Dear Ms Hurley,
Please could you forward this to all the Parks Commissioners? Thank you for your help with reaching out to them.

Dear San Jose Parks and Recreation Commissioners,
We are working with a wonderful coalition of over 20 organizations to create a day long symposium on sustainable streets on March 12, 2020 at the Mountain View Community Center. We would love to have you join. A description of the program is in the message below.

Our main need is to get the word out to potential participants. We are aiming for a diverse audience of elected leaders, city/county staff, NGOs and others to build bridges across disciplines and to approach streets more holistically.

- Please let me know if you can join us and
- please pass the word on to others who would be interested!

Regards, Gita

Join us for "[Green Streets for Sustainable Communities](#)" **Symposium** honoring the work of the late Joseph "Joe" Kott on March 12, 2020, hosted by the City of Mountain View and over 20 partners. Public streets are a huge public asset that must be better managed in an imaginative and integrated way. We are gathering together many experts and stakeholders to explore how to better fund, design, build, manage and maintain streets to optimize performance on many dimensions.

Join elected leaders; city/county/agency staff; experts on stormwater, complete streets/transportation, environment, trees, and urban ecology; public and private utilities, and sustainability leaders for a day packed with information and inspiration. re: Support for Item 8.1 on Council Agenda for Feb. 25, 2020: "Acquisition of 1591 Senter Rd"

Dear Mayor and Councilmembers,

I am writing as an individual to express my support for Agenda Item 8.1: the City's purchase of a parcel formerly owned by the Union Pacific Railroad. As noted in the Staff Report, "From a real estate perspective, it is beneficial for the City to own the full property" in the area, rather than having this single property remain a privately-held "island" in the midst of the City-owned properties.

I am pleased that the Staff Report points out the plans for a recreational trail here. This is part of the future "Three Creeks Trail", which will connect to Kelley Park, Little Saigon, and the Five Wounds district eastward, and will connect to Tamien Station (via the Fwy-87 bikeway) and to Diridon Station (via the Los Gatos Creek Trail) when traveling westward.

I also note that this parcel is propitiously situated at the downstream edge of the large "Potential Drainage Area" identified in the City's "Green Storm-water Infrastructure" (GSI) plan. Perhaps as this parcel is developed, it can be configured to also serve as a GSI filtration site,

CONCEPT SITE DRAINAGE AREA

which would eliminate the need to take half of the nearby "disc-golf facility" as is currently planned.

I urge your approval. Thank you.

~Larry Ames, longtime park and trail advocate.
