To the San Jose 2040 Task Force:

I urge you to support the staff recommendation to transition from the Level of Service standard to the Vehicle Miles Traveled standard in the Evergreen East Hills area.

I live on the Eastside and our voices have been ignored for too long. We want to begin planning for the future of the Reid-Hillview land and the VMT standard is a key part of that.

Please adopt the VMT standard for Evergreen East.

Sincerely,
Thank you.

Sincerely,

Loc Vu
Executive Director
