**NOTICE OF PUBLIC HEARING:
PROPOSED RESIDENTIAL GARBAGE AND RECYCLING
SERVICE RATES**

The San José City Council will hold a public hearing on the proposed garbage and recycling rate changes on:

**Tuesday, June 15, 2021 at 1:30 p.m.
(or when it can be heard after that time)**

San José City Hall Council Chambers
200 East Santa Clara Street
San José, CA 95113

To help stop the spread of COVID-19 and keep our community safe, the City of San José is currently conducting Boards and Commission meetings and City Council meetings virtually. Members of the public are invited to participate utilizing the following URL: www.sanjoseca.gov/news-stories/watch-a-meeting.

Reason for Rate Changes

Revenues from the proposed rates pay for residential collection and processing of garbage, unlimited recycling and yard trimmings, motor oil and oil filter recycling, and the unlimited Junk Pickup Program. Rates for these services were last increased in July 2020. These changes are necessary to cover the increased cost of the contractors providing the services, including extra costs related to garbage and other non-recyclables in recycling containers. The residential garbage and recycling system is based on full cost recovery from ratepayers and is not subsidized by the City's General Fund.

Effective Date of Rate Changes

If the City Council approves rate changes at its June 15, 2021 meeting, the new rates and rate additions will take effect July 1, 2021 for both single-family and multi-family properties unless otherwise indicated above. If the Council does not approve the proposed rate changes, current rates will remain in effect. For assistance in determining the cost of the proposed rate adjustments to you, please call the City of San José Customer Contact Center at (408) 535-3500.
