Berryessa BART Urban Village (BBUV) Plan WORKSHOP #3: PLAN PRESENTATION

ABOUT THE BERRYESSA BART URBAN VILLAGE

The Berryessa BART Urban Village surrounds the future Berryessa/North San José BART station, which is projected to host 25,000 riders daily by 2030 and is the first BART station in the City of San José. Currently, this area consists of detached houses, townhouses, and small apartments; small retail plazas at the corner of Berryessa Road and Lundy Avenue; and the San José Flea Market south of the BART station. The Berryessa BART Urban Village is a regional transit urban village plan to be developed in San José. Regional transit urban villages are locations with access to major transit facilities of regional significance. Recognizing its emerging role as a gateway to the City, the design of new development within this urban village aims for high-quality environments for public circulation and gathering.
