPE – cultivates leadership and support from SJSU for 1-2 years to improve community involvement, cleanliness and crime reporting)</li> <li>-Improve and create flexible zoning particularly in San Jose.</li> </ul>

	<p>-Advocate that Cities update ordinances to include flexible, dense and inclusionary residential and mixed use zoning.</p> <p>-Create consistent land use policies for inclusionary housing. Morgan Hill has an inclusionary housing ordinance.</p>
Annual rents and housing values are not affordable but continue to rise	<p>-Create local policies and advocacy for rent and housing value stabilization.</p> <p>-Increase funding for rental subsidy programs.</p> <p>-Create model policies/programs that promote more affordable housing (Review District 3 Community Leadership Council's (including Hindley and High Neighborhoods) proposed affordable housing proposals</p>
Developers do not get involved in local planning	-Engage housing developers and the business community when developing Specific/Master Plans and Housing Element background studies and recommendations.
<b>Vital Services &amp; Homelessness Prevention</b>	
Lack of services for homeless	<p>-Provide appropriate training for intake staff (navigators) that includes a variety of individual needs.</p> <p>-increase communication on needs, gaps and accomplishments.</p> <p>-Create nutrition programs, cooking instruction and food delivery assistance where homeless exist.</p>
Lack of an anti-homeless strategy	<p>-Create an inclusive Anti-Homeless Strategy. Particularly including special needs populations.</p> <ul style="list-style-type: none"> <li>▪ Support is needed for other at-risk homeless due to high cost of living. i.e. college students, former homeless, those who cannot live alone, and those with a criminal history.</li> <li>▪ Provide safe parking areas for unsheltered homeless populations having vehicles and RVs (Palo Alto and Mountain View prohibits RVs).</li> <li>▪ Develop a comprehensive Wrap-Around Services program for a variety of social service organizations to use.</li> <li>▪ Increase the number of shelters in the County.</li> <li>▪ Greater communication and integration of social service entities.</li> </ul>
There are not enough social service entities to handle homelessness issues	Increase and or franchise reputable service entities to serve other locations.
Complex system for housing and homeless people	Reduce complexity and streamline intake systems for homeless needing housing.
There is a high turn-over rate in service provider staff	Increase wages and professional development for County and outside agency service providers and staff
County services are strained and communication with other services is low.	The County should study the feasibility of outsourcing some of its services to existing social service agencies. Collaborating with other service entities may solve capacity problems.
CoC has limited communications	-The CoC can become more effective if they could increase communication on needs, gaps and accomplishments.
Individuals do not know what services are available	Update County resource guides and websites that point to the right agency. The resources could be listed by "need" and provide contact and address and emails. Service agencies could adopt response policies for service linkage.(it was reported there are sometime 10 days that will go by without a response)
Lack of food in certain areas of the County	<p>-Prepare a list of the probable food desert areas and collaborate with service entities that can provide routine nutrition and food delivery service.</p> <p>-Create and or expand food storage spaces.</p> <p>-Work with local grocers to create secondary outlets in in designated food deserts.</p>

	-Provide food subsidies to individuals with chronic health issues particularly those at risk (drug/alcohol/chronic health conditions, and those under 60 where other organizations cannot provide services).
<b>Increase Family Income</b>	
Keeping up with the cost of living	-Increase earning capacity of the low and moderate income County residents. -Stabilize rent costs. -Create rainy-day funds for LMI households (most LMI families are at-risk for homelessness).
<b>Families &amp; Individuals in Transition</b>	
Families in transition are struggling	-Create County-driven transitional housing programs and services. <ul style="list-style-type: none"> <li>▪ Services and assistance is needed for women with young children</li> </ul>
Lack of transitional housing, permanent supportive housing and rapid rehousing units	Increase transitional housing Increase rapid rehousing units and services
Family displacement	-Create programs that serve residents that can no longer afford to remain in their homes. (This is due to rising housing bills (rents or property taxes), or when residents are forced out due to causes such as eminent domain, lease non-renewals, and or mandatory evictions to make way for new development.) -East San Jose area, in particular, is experiencing displacement. -County and its Cities should create displacement policies when new (re)development is occurring.
<b>Special Needs or Target Populations</b>	
Increased number of individuals with mental/behavior health issues	-Increase funding for more trained counseling and referral personnel. -Create life skills training in larger residential buildings where there is more demand. -Research the feasibility of provide more mental health recovery centers.
Housing elements do not improve conditions for special needs/ target populations	Realign Housing Elements, General Plans and Specific Plans to include to a larger degree the needs and goal for the underserved.
Increased numbers of victims of domestic violence	Services for victims of domestic violence.
Lack of services for new immigrants	Housing and services for newly immigrated families. Services that help families with credit establishment and rental history for housing placement.
Unemployed special needs populations	Workforce training and employment assistance
Language barriers	-Reduce communication barriers for housing and services. -Increase ESL classes
Lack of elderly (aging) services	-Funding assistance is needed for senior care and housing. Such programs require more oversight. -Provide traveling classes that engage seniors in technology. -Create nutrition programs and food delivery assistance to homebound seniors. -Create policies that new housing units be accessible. Promote handicap accessibility with all new units by providing elevators, at grade front entrances or first floor bedrooms, kitchens and bathrooms.
Increasing at-risk youth	-Provide separate emergency shelter space. Create safe spaces to foster and provide oversight. Particularly children of domestic violence. -Provide technology resources to youth that are homeless or whose families are LMI.

	-School district communication improvements for parents to provide homework and tutoring assistance.
Neighborhoods are not accessible	Increase visitable homes and places in neighborhoods. i.e. wheelchair ramps bathrooms, curbing, sidewalks, handrails.
<b>Emergency/Natural Disaster Effect Vulnerable Populations</b>	
Vulnerable populations are most impacted by power outages	-Create policies on being electric dependent. Ex. San Jose may switch to all electric water heating.
Residents and older buildings are never ready for disasters	-Promote flooding and emergency preparedness classes, making sure communication gaps are covered. -Create a rapid emergency grant program that fund or insurance from the government for vulnerable LMI residents (flooding, fire, etc.). -Create programs to rehab properties that experience frequent damage from disasters. -Create programs that fund LMI homeowners rebuilding projects.
Lack of emergency providers and low response times	-Create more County-driven emergency management employment opportunities and positions.
Low access to services during a disaster	-Emergency providers should discuss the LMI issues and service needs to better determine needs. -Services should include replacement of household basic needs i.e. food and water replacement. Mobile home park households are particularly at risk. -Provide interpreters when needed for services provided, particularly Vietnamese. -Identify where vulnerabilities in the community or neighborhood exist, so they can be assisted first.
Lack of emergency housing and solutions for displaced families	-Engage in post disaster planning particularly for family displacement housing and food and health needs. -Create places to park vehicles owned by displaced families.
Broadband quality if low in certain areas of the County	-Public – Private partnership are encouraged to bridge the digital divide. Work with cellular providers to improve services in LMI areas. -Continue to overcome the digital divide. Fund projects that increase digital inclusion and reduce cost to access. -Building new affordable housing units with reduced cost WiFi. -Provide technical support regarding WiFi safety for LMI families, particularly the elderly. -Fund computer hardware and software upgrades in schools.
<b>Employment and Workforce Development</b>	
Shelters lack full services for employment needs	Increase employment and workforce training for shelter councilors and staff
Getting to transit routes and affording rides is difficult	Improve ride-share programs. Particularly transit payment systems.
Lack of technology resources for LMI households	-Guide unemployed persons to places having direct access and public computer resources.
<b>Fair Housing</b>	
Landlords do not respond to poor housing conditions and tenants needs	Increase education for tenant rights.
LMI residents are not engaged	Create engagement activities and programs that to help craft specific solutions particularly with Vietnamese communities
Individuals with disabilities looking for housing have difficulty	-Increase local advocacy for planning for disabilities.
<b>Target Areas</b>	

Neighborhood revitalization	<p><b>3. ## Focus Group Meetings

There were two focus groups held on November 7<sup>th</sup> and 18<sup>th</sup>, 2019. There were a total of 7 attendees. Each of the attendees were from social service entities:

- Boys and Girls Clubs of Silicon Valley
- Healthier Kids Foundation
- Live Oak Adult Day Services
- San Jose Conservation Corps Charter

### Agency Priorities:

- Address the lack of housing stock and housing diversity and options
- increase alternatives for special needs particularly with disabilities
- Improve transit and incentives to take transit
- Improve health and safety, particularly mental health options for low income families
- Workforce development particularly for young adults,
- Address lack of housing through strong outreach programs – local and regional
- County driven affordable housing projects

### Target areas:

- Downtown Gilroy (1<sup>st</sup> to 10<sup>th</sup> Streets on Monterey Blvd), and east of RR tracks
- El Camino Real
- Morgan Hill
- Transit hubs all around the County

### Most common/pressing problems:

- Cost of housing. Morgan Hill Schools are closing due to low enrollment
- Lack of variety of housing types and lack of land
- Lack of financial support networks
- Lack of transitional housing i.e. tiny homes, accessory housing
- Lack of zoning regulations that are affordable housing friendly

- Lack of funding for social service particularly mental health and professional development (after high school)
- Gentrification has pushed affordable housing outside the cities
- Fair housing rules for discrimination seem to be unclear, particularly with individuals with criminal records, bankruptcy, or disabilities
- Lack of coordination between resource organizations

How can we overcome these problems:

- Create housing bond programs
- Restructure federal funds policies particularly with service or partner organization pulling funds together for a common project; too strict of spending caps with special needs populations
- Creating services that provide financial assistance when a catastrophic family event occurs i.e. layoff, illness
- Grant writing assistance at the local level.
- Create measurements that prioritize affordable housing

## Regional Community Needs Survey

Santa Clara County initiated a Community Needs Survey on October 25, 2019 to December 26, 2019. The survey received an estimated 1,718 responses. The City of Gilroy received the greatest survey response. The following summary provides a highlight of the regional survey. A detailed survey summary was prepared (See Appendix). # REGIONAL FORUMS

*Are you a resident, service provider, business owner or housing professional in Santa Clara County? Join the Discussion!*

Please join the County and Cities of Santa Clara for a series of Regional Forums to help identify affordable housing, homeless and community improvement needs over the next five years. We want to hear from you!

### Why is this important to you?

The County and Cities of Santa Clara receive federal funds to invest in improving local communities. How should these funds be spent? Your input will help City and County leaders prioritize spending for important services and community improvements.

### How can you participate?

1. Come to one of our interactive Regional Forums
2. Take our short online survey:

## Plan Consolidado 2020 - 2025

# FOROS REGIONALES

¿Es usted un residente, proveedor de servicios, dueño/a de negocio o profesional de vivienda en el Condado de Santa Clara? ¡Participe en la Discusión!

Por favor únase con el condado y las ciudades de Santa Clara para una serie de Foros Regionales donde se identificarán necesidades de mejoramiento para viviendas asequibles, lugares comunitarios y para personas sin hogar dentro de los próximos cinco años. ¡Queremos su opinión!

### ¿Por qué es importante para usted?

El condado y las ciudades de Santa Clara reciben fondos federales para invertir en el mejoramiento de las comunidades locales. ¿Cómo deben usarse esos fondos? Su opinión ayudará a los líderes del condado y de las ciudades a priorizar servicios importantes y mejoramientos comunitarios.

### ¿Como se puede participar?

1. Venga a uno de nuestros Foros Regionales interactivos
2. Tome nuestra encuesta:
