|---|-----------|-------------------|----------------------|
| City-Wide Purchasing Support: Information     Technology Procurements | 1.00      | 116,327           | 116,327              |

#### Strategic Support CSA

Purchasing and Risk Management

This action adds 1.0 limit-dated Program Manager through June 30, 2015 to assist in the city-wide procurement of information technology systems. There continues to be a significant backlog of large, complex, and high-profile technology procurements in the Purchasing Division and new projects are expected to go through the Request for Proposal (RFP) process during 2014-2015. Existing purchasing staff does not have the capacity to support these initiatives. The typical timeline for a technical RFP process ranges from 6-12 months and the typical implementation can range from 6-18 months. This position will ensure the continuation of dedicated support necessary to address this backlog, which includes major projects such as the Traffic Incident Management Center Event Tracking System, Human Resources/Payroll System, and Operating/Capital Budget System. The ongoing workload will continue to be analyzed in 2014-2015 to determine if a budget proposal will be brought forward to continue support past June 2015. (Ongoing costs: \$0)

#### Performance Results:

Customer Satisfaction, Cycle Time This action continues resources that were included on a temporary basis in 2013-2014 to maintain the current performance levels for the City's technology procurement activities. This will continue to ensure timely and proper procurement of information technology systems.

# 2. Human Resources/Payroll System Annual Tax Updates

100,000

100,000

#### Strategic Support CSA

Disbursements

This action provides \$100,000 in one-time non-personal/equipment funding to purchase the necessary tax table updates for the City's Human Resources/Payroll System for the next two years. As a result of discontinuation of support for the current Human Resources/Payroll System software in December 2012, annual payroll tax updates are necessary to ensure the viability of the current system. The Administration issued a Phase II RFP to replace the Human Resources/Payroll System in April 2014; however, due to the estimated acquisition and implementation timeline, an additional two years of tax table updates are anticipated. (Ongoing costs: \$0)

#### Performance Results:

**Customer Satisfaction** This action will guarantee continued timely tax data updates for the City's current Human Resources/Payroll System, ensuring the data being recorded is accurate.

### **Budget Changes By Department**

| Proposed Budget Changes                    | Positions | All<br>Funds (\$) | General<br>Fund (\$) |
|--|-----------|-------------------|----------------------|
| 3. City-Wide Cost Allocation Plan Staffing | 1.00      | 85,641            | 85,641               |

#### Strategic Support CSA

Financial Reporting

This action adds 1.0 Accountant to assist with the cost allocation plan preparation as well as address the audit recommendations in the "Indirect Cost Allocation: Improved Procedures and Better Communication Needed" audit ("Cost Allocation Audit") prepared by the City Auditor and approved by the City Council on December 10, 2013. The addition of this position will eliminate the reliance on a single position for Cost Allocation Plan preparation, create capacity to address the audit recommendations, and add the ability to document and implement more robust processes and procedures. Additionally, this resource will assist in the timely production of all four cost allocation plans to the stakeholders such as the City Manager's Budget Office and city-wide departments. (Ongoing costs: \$86,589)

#### Performance Results:

**Quality** This action will improve the transparency of the City's cost allocation plans as well as create capacity to address the City Auditor's audit recommendations noted in the "Indirect Cost Allocation: Improved Procedures and Better Communication Needed" audit.

#### 4. Development Services Cashiering Staffing

1.00

71,547

71,547

#### Strategic Support CSA

Treasury Management

This action adds 1.0 Senior Account Clerk to administer cashiering for the Development Services Partners. Since 2011, there has been a steady increase in the number of transactions for Development Services cashiering activities. The 2013-2014 Adopted Operating Budget included additional positions to meet the increase in Development Fee Program activity, which has further increased the cashiering activity level. This addition will provide the necessary resources to address the increase in cashiering workload. The costs associated with the Senior Account Clerk Position will be fee funded by the Building (64%), Fire (24%), Public Works (8%), and Planning (4%) Development Fee Programs. (Ongoing costs: \$72,552)

#### Performance Results:

Customer Satisfaction, Cycle Time This action will improve service to the customers of the Development Fee Programs by ensuring timely and accurate cashiering services.

### **Budget Changes By Department**

| Proposed Budget Changes   | Positions | All<br>Funds (\$) | General<br>Fund (\$) |
|---|-----------|-------------------|----------------------|
| 5. Small Business Loan Program Collections Funding Reallocation | 0.00      | 0                 | (27,131)             |

Strategic Support CSA

Revenue Management

This action transfers duties and funding for 30% of an Investigator Collector I/II from the General Fund to the Low and Moderate Income Housing Asset Fund in order to administer the collections associated with the Small Business Loan Program, which was previously administered by the Housing Department. This position will oversee the loan collections of the outstanding accounts of the Small Business Loan Program, which is no longer administering new loans. The Finance Department will work closely with the Housing Department to monitor the workload associated with the administration of the loan collection and will revisit the funding and staffing allocations as necessary to ensure there is no impact to the collection of General Fund revenues. (Ongoing costs: \$0)

#### Performance Results:

**Quality** This action will more appropriately align collection activities with the commensurate classification and will increase the efficiency of loan collection activities associated with the Small Business Loan Program.
