To: GeneralPlanStaff <GeneralPlanStaff@sanjoseca.gov>

[External Email]

To the Envision San Jose General Plan Task Force:

I live in the area you call the Evergreen East Hills Development Policy area. We call it the East Side. I am writing to urge you to adopt the staff recommendation and transition to the Vehicle Miles Traveled standard.

Making this transition will respect the wishes of the East Side community. We want to be able to begin planning to bring new jobs, affordable housing, and parks to our neighborhood in the next 20 years.

Please listen to the community and adopt the VMT standard.

Thank you,  
Emma McEvoy
