To the San Jose 2040 Task Force:

On behalf of the Asian Law Alliance, I strongly support the staff recommendation to transition from the Level of Service standard to the Vehicle Miles Traveled standard in the Evergreen East Hills Development Policy area.

The Evergreen East Hill area has been neglected by city government for years. The area has not shared in the prosperity that has come to so many other parts of San Jose and Silicon Valley. Now we can change that over the next 20 years and bring thousands of new jobs and homes to our area. Transitioning to the VMT standard is one of the keys to making that happen.

Please follow the staff recommendation and approve the transition.

Sincerely,

Richard Konda
